Wanted Pasture

Kansas City Market

Kansas City Stock Yards, May 21.—Cattle receipts were 12000, market strong and active, following a rise of 25 to 35 cents last week, top steers, \$13.10. Hog supply was 9000, market steady to 5 lower, top \$16.40, numerous loads \$16.35. Sheep and lamb receipts were 4000, market steady, fed lambs \$20.10, spring lambs \$18, clipped lambs \$17.

BEEF CATTLE

Three loads of pulp fed steers sold at \$13.10, making a new high record, other pulp steers at \$12.00 to \$12.90. No prime native were here, but they are worth up to \$13.25 or better. Good to choice natives sold up to \$12.90, medium and plain short fed cattle downwards to \$10. Fourteen loads of California steers, sold at \$10.50 to \$11.75, weighing 880 to 1070 lb. In the quarantine division half fed steers sold at \$9.50 to \$11.25, and three loads of Oklahoma calves bro't \$9.25 to \$13.50. Choice heavy cows sell up to \$11.25, heifers \$12.25, bulls, \$10.50, veal calves \$14.00. The supply was drawn from a wide territory, including Texas, California, Wyoming, Colorado and all the nearby states, indicating scarcity.

STOCKERS and FEEDERS

The market has been rather dull for a week, with sales at the finish last week 25 cents under the best time. Prices today were barely steady, but there was a feature sale today of 300 head of Panhandle White Face heifer stock calves, 332 lbs. average, at \$12. Stock steers sell at \$8 to \$10, not many feeders going out, as killers are paying more than country buyers for them.

HOGS

The early market was steady to order buyers and traders, but packers held out for lower prices. They got a few hogs that way, but most of the hogs sold around steady, two loads at the top, \$16.40, half a dozen or more loads at \$16.35, including some medium weights, top on lights \$16.10, bulk of sales \$15.80 to \$16.35. Corn planting has held receipts down for a week, but a general rain Sunday and Monday may release a fair run for later this week, in which event the killers are primed for an attempt to break prices a little. However, the market is regarded as pretty safe, though a run of heavy sows is about due, and there will be some slashing of prices on these.

SHEEP and LAMBS

Each class of lambs was represented today by a few head, but the total was small, and far below requirements. Best fed lambs sold at \$20.10, equal to the top paid last week, Arizona spring lambs \$17.50, South Texas spring lambs \$18, clipped fed lambs \$17, the whole market right at the best point yet reached. No Texas goats were here, but some common Oklahoma brushers sold at \$9.75, good brushers worth \$11, fat goats last week at \$11. J. A. RICKART, Market Correspondent.

Canning Schools Planned

Nebraska women and girls, as well as their husbands and brothers, will have an opportunity to 'do their bit' this summer by 'enlisting' to teach canning. Preservation of food for winter use is of paramount importance because of the impending shortage of food, and the work of teaching canning is regarded as a patriotic service quite equal to military service.

A series of training schools will be conducted by the Extension Service of the College of Agriculture in 37 towns and cities to train persons to act as demonstrators of the best methods of canning and drying vegetables and fruits. Only persons who pledge themselves to teach others will be admitted to the school. For further information, address Extension Service, University Farm, Lincoln.

First Patriotic Meeting Held Here Saturday

The patriotic meeting held in this city on last Saturday afternoon was well attended. The dust, driven before a high wind made it rather disagreeable for both speakers and audience, however they were not to be daunted and the program was carried out in full.

The Red Cloud Band rendered several patriotic selections which was followed by the opening address of Mayor Dauerell, who in a few well chosen words urged the people to keep up their courage and to continue to keep the wheels of industry turning as heretofore.

This was followed by an address by Father Fitzgerald, stating that in the past Red Cloud has not shown much interest in the nation's affairs and urged the people to stand by their president in this time of need.

Attorney Blackledge brought to the attention of the people, the flag, what it represents and the duty that each and every citizen owes to it.

Professor Whitehead's address dealt with the matter of food production of its importance and the attention it required from every citizen. He told of how one hundred or more of the pupils of the schools here are turning their attention to gardening under the direction of the teacher of agriculture.

Attorney Gilham brought to the attention of the audience the actions of Ex-governor Aldrich, who has decided to give thirty or more addresses in which he will oppose conscription. He also suggested that no dealings be had with any Lyceum or Chautauqua organization that permits any of its orators to oppose the actions of our President. He also informed the citizens of how Senator Norris was misrepresenting the republican party in this state.

A male quartette composed of Messrs Walker, Cotting, Bush and Thomas rendered appropriate songs. A class of young girls also contributed their voices to the occasion.

At the close of the meeting a County Defense Council was organized, with Father Fitzgerald as chairman, Louis Peisger of Blue Hill, vice chairman, Hugh Hunter of Guide Rock, treasurer and W. D. Elson, secretary. Father Fitzgerald was authorized to appoint various committees.

In all, the meeting was a success and now that the spirit of patriotism is kindled let us see that we do our share towards keeping foremost in our mind the duties we owe our country.

READY FOR THE FRAY

First Nebraska Artillery Will Lead the Parade.

Back in 1863, while Nebraska's two regiments were doing valiant service for the Union the folks at home became alarmed by the beligerency of hostile Indians. It was at Brownsville that the raid was expected and settlers gathered from everywhere to repel the invasion.

An old howitzer, the property of the United States government was dispatched to Brownsville. Whether it was the fear of the cannon or not, the Indian raid did not take place but the old cannon is still at Brownsville, but is soon to be removed to be used in the Semi-Centennial Celebration parade.

The story comes from Colonel Tom Majors of Peru who is the chairman of the Civil War Veterans Committee. It is interesting to know that Colonel is one of Nebraska's oldest settlers and served in the Civil War as a member of the First Nebraska.

This old cannon is still the property of Uncle Sam and in checking up his stock of artillery some time ago he discovered that he owned a piece of artillery that had never been returned from Brownsville. About the only use the old howitzer can have in these days of five-point-nines is for parade purposes or a dummy. It might be used to test the bravery of recruits—it would surely take a brave man to fire it.

"NEBRASKA"

Nebraska, O Nebraska,
These we obey!
Jewelled with the Night, Nebraska,
Diademed with Day!
Nebraska, O Nebraska,
Land with promise blest,
Brightest of the stars emblazoned,
Queen of the West!

Here the splendors of the prairies
Greet the plendors of the skies,
And the green of Earth immingles
With the blue of Paradise!
Here the dance of dew cornfields
Flashes welcome to the sun,
And the singing winds make music
When the toil of day is done!

Nebraska, O Nebraska,
Mother of States!
Golden hops shall greet, Nebraska,
All who seek thy gates!
Nebraska, O Nebraska,
Home shall be thy sod
While thy prairies yield in fruitage
Bounty of God!

The Nebraska song which has made a statewide hit from the pageant of "Nebraska" which will be presented daily at the Semi-Centennial Celebration which takes place at Lincoln June 12, 13, 14.
