Span mules coming 3 yrs. wt 2100 Bay driving mare wt 1250
Extra good Pure Bred Shorthorn Bull, 11 months old

This bull is an extra good individual and you better watch for him. The mules are extra good, well matched and as big as you want them. The sows are the same breeding as the pigs sold in the fall sale and are a fine lot. They are as good as we ever produced and carry some of the best blood lines of the Poland China breed. They are in fine condition to go on and do good for the buyer as they have been raised and fed in the usual way with lots of exercise and a variety of feeds. They have not been pampered and are not over fat. Some new boars have been used in the herds and will furnish new blood lines. Now is a pretty good time to raise some of the easy feeding type, so 2 bushels of corn will nearly take the place of 3 bushels with inferior hogs. We are striving to give you the quick money kind. Remember these hogs are immune from Cholera. The government is asking for more hogs so lets each do our bit to help win the war.

We have a fine bunch of B. P. Rock Cockerels at private sale. Also a few Buff Orpington Cockerels. Come and spend the day with us.

Sale at 1 p. m in big tent Free lunch at noon

Christian Church Notes

The Fuel Administrator is to be congratulated on bringing the religious bodies together for Sunday night services for the next two months. Church divisions break on the rock of emergency. It is hoped that this wise counsel of necessity will cause us all to appreciate the value of simple Christianity—without division. County Administrator McBride's address Sunday afternoon was greatly appreciated at Indian Creek.

A number of visiting friends from the various religious bodies of the city attended the service at the Christian church last Sunday evening.

Wisdom requires cooperation in time of war. Personal matters should be forgotten. The sacrifice we make should beget a community spirit. Profit and patriotism must part company. Let us honor the men who dare and die for the world.

Will Conserve Fuel

A meeting of the Chamber of Commerce was held at their rooms on Monday afternoon for the purpose of discussing the conservation of fuel and what part the city should take in the matter. It was decided to open all places of business at 8:30 and close at 5:30 p. m., except Saturday and that the closing hour on this day should be 8:00 p. m. The business hours of grocery stores and meat markets are to be from 8:00 a. m. to 6:00 p. m. These rules went into effect on Tuesday, January 22.
