## DE LAVAL CREAM SEPARATOR

Here's why the De Laval is the cheapest machine to buy:

It will pay you in cream saved from \$3 to \$5 a cow every year over an inferior or half-worn-out cream separator.

It will pay you in cream saved from \$10 to \$15 a cow every year over gravity skimming.

It will give you a heavier and better cream, the kind the creamery-man wants, the kind that gives you more skin-milk for your stock.

It will last two to ten times as long as other cream separators. Figure it out for yourself and you will see why the De Laval is the most economical.

And added to it all is the immeasurable satisfaction of owning a machine that "works like a charm" 365 days in the year.

We know that when we sell you a De Laval we sell you a machine you'll be proud to own. We sell them on liberal terms. Come in and talk it over.

The Department of Military Relief of American Red Cross has issued an order for 30,000 sweaters to be furnished by the Chapters in the State of Nebraska by June 20th, 1918. Of this number the Webster County Chapter is asked to furnish 200. This number has been assigned as follows:

Red Cloud	50
Blue Hill	30
Guide Rock	22
Cowles	20
Blaine	20
Invale	16
Blair	12
Warrior Auxiliary	10
State Line Auxiliary	10
Batin Auxiliary	10

Red Cross knitters should remember the following in making sweaters:

- 1 Regulate the number of stitches in your garment according to the size of needles and yarn used so your sweater will measure 17 or 18 inches across chest.
- 2 Make sweaters not less than 23 or more than 25 inches long.
- 3 Do not crochet the side seams, sew up with a darning needle and a double thread of yarn same of sweater.
- 4 Do not use stripes of any fancy color in sweater.
- 5 Do not put scollop around neck and arm size, finish with a plain single crochet stitch.

**Lend—Not Spend—Your Money**  
If you lend your money to the Government you may be quite sure that it is going to be used for some national purpose—to prosecute the war successfully, to care for, equip arm and supply our soldiers in France, to be used by our Navy in ridding the seas of the murderous U boats.

But if you spend your money even with the belief that by putting it in the channels of trade others into whose hands it comes will lend it to the Government, you will have done something the patriotism of which may be very questionable.

First, you have withdrawn from the supply of material of the nation something to replace which in the market will require labor and material which should be devoted to war purposes.

Second, the person to whom you pay your money may also use it to purchase things requiring material and labor which should be devoted to war purposes, and the person to whom he pays it may repeat the operation.

But when you lend your money to the Government instead of spending it you will at once lessen the drain to a certain extent on our country's resources, its material, its labor, and its transportation facilities and in addition you supply your Government with money to be used in winning the war.

Every purchase of a Liberty Loan Bond is an individual act toward bringing victory to America and her Allies.

### Overheard by Central

The kaiser called the devil up  
On the telephone one day;  
The girl at central listened  
To what he had to say.  
"Hello," she heard the kaiser's voice,  
"Is old man Satan home?  
Just tell him it is Kaiser Bill  
That wants him on the phone."  
The Devil said "hello" to Bill  
And Bill said "How are you?  
I'm running here a Hell on Earth,  
So tell me what to do.  
"What can I do?" the Devil said,  
"My dear old Kaiser Bill?  
If there is aught that I can do  
To help you, sure I will."  
The Kaiser said, "Now listen,  
And I will try to tell  
The way that I am running  
On earth a modern Hell.  
I've saved for this for many years  
And I've started out to kill,  
That it will be a modern job,  
Depends on Kaiser Bill.  
"My army went thru Belgium  
Shooting women and children down  
We tore up all the country,  
And blew up all her towns.  
"My zepp dropped bombs on cities,  
Killing both the old and young,  
And those the zepp didn't get  
Were taken out and hung.  
"I started out for Paris,  
With the aid of poison gas,  
The Belgians, darn'em, stopped us,  
And would not let us pass.  
"My submarines are devils,  
Why you should see them fight,  
They go sneaking thru the sea,  
And sinking ships at sight.  
"I was running things to suit me,  
Till a year or so ago,  
When a man called Woodrow Wilson,  
Wrote me to go more slow.  
"He said to me, 'Dear William,  
We don't want to make you sore,  
So be sure to tell your U-boats  
To sink our ships no more.  
"We've told you for the last time  
So, Bill, it's up to you,  
And if you do not stop it,  
You may have to fight us too."  
"I didn't listen to him,  
And he is coming after me,  
With a million Yankee soldiers,  
From their home across the sea.  
"That's why I called you, Satan,  
For I want advice from you,  
I knew that you would tell me  
Just what I ought to do."  
"My dear old Kaiser William,  
There's not much for me to tell,  
For the Yanks will make it hotter  
Than I can for you in Hell.  
"I've been a mean old devil,  
But not near as mean as you,  
And the minute that you get here  
I will give my job to you.  
"I'll be ready for your coming,  
And I'll keep the fires all bright,  
And I'll have your room all ready,  
When the Yanks begin to fight.  
"For the boys in khaki will get you,  
I have nothing more to tell—  
Hang up the phone and get your hat  
And meet me here in Hell."  
—McCook Gazette.

The Druggist

The more Liberty Bonds sold the lower our government taxes. Money spent on taxes seldom returns to us but money spent for bonds is returned with interest.

The excess profits of Nebraska farms should be invested in Liberty Bonds as a reserve fund to guarantee the state against hard times.

While farm prices are high the farmer should invest in Liberty Bonds so that when prices drop he will have a reserve fund to fall back on.
