When you finally decide your old suit is past further usefulness you'll be in for another of the same kind. But why wait? Wouldn't it be better to get another now—before further advance in price—and have a spare suit for special wear?

Do You Really Know that Warner's Rust Proof Corsets are Actually Rust Proof?

Have you tested them to prove this?

We wish you would then you would know what we really mean when we say "guaranteed rust proof."

It is not enough for a corset to shape well—it must wear equally as well as it shapes. Every day it must prove its virtue through shaping comfortably, wearing without splitting, without breaking or rusting in these "piping hot" days that test even the best corsets.

You Can Depend Upon Your Warner's!

Coats and Suits to meet the varied requirements of the well-dressed woman

IN OUR many-sided assortments will be found garments that are distinctly for definite purposes—as "dress-up" or outdoor sports or business wear. Again there are many that the well-dressed women may, with perfect propriety, "run out in" to attend a patriotic meeting or a club function or—well anything that comes up.

The variety represents tireless searching and comparing and many close decisions to maintain our reputation as "the store of styles" and "the store of values."

- You will find here fabrics and ideas not likely to be seen elsewhere.
- You will find tailoring and fit to be all you might ask.
- And you will find values that—because of market uncertainties—may not be equalled again.
