It is a meeting that should be attended by all farmers and county president Keeney urgently requests them to be present. It is rumored about town that the Koonz livery barn has been leased by the Red Cloud Auto Company and will be completely renovated and remodeled and when finished will be used by that concern as a garage and auto sales room. Among the many improvements contemplated is a large plate glass front on the south side of the entrance. At any rate men are at work excavating inside the building.

SPEND A DOLLAR AND HELP OUR SOLDIER BOYS Music feeds a soldier's moral fibre. Lord Kitchener thought the British soldiers could do without music. He soon discovered his error. The Canadian expeditionary force found that it must have music. General Pershing is cabling from France for more and better music. Will you give a dollar to help furnish our boys with the best of music? Eighty dollars—\$1 each from eighty citizens will buy an Army and Navy Model phonograph and a library of records for use of our boys while training or for use on a transport while "going over." A number of our citizens have already subscribed and now we want enough others to complete the purchase of an outfit. This Army and Navy model is manufactured by the Edison company entirely without profit and sold by their jobbers and dealers without a profit. No individual can obtain one of these instruments as they are made exclusively for our soldiers and sailors. The Edison company for a time were unable to supply the demand but are now again in a position to make deliveries so the sooner you make your contribution the sooner this instrument can be delivered. Leave your dollar with E. H. Newhouse. Each one will be receipted for and as soon as the list is completed the instrument will be delivered to some one of our soldier or sailor organizations and a receipt for same will be received from them. Call and leave your dollar or send it at once before you forget. Farm Loans Private money at low interest. No delay, money here. All papers kept here and payable at home bank. I also make regular company loans on best terms to be had. Call for me at State Bank.—C. F. Cather. The FOLKS AT HOME EXPECT YOU TO TELL 'EM ALL ABOUT "OMAHA'S FUN CENTRE," THE Gayety VISIT IT! Lincoln Telephone and Telegraph Co.

We Owe You Good Telephone Service

You deserve telephone service that is quick, accurate and country-wide in its extensions. By giving you such service at reasonable rates we feel that we should expect your business and your hearty co-operation. To give the best service this company is constantly improving its equipment and standardizing operating methods. Your assistance and co-operation enables us to give you intercommunication of national scope and of the highest obtainable efficiency.

Farmers Attention

The first week in March has been designated as National Repair Week by the Implement Manufacturers and sanctioned by Uncle Sam. All farmers are requested to inspect their implements and order repairs and implements during this week, thereby saving telephone and telegraph bills later. The manufacturers claim there will be a shortage of implements this year as the government has allowed them only sixty per cent of their supply of steel. We urge anyone needing a P. & O. wide tread lister or a Beatrice cultivator to order during this week, as there will undoubtedly be a shortage in these two articles. We will make a special price during this week to encourage early orders.
