## Webster County Red Cross Record

Webster County's part in the \$100,000,000 Red Cross War Fund Drive resulted as follows:

PRECINCT	QUOTA	RAISED	OVER
Guide Rock	\$ 1465 00	\$ 1436 34	\$ 31 34
Garfield	470 00	491 00	24 00
Line	305 00	330 50	34 50
Walnut Creek	465 00	874 00	392 00
Beaver Creek	513 00	Not reported.	Still working
Pleasant Hill	390 00	315 50	15 50
Cowles	545 00	509 63	64 63
Red Cloud	2925 00	4500 25	1575 25
Inavale	700 00	796 82	96 82
Stillwater	1245 00	1285 00	40 00
Oak Creek	485 00	521 50	36 50
Elm Creek	490 00	378 25	Still working
Batin	430 00	452 00	22 00
Catherton	1435 00	1595 95	160 95
Potsdam (Blue Hill)	1166 00	1285 75	119 75
Glenwood (Bladen)	534 00	731 50	197 50
Harmony			
<b>Total</b>	<b>\$13423 00</b>	<b>\$15577 00</b>	<b>\$ 2779 74</b>

The above figures will be a little confusing owing to the fact that Batin and Beaver Creek are not up to their quota. It will be seen that these two precincts will have to reach their quota to make the over subscription amount to \$2779 74 as above shown.

I feel sure that this will be done as the people in these precincts surely don't want the balance of the county to pay what is justly their obligation.

I wish to express my sincere thanks to all who contributed to this very worthy cause, and to especially thank the committeemen who so generously gave of their time, in addition to their very liberal contributions in money. I am indeed proud to make my home in a county of Good Loyal American People. Again thanking you one and all, I am,

Your Obedient Servant,  
JAS. McBRIDE, County Chairman.

## There is a Difference in Lenses

Just as there is between a piece of pure gold and that containing alloy. The lenses used by me are the finest that can be had. These come in the rough and are ground until they exactly meet the requirements of your particular eye trouble. One cannot be too careful about the eyes. The matter of a dollar or so should not enter into the calculation. This store refuses to ask for your patronage by price alone—the cure is the thing desired by me or well as yourself. Even so, you will find the charge unusually low, taking into consideration the high quality.

It will be to the interest of your eyes to have them examined here

## News From "Mac"

Friend McArthur writes again and among its items of interest says:

The 89th division moved from Camp Funston to Camp Mills, which is about twenty-one miles from New York City. I was over there Tuesday and spent the day with my friends in Co. G. 355th regiment and it seemed like old times to be with the gang again. I wish I was going with them across the water.

Harvey Rickerson, who was the popular barber at the Mercer shop, and also a member of the gang that I chummed with at home, is in Co. H, and he was glad to see me. We had a good time together. Harvey looks fine in the overall suit and says he likes the army life. He wishes that our friend Dr. Nicholson was along with us too, also Russel Amack. Had a visit with Major Fisher, who was the captain of Co. G. for several months and also Lieutenants Dennis, Webster and Patten and they informed me that it seemed like old times to have me with them. I staid for dinner and as there were no extra mess kits I used a pie tin and knife and spoon to eat with. A soldier when hungry can eat off of anything and be glad to do it. Saw Mr. Anderson's son and Geo. Engstrom and "Babe" Hunt of Guide Rock, who operated a barber shop at the latter place for several years. They are also in Co. G. The men are sleeping in tents. The regiment was filled up with new men who have had very little training in the infantry, but they will receive training across the water. Mineola, which is an aviation school and is near here furnishes plenty of excitement for the men as the aviators fly over the camp. On Tuesday I saw eight machines in the air at one time and also an experienced flyer turn three complete summer-saults in the air and then rise again.

We have had considerable rain here this week. We signed the pay roll Thursday and held muster this morning and will get paid Sunday or Monday. Another company of men are coming soon to join us and help do guard duty here. We will appreciate it as the men are getting tired of being on duty all the time and then taking in the sights at New York and Coney Island without any time for sleep.

A. B. McArthur.

By August 1st of this year Nebraska will be producing more than 80 per cent of the potash produced in the United States. A thousand tons a day will be the average production by that date.

## Thomas-Eshelman Wedding

Miss Katherine V. Thomas and Mr. Bruce N. Eshelman were united in marriage Monday evening, Rev. Ira Wagoner, pastor of the church of the Brethren, performing the ceremony at the home of the bride's parents in this city.

The bride wore a handsome suit of white satin and carried white roses; the groom was attired in conventional costume.

Miss Maude Crisp, a visitor from Siddmore, Mo., was the bridesmaid, Sumner Eshelman, a brother of the groom, best man, and Kathryn Wagoner, flower girl.

The bride is the daughter of County Commissioner and Mrs. W. H. Thomas, a young lady of more than usual ability and attraction, a graduate of the McPherson, Kansas, college and for some time past teacher of music in the public schools.

The groom, also a McPherson graduate, is the son of Mr. and Mrs. Thomas Eshelman, and a highly estimable young man.

About forty guests, including relatives, witnessed the ceremony and had place at a beautiful wedding supper. Music was rendered by Miss Greta Eshelman and Messrs H. Thomas and N. B. Bush.

A reception was held Tuesday evening at the Eshelman home and a large number of friends unite in wishing Mr. and Mrs. Bruce Eshelman happiness and prosperity on the voyage of life. They will, for the present, reside with the bride's parents.
