Buy Two Canners
The Women's Committee of the Council of Defense met Monday evening, April 15th, and on report of Committee decided to purchase two Community Canners, one to be installed and used at High School building, the other to be installed in some suitable place in south ward, in order that those living in that ward and south of town will not be inconvenienced by bringing produce so far to can it.
The ladies of Red Cloud and the community are requested to plan to use these canners, as some experienced supervisor will be in charge of the work, and a great deal of time can be saved by their use, and much food in the way of vegetables and fruit conserved.

A Brassiere will Complete Your Corset

The contour from shoulder to knee is important. There should be no break, but an easy sweep of line over the top of the corset straight down the hips.

Warners' Edgo Brassieres
insure this sweep of line and "blot out" the break one otherwise would find.

They are well-made, prettily designed and trimmed, and as strongly guaranteed as the celebrated Warner's Rustproof Corsets.
