On Friday evening of last week the home talent theatrical stars presented "The Third Degree" to a large crowd at the local theater. Each and every one taking part in this drama surpassed all previous records and deeply impressed the audience with the manner in which they played the parts assigned to them. In fact the people were so well pleased with the play that the manager of the troupe has been requested to again put on this play this evening. Mercer's orchestra rendered the music for the occasion, which was well received by the audience.

Young Men Fall From Grace

One of our young men has been asked to appear in police court today to answer to a charge of "roughing-up" one or more of Superior's young men, last evening. We understand one of the latter is wearing four stitches over his eye as a result of the fracas. Dame rumor has it that strong drink and some of the fair sex caused the battle.
 Another citizen will probably have a fine to pay, having taken on an overload of liquor while up at the oasis yesterday, and refusing to take the fatherly advice of Marshal Boner, continued to make himself obnoxious.

Household Goods Destroyed

A house owned by John Sutton, situated just outside of the city limits, northwest, and occupied by Roy Lamb was entirely destroyed by fire, on last Friday. The fire is presumed to have been caused by a defective flue, as it occurred at about the noon hour, and was noticed upon the arrival of Mr. Lamb. The roof was then burning and the flames fanned by the high wind which prevailed on that day, it was a matter of but a short time until the structure was entirely consumed by the flames. A small amount of household goods and personal effects were removed from the dwelling.

The local firemen responded to the alarm, but as the house was not within range of the water mains, they could do nothing except keep the flames from spreading to the outbuildings.

Will Advertise Red Cloud

Mr. Wm. H. Maupin, publisher of the Midwest Magazine was present at a meeting of the Chamber of Commerce on Tuesday evening and to this distinguished body read the History of Red Cloud which he has prepared and will publish in the above mentioned magazine, the object of which is to place before the people facts concerning the advancement of the city and the opportunities that here await the manufacturer, merchant and speculator. This magazine is one which has for subscribers a class of people that are looking for opportunities such as Red Cloud presents. Mr. Maupin also delivered a very timely address, and it is to be hoped that benefits will be derived from the same, as Mr. Maupin is one of the best posted men on the state and national conditions.

Petition to Retain LeRoy

A petition is making the rounds, for the purpose of securing the names of those who favor the retaining of Prof. LeRoy, our present band master whose contract will expire in a short time. We are informed that this petition bears the signatures of all but two of the band boys, who say they will "stick with Prof. if it takes all summer," also threatening to lay down their instruments and quit if a new band master is selected. We are with the boys, as is the majority of our citizens who can appreciate what the Professor has done during the very short time he has been with us. Mr. LeRoy has thoroughly demonstrated his ability as a musician, organizer and leader of a band and has labored incessantly for the success of the band.
