

# BOSCHEE'S GERMAN SYRUP

A Valued Household Remedy for Over Half a Century.

In our climate, with its sudden changes of temperature, rain, wind and sunshine often intermingled in a single day, it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, many deaths resulting from this cause. A bottle of Boschee's German Syrup kept in the house, and a few doses taken in time, will possibly prevent a severe illness, a doctor's bill, and perhaps death. For fifty years this has been a very successful remedy for coughs, colds, throat or lung troubles. It induces a good night's sleep with easy expectation in the morning. For sale by druggists in all parts of the civilized world, 25 and 75 cent bottles.—Adv.

### Its Sort.

"Harry is very ardent in his professions of devotion, but I am afraid to trust a lover's devotion."  
"That's right. Most of it is only lip service."

## PAIN? NOT A BIT! LIFT YOUR CORNS OR CALLUSES OFF

No humbug! Apply few drops then just lift them away with fingers.

This new drug is an ether compound discovered by a Cincinnati chemist. It is called freezone, and can now be obtained in tiny bottles as here shown at very little cost from any drug store. Just ask for freezone. Apply a drop or two directly upon a tender corn or callus and instantly the soreness disappears. Shortly you will find the corn or callus so loose that you can lift it off, root and all, with the fingers.

Not a twinge of pain, soreness or irritation; not even the slightest smarting, either when applying freezone or afterwards. This drug doesn't eat up the corn or callus, but shrivels them so they loosen and come right out. It is no humbug! It works like a charm. For a few cents you can get rid of every hard corn, soft corn or corn between the toes, as well as painful calluses on bottom of your feet. It never disappoints and never burns, bites or inflames. If your druggist hasn't any freezone yet, tell him to get a little bottle for you from his wholesale house.—adv.

### Easily Done.

"It is all very well to talk about these plodding fellows, but I want some way of rising in the world quick."  
"That's easy, son. Just smoke over the gasoline tank."

## PROVEN SWAMP-ROOT AID'S WEAK KIDNEYS

The symptoms of kidney and bladder troubles are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles.

Dr. Kilmer's Swamp-Root which soon heals and strengthens the kidneys is a splendid kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper. Adv.

## MORE THAN 100 GUNS TAKEN

Further Progress Made by General Nivelle's Troops North of the Aisne, in Champagne and the Argonne Forest, Paris Reports.

Paris, April 23.—Hard fighting continues between the French and the Germans all along the southern front in France. The French war office, in its latest communication, records further progress for the forces of General Nivelle north of the Aisne, in Champagne and in the Argonne forest.

More than 19,000 Germans have been made prisoner and guns in excess of 100 have been captured by the French since the offensive began last Monday.

"To the north of the Aisne our troops, harassing the enemy, have continued to progress toward the Chemin des Dames. We have occupied the village of Sancy," says the report.

"About six o'clock this evening, after violent preparation by their artillery, the Germans launched an attack with large effectives in the region of Alilles and Hurtebise, which was broken by the fire of our artillery and machine guns and completely dispersed. The artillery fighting in this region continues very effective.

"In the Champagne we have captured several important points of support in the grove of Monronvilliers, notwithstanding the stubborn resistance of the enemy."

Fighting in the Argonne is the new feature of the report.

"In the Argonne," says the official statement, "after sharp fighting our detachments penetrated up to the second enemy trenches. They found a great number of German dead."

The afternoon report told of violent fighting during the night, in the course of which the French made further gains in the region of Laffaux and the Vauclerc plateau. Several lines of trenches east of Loivre were captured. Heavy counter-attacks by the Germans in the Champagne were repulsed.

### U-BOAT ATTACKS AMERICAN DESTROYER SMITH.

U. S. Vessel Escapes Damage When Torpedo Misses Target Thirty Yards—Blockade Seen.

Washington, April 19.—American patrol ships are sweeping the North Atlantic coast of the United States in an effort to locate and destroy the German submarine which fired a torpedo at the United States destroyer Smith.

The presence of enemy submarines in American waters indicates that the threatened German submarine blockade of American Atlantic ports has begun.

### This announcement was made on Tuesday at the navy department:

"Reported from Fire Island lightship to the naval stations at Boston and New York at 3:30 a. m., on the 17th, an enemy submarine was sighted by the U. S. S. Smith, running apparently submerged. Submarine fired a torpedo at the U. S. S. Smith, which missed her by 30 yards. The wake of the torpedo was plainly seen crossing the bow. Submarine disappeared."

The navy department announced that the report of the Smith's encounter had been substantiated by official investigation. No further details are available here.

Once Rejected Fieldpiece Becomes Important Factor in Entente Armaments.

Washington, April 20.—Emergency orders for 6,000 Lewis machine guns for the army and navy have been placed by the government, although the American-made weapon, which has been the subject of such bitter controversy, has not been adopted as the standard light machine gun for the army.

Tests of the Lewis and other light weapons will take place May 1, it was said at the department, as a result of which a final decision would be reached. The Lewis gun, once rejected by the American government, has become one of the great factors of the entente armaments on the western front.

### MUNITION PLANTS ARE AFFECTED, TAGEBLATT SAYS.

Soldiers and Police Guard Imperial Castle Beset by Great Crowd—Some Windows Smashed.

Copenhagen, April 20.—The number of strikers in Berlin is placed in even the semi-official report at 125,000, and is distributed, according to the Tageblatt, through machine works, some electrical establishments, and part of the munition plants. The Tageblatt's statement is interesting in view of a dispatch from the official press bureau denying that munition factories are affected. The Tageblatt says, however, that the great munition industry at Spandau has not been involved.

Reports in all the Berlin newspapers which have arrived agree in saying that most of the demonstrators were orderly, although roughs resorted to occasional window breaking in Unter den Linden, Friedrich and Leipzig streets and other central thoroughfares.

Soldiers as well as police were used in cordons thrown about Unter den Linden and the imperial castle. Great crowds gathered in the neighborhood of the castle during the day and the temper of the crowd, especially the women, is described as extremely bitter.

The strikers denounced the farmers, the wholesalers and the government in equal measure for responsibility for the food situation. Even socialist leaders that opposed the strike made it evident to the authorities that a further curtailment of rations from any cause could not be borne.

## Getting Old Too Fast?

Late in life the body shows signs of wear and often the kidneys weaken first. The back is lame, bent and achy, and the kidney action distressing. This makes people feel older than they are. Don't wait for drops, gravel, hardening of the arteries or Bright's disease. Use a mild kidney stimulant. Try Doan's Kidney Pills. Thousands of elderly folks recommend them.

## A Nebraska Case

# Too Many Operations

## The Right Medicine in Many Cases Does Better than the Surgeon's Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

### Doctor Said Operation or Death—But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

### Another Operation Avoided.

Richmond, Ind.—"For two years I was so sick and weak from female troubles that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, do all kinds of garden work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound."—Mrs. M. O. JOHNSON, Route D, Box 190, Richmond, Ind.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this, but the above letters, and many others like them, amply prove that many operations are recommended when medicine in many cases is all that is needed.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### Invited Them All.

A little boy asked his mother to let him have a birthday party. She answered, "Yes, if you are a good boy until then." So when the time came she sent out twenty invitations to his little schoolmates. When the little guests arrived, the mother thought she would count them so as to arrange for refreshments, and in the meantime they kept coming one after another.

She said: "Why, Bobbie, what have you done?"  
"Oh, I just invited every little kid I met, so I would get lots of presents."

### Figurative.

Kidd—I have just purchased absolutely the last word in automobiles. Kidder—That so? What are some of its specifications?  
Kidd—Twelve-cylinder motor; seven-passenger accommodation, and one man top.

Real success consists in achieving satisfaction.

is open to you—to every farmer or farmer's son who is anxious to establish for himself a happy home and prosperity. Canada's hearty invitation this year is more attractive than ever. Wheat is much higher but her fertile farm land just as cheap, and in the provinces of Manitoba, Saskatchewan and Alberta

160 Acre Homesteads are actually free to settlers and other land sold at from \$15 to \$20 per acre. The great demand for Canadian Wheat will keep up the price. Where a farmer can get near \$2 for wheat and raise 20 to 45 bushels to the acre he is bound to make money—that's what you can expect in Western Canada. Wonderful yields also of Oats, Barley and Flax. Mixed Farming in Western Canada is fully as profitable an industry as grain raising.

The excellent grasses, full of nutrition, are the only food required either for beef or dairy purposes. Good schools, churches, markets, convenient climate excellent. There is an unusual demand for farm labor to replace the many young men who have volunteered for the war.
