## WELCOME NEWS For Yellowstone Park Tourists

Commencing this summer all tourist transportation within Yellowstone Park will be by automobile. The White 10 passenger cars that were so serviceable during 1916 over the Cody Scenic Road will be used throughout the park. Park tickets will cover a complete 5-day tour—in and out the same gate way, or in one gateway and out the other, whether via Cody, Gardner or Yellowstone. All Park tourists, whether patrons of the hotels or the permanent camps, will be carried in automobiles. Touring the Yellowstone Wonderland by automobile will, indeed, be a combination of efficiency and luxury. Nothing in the travel world could be more scenic and satisfying than touring Yellowstone by automobile in connection with the Cody scenic route.

This early news is given to the public that has long waited for it. Illustrated publications will later be furnished on request by the undersigned.

## Kansas City Market

**Kansas City Stock Yards, March 5, 1917.** Cattle finished last week firm with a net gain of 10 to 20 cents and the 12000 head that arrived today sold strong to 10 higher, top \$11.25. Hogs made new highs today, 25 to 40 cents higher than Friday, most sold on lights, top \$14.05, receipts 9000. Sheep and lambs sold 15 to 25 higher, heavy lambs 40 higher, top \$14.00, receipts 6500.

**BEEF CATTLE.** No strictly prime cattle were included, but the right kind would bring \$12, which price was offered by a packer for two loads of prime Nebraskas, whose owner is about ready to ship. Middle class to good steers bring \$10 to \$11.25, light weight steers \$9 to \$10. About 75 cars of pulp fed steers arrived and sold quickly at stronger prices, most of them at \$10.50 to \$10.75, some at \$10.90 to \$11.25, a few down to \$10.20, pulp fed bulls \$8.25, pulp fed cows \$8.75. Butcher cattle continue firm, choice heavy cows last week up to \$10, bulk of cows \$6.50 to \$8.75, heifers \$8 to \$10.75, veal calves off 50 cents today, best around \$11.75.

**STOCKERS AND FEEDERS.** Receipts of this class have been short of the demand, and the market is strong and active, some sales today 10 to 15 higher, fleshy feeder \$10 to \$10.50, thin feeders \$8.50 to \$9.75, stock steers \$7.50 to \$9, stock cows and heifers \$6 to \$8. A good many cattle in this division get bids from packers, which has a stimulating effect on prospective feeders, showing that they can turn the cattle at any time.

**HOGS.** Early bids 15 higher were promptly refused, and the market soon assumed a plane of 25 higher, some of the light hogs going 40 higher before the finish, bulk of sales narrowest of the winter, at \$13.80 to \$14, top \$14.05, that price paid late for a drove of 240 lb. hogs, quite a string bringing \$14. Shrinking visible supply, and belief in a short invisible supply, with no following off in the demand, leaves the situation wholly in the hands of sellers. A good many choice hogs are coming from northern Kansas and from Nebraska, but offerings from most other sections run lighter in weight. Pigs sold at \$10.50 to \$12.50 today.

**SHEEP AND LAMBS.** After a listless trade last week, with prices barely steady, the market took on new life today and sales were 15 to 25 higher on medium and light lambs, and 40 higher on heavy lambs, some weighing 86 pounds bringing \$14.35. Top of \$14.60 was paid for a four car drove of Arkansas Valley lambs weighing 73 pounds. No choice ewes were here, top paid \$11.50, prime ones worth \$12. Feeding lambs sell at \$13.50 to \$14. Receipts were 6500 today, and have been running light for ten days.
