Coats and Suits to meet the varied requirements of the well-dressed woman

IN OUR many-sided assortments will be found garments that are distinctly for definite purposes as "dress-up" or outdoor sports or business wear. Again there are many that the well-dressed woman may, with perfect propriety, "run out in" to attend a patriotic meeting or a club function or well anything that comes up.

The variety represents tireless searching and comparing and many close decisions to maintain our reputation as "the store of styles" and "the store of values."

You will find here fabrics and ideas not likely to be seen elsewhere.

You will find tailoring and fit to be all you might ask.

And you will find values that—because of market uncertainties—may not be equalled again.
