

# Rocky Mountain Tours

The season of 1916 brought to the Rocky Mountains the greatest patronage yet recorded. Estes Park, Colo., and a number of ranches in the Big Horn Mountains were forced to turn tourists away. Many mountain localities and ranch resorts are now increasing their capacity preparing for the coming Summer's volume.

Every prospect now indicates a greater tourist volume in the mountains this coming Summer than ever before. Tourists will view Yellowstone Park by automobile; the magnificent Rockies with 3 National Parks—Rocky Mountain, Estes, Yellowstone and Glacier including Easterners from their limited environment who want to tour the big, wide West and to understand it. In due time, descriptive publications of Summer tours will be available. If you expect to join the mountain Summer throng, especially if you desire accommodations at some particular place, it would be well to make early plans.

Let me know the region in which you are interested, that I may list your name for information and publication.

L. W. Wakeley, General Passenger Agent  
1904 Farnam Street, Omaha, Nebr.

The Declamatory Contest was well attended at the High School Friday night and enjoyed by all. Silvia Strickland won first and Leo Ruby second.  
A trial order will convince that our printing is the kind you want—the best.

### Kansas City Market

Kansas City Stock Yards, March 26, 1917.—Cattle made net gains last week, in spite of declines at Chicago, and the supply of 14999 head today sold mostly steady, a few sales 10 lower, top steers \$14. Hogs today 12,000, market steady to strong, top \$1.09. Sheep today 1200, market steady, lambs \$14.50. Cattle, hogs and sheep all priced lower at the start today but market on each class improved in good tempo.  
**BEEF CATTLE**  
Steers at 912 were the best here, but a new high top is due, probably around \$12.00, pending more. Bulk of the steers sold at \$11.75, including some 40 day cattle from Kansas, 1162 lbs, at \$11.00. Plain light killing steers sold at \$8.50 to \$9.75. There was a good run of pulp steers, mostly at \$11 to \$11.05, one sale at \$11.85, a few high records for this class. Twelve loads of Montana hay fed steers sold at \$14.75 and \$11. Montana bulls \$9. Fatheaded steers and heifers, 628 lbs, sold at \$11 and New Mexico steers, 881 lbs, at \$11. Quarantine arrivals, included Oklahoma steers and heifers, blocks, 578 lbs, at \$11, reds, 664 lbs, at \$10.75, and five cars of Louisiana cattle, 555 lbs, at \$8.50. Butcher cattle sold firm, cows up to \$10.25, bulls, \$10, veals \$12.50.  
**STOCKERS AND FEEDERS**  
The market was quiet after the middle of last week and barely steady today, stock steers at \$7.75 to \$9.75, feeders \$9 to \$10.25, fleshy steers up to \$10.80, stock cows and heifers \$6.50 to \$8.75. Predictions favor higher prices on country kinds.  
**HOGS**  
Opening prices were 5 lower, because of heavy supplies around the market circle, but demand was strong and the close was steady, some of the best hogs selling strong to 5 higher, top \$15.05, bulk \$14.50 to \$14.95. Light hogs sold up to \$10.75, and pigs mostly at \$11 to \$13, some common southern pigs at 9 and \$10. The run last week was one third less than normal at nearly all points, because of hampered railroad service, and the bottled up demand came out today with increased capacity, hence the strong close. Railroads are unable to furnish as many cars as are ordered, especially in Nebraska, hence hog supplies are apt to run erratic, and are hard to estimate ahead.  
**SHEEP AND LAMBS.**  
Like cattle and hogs, lambs and sheep opened with a lower tendency, but finished strong, most of the good lambs finally selling at \$14.85, and \$14.95, some \$2.40. Lambs at \$14.75, heavier lambs worth around \$14.50, clipped lambs \$11.50 to \$12.25. Easter lambs are due, and a few choice spring lambs will sell around 20 cts. a pound. Feeding lambs are quiet, and sell at \$13.25 to \$14, some shearing lambs going up to \$14.40. Weathers are worth up to \$12.50, yearlings \$13.50, ewes \$12.25, for best.  
J. A. RICKART, Market Cor.

Boys Study Potato Growing  
Proper selection of seed potatoes, treatment to prevent disease, preparation of the soil, kind and amount of cultivation, grading for the market, and marketing, these are a few of the things boys who enroll in the potato-growing project of the Nebraska Boys' and Girls' Club may learn about potatoes. Announcement has just been made that boys who wish to enroll for this work in 1917 may do so now.  
Accurate records which will show profit or loss at the close of the season are kept by members of the club. Every boy who completes the project is awarded a Certificate of Achievement which may be accepted in lieu of school work. For further information address the Extension Service, University Farm, Lincoln.

Things That Must Be Preserved.  
Never esteem anything as of advantage to thee that shall make thee break thy word or lose thy self-respect.—Marcus Aurelius.

**When the Firemen Appear**  
The insured man's first thought is one of thankfulness that he is so. How about your thoughts if a fireman should appear at your home?  
**The Day Before the Fire**  
is the day to insure. As that day may be to-morrow for all you can know or do, it follows that prudence would impel you to stop in our office to-day and have us issue you a policy.
