Buy YOUR Liberty Gold Bond Today Safest Investment in the World

Our SONS and BROTHERS are in the trenches, fighting for DEMOCRACY and LIBERTY.

They have given up all to fight for you

They must be fed—they must have ammunition—they must have clothes.

You cannot go to the front—you must furnish the money.

A Liberty Gold Bond Will Help Do It

These Liberty Bonds are the safest investment ever offered. They pay 4 per cent—are tax-free and as good as gold. A bond means a saving for the future and that much money loaned to your government.

THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

If the commission men of South Omaha grant the request of Food Administrator Wattles to suspend their increase in charges until the war is over, it will mean a saving of nearly \$500,000 annually to the live stock shippers to the Omaha market. Favorable action is anticipated on this request.

Down in Oklahoma a sentence of six years in the federal prison and a fine of \$1000 was given to each of the eight men convicted of conspiracy to resist the draft law. An extended visit to Leavenworth would be about what is coming to a few in this vicinity.

We continue to hold patriotic meetings; our prominent citizens deliver eloquent addresses; our ladies devote their time to the Red Cross work; our boys have departed for the training camps; our whole-hearted true Americans use their surplus cash for the purchase of Liberty Bonds in order to raise money with which to defeat the Kaiser and at the same time our school directors continue to spend the tax-payer's money to hire instructors to teach our children the language of the twentieth century pirates and barbarians and consider it the proper thing to have "german" classed among the studies. This thing will continue until such times as word is received here that some of our boys who have gone to the front have been ushered into eternity by a "german" shell, then the real meaning of war will come home to us.

Secretary McAdoo Announces Terms Of the Second Liberty Loan

Subscriptions will be taken for three billion or more dollars of United States of America 4% convertible gold bonds, due on November 15th, 1942, and subject to redemption at option of United States at par and accrued interest on and after November 15th, 1927.

The bonds will bear interest from November 15th, 1917, and interest will be payable May 15th and November 15th of each year.

In case more than three billions of subscriptions are received, the government reserves the right to allot bonds in excess thereof, to the extent of, but not over one-half of subscriptions received in excess of three billion dollars.

The bonds will be offered as before, in denominations of \$50.00 and multiples thereof.

The bonds will be exempt, both as to principal and interest, from all taxation except (A) estate or inheritance tax, (B) surtaxes and excess profits and war profit taxes now or hereafter imposed. The interest on an amount of bonds and certificates authorized by said act, the principal of which does not exceed in the aggregate \$5,000, owned by any individual, partnership, association or corporation, shall be exempt from the taxes provided for in clause (B) above.

These bonds may be exchanged for other bonds which may be issued later on, but not later than the termination of the present war, provided such later issues should draw a higher rate of interest. The subscription books will close with the close of business October 27th, 1917.

Applications must be accompanied by payment of 2% of the amount applied for; subsequent installments will be due as follows: November 15, 1917, 18%; December 14, 1917, 40%; January 15, 1918, 40%. On the latter date accrued interest on the deferred installments will also be payable.

The bonds will be printed with only four coupons attached. This is done in order that the actual bonds may be ready for delivery by the time the final payment becomes due, thus avoiding the trouble and delay incident to the issuance of interim receipts.

On and after November 15th, 1919, holders of the bonds will have the opportunity to exchange them for new bonds which will have attached, coupons for the balance of the period for which the bonds will run.

Swine Breeders Request Uncle Sam To Fix Rates

An established and fixed ratio between the price of hogs and the price of corn is the request of hog raisers. They ask the Government to fix the ratio and to let the price of hogs fluctuate on this ratio.

Gifford Pinchot of Mr. Hoover's cabinet, and Food Administrator Wattles appeared before the National Swine Growers' Ass'n Friday night and presented the subject in all its details to the swine growers of the nation. A deficit of 35 per cent from last year's production of hogs makes action necessary that will stimulate production and absorb this big deficit.

Buy Land

Located in the Most Prosperous, Most Productive Most Beautiful and Most Intensively Cultivated Section of Northern Colorado

The Chicago Title & Trust Co., as Trustee for the sale of the 50,000 acres of irrigated land, under the Farmers' Reservoir and Irrigation Co. system, has authorized us to offer this land in any size tracts to suit the purchaser, with assurance of plenty of water for irrigation, on terms of ONE-TENTH DOWN, with ten annual payments, without any payments required for the first four years except Two-Fifths of the crop and taxes.

Any balance left unpaid after applying Two-Fifths of the crop will be extended over to the tenth and last payment, so purchaser cannot possibly become delinquent before the end of the fifth year.

This 50,000 acres of land is second to none in the State of Colorado. It lies north of Denver, and east and west of Brighton, Fort Lupton and Platteville. 40,000 are under irrigation canals that are completed, but only from 6,000 to 8,000 acres are under cultivation.

This leaves 32,000 acres ready for the plow today. Farmers who want more land or renters who want a place of their own, with good land and plenty of water for irrigation, close to market, schools, churches and all modern conveniences, where they can grow Alfalfa, Wheat, Oats, Barley, Sugar Beets, Potatoes, all kinds of Garden Truck and Fruit, where the dairy business pays, at from \$85 to \$110 per acre, including both land and water, can take advantage of this liberal offer now while the price of land is low and the payments are arranged so the farmer can practically pay for the land from the crops before the second payment is due.

Come to our office, get some literature on this tract, study it over, and make arrangements to join us on one of our trips to see this land. The expense is small, for after we get to Denver, the Company will take us free of charge in automobiles to see this land, which is only about from one to two hours drive from Denver, and in case it suits you, and you buy, the Company will refund your R. R. fare. Reports of this year's crop of wheat went from 25 to 40 bushels to the acre. Come and make a trip with us and see if this is so.

By permission we refer you to H. E. Grice, of the H. E. Grice Drug Co., of Red Cloud, who has been in touch with this proposition for a number of years, in fact, since before the water was on the land. He owns several 80 acre tracts of this land and it is not for speculating his holdings, and collecting rent. Have a talk with him about the crops and general conditions of this land, then make arrangements with us to go and see for yourself.

A Surprise Party.

A large number of people of Pawnee and western portion of Logan arrived one night last week at the home of Mr. and Mrs. Everett Myers for the purpose of showing a tribute of respect and appreciation. About sundown the automobiles and buggies began to arrive until those present numbered close to 100. The ladies brought baskets well filled with many delicacies. After partaking of these good things all were entertained

with music of the highest grade, both vocal and instrumental, the pieces from the phonograph, violin and piano were very fine and reflected much credit on the musicians. The vocal music rendered by the young ladies was all that could be desired and received much applause. Patriotic speeches were then made by Messrs. Jersey Brown and Leroy Myers, being interesting as well as being useful to the audience.—C. M. C.
