Western Newspaper Union News Service. Washington.—The first of the administration food bills, already passed by the house, passed the senate without a record vote.

ASSURANCE OF GOOD PRICES

Spring Wheat Growers Told by President They Need Not Fear.

Washington.—Spring wheat growers of the northwest were assured by President Wilson in a personal interview that the government intends to protect farmers in marketing their crops and that prices will be guaranteed high enough to stimulate production.

It is not the present intention to fix minimum prices, the president said, as the government believes production prices will remain high without putting this measure into effect.

The callers told the president that farmers are anxious that grain market reforms may come from the experience gained by the food administration.

SUPPLY COMMISSION FOR ALL

Government Suppresses Agitators Against Conscription—Military Situation in Russia Improved—Italians Steadily Pushing Toward Trieste—Plans for Organizing Farm Labor in U. S.

By EDWARD W. PICKARD.

The United States anticipates from three to five more years of war, and is preparing for it on a tremendous scale, basing its plans on the idea that defeat of the central powers will depend largely on America.

Instead of panicky haste, careful consideration is governing the movements of the government. To co-ordinate the needs of the allies and furnish the enormous quantities of munitions and other supplies they must have is perhaps the most pressing problem.

Preparing for Registration.

Preparations for the registration on June 5 of all men between the ages of twenty-one and thirty for service in the National Army went forward rapidly throughout the country.

Chicago, New York and other cities

were the scene of meetings of Socialists, pacifists, conscientious objectors and other intentional or unintentional aids of the Kaiser. These gatherings voiced the demand that the United States government at once announce its war aims in definite and concrete terms and make peace as soon as those aims are achieved.

his conscience out and look at it, for it is certainly sick.

As registration day approached the number of cowards fleeing the country to avoid the draft increased. A great many crossed the borders into Mexico and Canada, and considerable numbers went to Cuba.

President Wilson, loath to abandon entirely the volunteer system, on Tuesday issued an urgent call for 100,000 more volunteers to bring the regular army up to full strength.

What is Doing in Russia.

Developments of the week in Russia were both encouraging and discouraging. Admittedly, the fate of that new republic is in the hands of Kerensky and he has taken a firm stand in the matter of restoring discipline in the army.

The most discouraging news from Russia was contained in a statement by Minister of Finance Shingoroff that the industrial crisis is so acute that only a miracle can save the country from economic ruin.

A hopeful note was sounded on Tuesday by Prof. Boris Bakmeteff, the new Russian ambassador to the United States. Reaching Tokyo on his way to this country, he said: "I am immensely satisfied with conditions in Russia, including Siberia."

President Sends Note to Russia.

President Wilson last week dispatched a note to Russia's provisional government designed to pave the way for the Root commission and to give Russia an idea of the war aims of the United States.

The Socialist party of France

last week decided to send delegates to the Stockholm conference, but the rejoicing of the Teutons over this is not justified, for it appears the Frenchmen concluded it would not be safe to leave the Russian Socialists alone with the German delegates.

Trieste, though the forward movement slackened considerably and much of the time was given to consolidating the positions already won.

The Austrians did not hope to hold possession of it much longer. The evident plan of the Italians was to move on Trieste along the coast of the Adriatic, avoiding the mountainous country farther north and obtaining the aid of British warships.

In France there was violent artillery firing through the week, and the combats in the air were numerous and spectacular.

The number marked decrease in the number of British ships sunk by submarines is noted in the weekly admiralty report.

To Organize Farm Labor.

The department of agriculture announced the government's detailed plan for the organization of farm labor. The work already has been started in 40 states.

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

His Threat.

A month or two after the war started a collier entered a large hotel on Tyneside and ordered refreshments, saying: "Big prices now; As might as well be a big man."

On discovering that the waiter was a German, the irate pitman, choking with anger, leaped to his feet, ran the affrighted Teuton to the door, and assisted him into the roadway with his foot, and then, wheeling round upon the trembling, expostulating proprietor, he spluttered:

"Man, if I ever ye dare to set a thunderin' Jarman to wait on me agyen, An'll twist ye an' him round yer sanna necks, an' ram th' pair o' yer haafway doon yer nanna throats until thar's nowt to be seen o' ye but th' ends o' yer dirty shirt-collars stickin' oot o' yer bloomin' red eyes. Noo ye knaa whaat to expect if ye de!"—London Tit-Bits.
