There is no excuse in this day and age for a farmer to admit that he does not know how to handle any crop or any farm problem. The United States Department of Agriculture in Washington, D. C., exists for the one specific purpose of informing the farmers of the country upon the questions that arise of which they may have no knowledge. It takes but a stamp to bring the best thought of the agricultural experts of the country. All that is needed is to ask for information upon a given subject and a pamphlet or bulletin covering the subject will be sent free or at a nominal cost.

**Exhibit of Red Cross Work**

The War Relief Club will have an exhibition in the window of Smith's shoe store on Thursday and Friday, October 18th and 19th, the completed work ready for shipment to Chicago, Ill. This club was formed in April and was the first organization in Webster county to give money to the Red Cross. The members were making hospital garments before the formation of the Webster county chapter. The club has twenty-four members and has been self supporting from the beginning, having made about five hundred dollars. Out of this has been given fifty dollars to the War Relief Clearing House, one hundred dollars to the Red Cross drive and twenty-five dollars to the Y. M. C. A. fund. Work completed consists of twenty aprons for Belgian children, nine dozen towels, four dozen handkerchiefs, one dozen napkins, nine dozen shoulder wraps, two dozen suits of pajamas and one half dozen bed shirts. The three last named articles are all decorated with the Red Cross. Forty dollars worth of yarn has been purchased to make the garments assigned to the club by the Supply Committee of the Chapter. Many of the knitted articles are completed and will be on exhibition on the above date. Considerable material remains on hand and fifty dollars in the treasury.

Mrs. C. J. Platt, Secretary.

**Institute Huge Success**

On Thursday, Friday and Saturday of last week a joint city and county institute was held at the court house and high school building. The sessions were held at that time for the purpose of emphasizing reading, penmanship, arithmetic, spelling, industrial art and play ground work.

Committees were appointed to recommend plans for developing these subjects. Contests will be held in the spring in each of these subjects as an incentive to the children to put forth their best efforts.

Much help in the course of study was given by Supt. H. B. Wilson of Topeka, Kans. He showed in a very convincing way how the non-essentials can be eliminated from the course of study.

The primary instructor, Miss Alice Cusack, proved what can be done with children by using the right methods in teaching reading, language and industrial art.

Miss Zoe I. Smith taught the Palmer method penmanship in such an interesting way that fifty-seven teachers are to study the method this year and earn Palmer certificates.

Miss Grace Sylla, who is the art supervisor in Hastings, lectured to the teachers Saturday morning on practical ways for conducting the drawing class.

**Accidently Killed**

A very sad accident occurred at the farm of Mr. and Mrs. Mike Strobl, who reside north of this city, when on last Thursday their five year old son accidentally shot himself.

On going to his work in the field the father placed a revolver in the wagon, intending to use the same to shoot rabbits, and during his absence from the wagon the boy secured the gun and while playing with the same accidentally shot himself through the breast, death resulting almost instantly.

The boy was born in this county, June 15, 1912, was unusually bright and was loved by parents and friends alike. Funeral services were conducted from the farm home at ten o'clock Sunday morning, Rev. Beebe officiating.

**United Church Notes**

There is a certain people scattered abroad through Canada and the United States numbering more than one hundred thousand who believe that the Bible is the only real creed to which Christian people should subscribe, that all the followers of Christ should be allowed the right of private interpretation of the Bible, that Christ is the only moral leader, that the disciples of Christ should accept no name but Christian, that Christian character is the only Scriptural test of fellowship, and that all Christians should fellowship one another. The United Christian church of Red Cloud is a part of this great apostolic movement.

Mrs. A. Delph came into the fellowship of the church Sunday evening and gladly identifies herself with the Church of Christ.

No man can join the church of the living God, you must be born again or you can never see the kingdom of Christ. The notion that a man can join the church of God is a delusion. You can join some sect or religious denomination but you cannot get into the church of the first born except through the avenue of conversion.

Some time when you have the notion ask some Bible student to show the chapter and verse where God in His revealed word authorized or commanded any convert to hold membership in any church save the Church of the Living God. If God never sanctioned such practice why do you?

A beautiful communion set has been purchased by the Disciple ladies and donated to the Christian church. Mr. Trace Sherer had charge of the communion service last Sunday morning in the absence of the pastor.

Mr. Curtis Friday, a former member of the choir, passed through the city Monday on his way to the aviation camp at Austin, Texas.
