In the Spotlight of Spring "Beltsacs"

The men and young men who will be in the front ranks of good-dressers this Spring, will wear "Beltsacs."

"Beltsacs" is the name by which you distinguish the distinctive belted suits made by

THE HOUSE OF KUPPENHEIMER

Some Beltsacs have the belt going all the way 'round, others gracefully shape in the waist three-quarters around, while others attain smartness by simply pleating the back.

For pockets you can take your pick from the new, smart military patch-pockets, pleated pockets, vertical or slanting flap pockets.

Be one of the first to get one of the new Beltsacs, nothing like 'em has ever been seen in this locality
