When are we to see the markers which are to regulate the turning of corners and the proper side of the street on which to drive autos? Would it not be well also to enforce the ordinance regulating speed, head lights and rear lights on cars. If we have an ordinance to this effect why not enforce it?

The big rally promised for Saturday, October 27, by the Big Chief Oil and Gas Co., will be a remarkable era in the history of Red Cloud, as this event will mark the beginning of the drilling of Red Cloud's oil well. Whether or not oil will be found will be determined before many months, and with the spring flowers will come to our enterprising citizens, money in abundance, or a relief from the mental strain under which the shareholders have been laboring for some time past, satisfied that they have determined just what lies beneath the soil of Webster county's fertile acres.

United Church Notes

United Christian Church Notes
The man who keeps company with a bunch of hypocrites and crooks will need to be very careful or he will be judged by the company he keeps.

The man that will adhere to some religious name and that an unscriptural nickname is to be complimented for stubbornness rather than brains and piety.

Every person that is fighting organic Christian union in the light of the twentieth century is either guilty of a crooked life, covering the hypocrisy of others or is an open enemy of God.

There are some persons in the community that claim to be Christians that are trying to make the road hot chasing after the members of the united forces for the purpose of unsettling them and getting them to break the most solemn pledge of organic church activity. A man or woman that will try to get his neighbor to break his word by deception is no more to be trusted than an ordinary viper. We have evidence of both the effort to deceive the people and a multitude of petty misdeeds that might make interesting reading for the public for the next six months, and if the misrepresentation does not cease at once it may be necessary to rebuke the enemies of God openly by name.

The Presbyterian and Congregational folks according to a late report of the State Journal have confederated and consolidated into a single Christian community in the city of Columbus, for economic and moral

reasons. This is both patriotic and Christlike. Denominational divisions are Divinely forbidden. The most unpatriotic thing under heaven is the divided condition of the church in America. The way to help the kaiser is to divide the American people and the most effective way to divide the people is by sectarian preachers and would-be leaders.

If this war continues sectarianism may give way to economic necessity. The denominational life of the people is largely responsible for the divided condition of this community and the world. The advocates of divisions may have to give account to God for the great world war and woe. A religion that divides the people of a nation is a menace to the safety of the land and one of the chief causes for hate and a lack of real, undivided patriotism is Protestant sectarianism. Modern denominationalism was invented in Hell and propagated by the Devil at the expense of Christianity and Patriotism. If one sect talks reform the other talks license. If one sect talks patriotism the other is liable to talk treason. Sectarianism is the foe of American sympathy and patriotism. Millions of dollars of wealth this year will be spent by professors of religion to foster denominational pride while poor, benighted Belgium is starving for food and exposed to disease and desolation. No wonder men are infidels who see this condition. If this is Christianity the sooner the world is rid of it the better. Every dollar of God's wealth spent to divide the American people in this supreme hour in which the youth of the land is struggling for the freedom of humanity is kin to treason. We are asked to conserve food to prevent starvation and we believe it is the solemn duty of every citizen to cooperate with the government in this benevolent undertaking. The government needs both money and food. Yet in the face of this need, this appalling need, the people of Red Cloud are asked to support seven or eight denominational systems when two or three services would accommodate all that desire to worship. Did the world ever witness a more shameful and unpatriotic exhibition of sectarianism than this? Instead of importing more preachers to divide the kingdom of God and spending money for useless car fare why not take that money and apply to the Belgium fund or give it to the Red Cross for the comfort and relief of the American soldier? What do you think the American soldier will think of the religion of the people at home who squander the money he needs to make him efficient in the diabolical propagation of sectarianism?

No wonder that the dying soldier asks for cigarettes instead of God. If God fosters the waste of wealth and the division of the Kingdom of Heaven how could the American soldier trust such a power? We do not believe in one denominational Christ. We believe in one God and the Christ of humanity. We endorse the sentiment of John Wesley when he said in his Famous Notes, "I would to God that all party names and unscriptural phrases and forms which have divided the Christian world were forgotten and that we might all agree to sit down together as humble disciples at the feet of our Common Master to hear His word, imbibe His spirit and to transcribe His life in our own." We believe in one God, one Christ, one Religion and one Patriotism and no more. Reader, it might be well for you to heed these truths before the hand of Providence brings you to judgment.

Buy Land

Located in the Most Prosperous, Most Productive Most Beautiful and Most Intensively Cultivated Section of Northern Colorado

The Chicago Title & Trust Co., as Trustee for the sale of the 50,000 acres of irrigated land, under the Farmers' Reservoir and Irrigation Co. system, has authorized us to offer this land in any size tracts to suit the purchaser, with assurance of plenty of water for irrigation, on terms of ONE-TENTH DOWN, with ten annual payments, without any payments required for the first four years except Two-Fifths of the crop and taxes.

Any balance left unpaid after applying Two-Fifths of the crop will be extended over to the tenth and last payment, so purchaser cannot possibly become delinquent before the end of the fifth year.

This 50,000 acres of land is second to none in the State of Colorado. It lays north of Denver, and east and west of Brighton, Fort Lupton and Platteville. 40,000 are under irrigation canals that are completed, but only from 6,000 to 8,000 acres are under cultivation.

This leaves 32,000 acres ready for the plow today. Farmers who want more land or renters who want a place of their own, with good land and plenty of water for irrigation, close to market, schools, churches and all modern conveniences, where they can grow Alfalfa, Wheat, Oats, Barley, Sugar Beets, Potatoes, all kinds of Garden Truck and Fruit, where the dairy business pays, at from \$85 to \$110 per acre, including both land and water, can take advantage of this liberal offer now while the price of land is low and the payments are arranged so the farmer can practically pay for the land from the crops before the second payment is due.

Come to our office, get some literature on this tract, study it over, and make arrangements to join us on one of our trips to see this land. The expense is small, for after we get to Denver, the Company will take us free of charge in automobiles to see this land, which is only about from one to two hours drive from Denver, and in case it suits you, and you buy, the Company will refund your R. R. fare. Reports of this year's crop of wheat went from 25 to 40 bushels to the acre. Come and make a trip with us and see if this is so.

By permission we refer you to H. E. Grice, of the H. E. Grice Drug Co., of Red Cloud, who has been in touch with this proposition for a number of years, in fact, since before the water was on the land. He owns several 80 acre tracts of this land and it is not for sale. He has just recently returned from a trip over this land, inspecting his holdings, and collecting rent. Have a talk with him about the crops and general conditions of this land, then make arrangements with us to go and see for yourself.
