## THE SOUTH BEND Malleable Range

The Biggest Range Value on the Market Today

Some people think the way to save money is to keep every cent they get and when they buy anything to buy the very cheapest articles they can find. Sometimes more money is saved by spending a little more and getting the best. A cheap range is dear at any price because you don't get your money's worth out of fuel and then you soon have repair bills. The SOUTH BEND is built to last, economizes on fuel, saves you repair bills. In a few years this saving will amount to what you paid for the range—also consider the satisfactory work it has done.
