**Proclamation of Red Cross Week**

INASMUCH as our thoughts as a nation are now turned in united purpose towards the performance to the utmost of the services and duties which we have assumed in the cause of justice and liberty.

INASMUCH as but a small proportion of our people can have the opportunity to serve upon the actual field of battle, but all men, women and children alike may serve and serve effectively by making it possible to care properly for those who do serve under arms at home and abroad.

AND INASMUCH as the American Red Cross is the official recognized agency for voluntary effort in behalf of the armed forces of the nation and for the administration of relief.

Now, therefore, by virtue of my authority as President of the United States and President of the American Red Cross, I, Woodrow Wilson, do hereby proclaim the week ending June 25, 1917, as Red Cross Week during which the people of the United States will be called upon to give generously and in a spirit of patriotic sacrifice for the support and maintenance of this work of national need.

WOODROW WILSON.

Washington, D. C., May 25, 1917.

**When the War is Over**  
(Air—"Wearing of the Green.")

When the war is over, Laddie,  
Just take a tip from me,  
There'll be no German submarines  
A' diving thru the sea,  
For the Fatherland of Kaiser Bill,  
The guy we're going to lick,  
Will have a brand new kaiser  
And the same will be a Mick.  
We'll change the song "Die Wacht am Rhein"  
Into an Irish reel,  
And make the Dutchmen dance it  
It 'is so inclined we feel,  
For the police force in Berlin  
Will be Micks from County Clare  
When we put an Irish Kaiser  
In the palace over there.  
Sure in every German parkway  
You will find a sweet colleen,  
An' the fields of waving sauerkraut  
We will plant with Shamrocks green;  
No liverwurst or sausage  
When the Dutchman drinks his suds  
He will get corned beef and cabbage  
And good old Irish spuds.  
The heathen guns and gas bombs  
We'll throw them all away,  
And make them use shillalahs  
Or bricks of Irish clay.  
They'll wear no iron crosses,  
Sure, 'tis shamrocks they will wear  
When we put an Irish Kaiser  
In the palace over there.

**Baseball and the War**

The Nebraska State Journal has again arranged to publish full box scores on all National, American and Western league games thruout the season. Yet for those readers who maintain that baseball will wane in interest because of the war, the Journal will provide all of the war news it is compatible with public policy to print. Journal readers will receive the latest possible news as furnished by the Associated press, supplemented by special correspondence from Washington and wherever Nebraska troops may be sent. The price of a three-months' subscription to The Journal is \$1 daily or \$1.25 with the big Sunday Journal.

**Hysterical Economy a Menace**

Uncle Sam is going to loan his allies in the great war the immense sum of two billions of dollars—more if necessary. A part of this loan has already been made. What does this mean to American business men and American citizens?

Two billions of dollars is an immense sum. It is equal to about \$20 per capita for every man, woman and child in the United States.

Practically every cent of this loan will be spent in this country for supplies of various kinds. Get that thought. This money is not going out of the country—it will stay right here to help boost our prosperity—a prosperity the like of which has never before been known.

It means that much wealth added to our resources—in addition to which we shall receive the interest on this loan, a matter of some sixty millions of dollars more per year.

The natural resources of this country amount to fifty billions of dollars per year—more than enough to carry on even such a gigantic war as we are now engaged in—and do so indefinitely.

This is true, of course, only so long as money, the lifeblood of the nation, continues to circulate freely.

You can help win this great struggle for humanity and universal freedom even if you are not called to the colors. You can give this aid without making any sacrifice, even the slightest.

All you are asked to do is to continue your life as you have done for the last few years. Keep right on buying the necessities for yourself and family. Do not attempt a rigid economy which will tend to check the free circulation of money. Remember that money only works when it is circulating—hidden away in a safety deposit vault, it does neither you nor anyone else any good. It is merely like so much unplanted seed—it lies dormant and useless. But when circulating it works for its owner and brings back interest with it.

Smile—live your usual life—buy what you need and pay for it promptly. If we all do this, we cannot fail to win this war for humanity.
