Line up and sign up. The War Savings Stamp drive is now on.

Tomorrow is War Savings Stamp Day. Join the army behind the army. Get into the nearest Savings Society and save for the country's sake. Red Cloud will be there.

Von Bethmann-Hollweg, former German chancellor, is reported lying at the point of death from a stroke of apoplexy. "The mills of the gods grind slow but they grind exceedingly fine."

Joe Schum carries one hand inside a bandage having driven a sharp iron piece into about one inch when his hand slipped.—Lawrence Locomotive. Why, yes, 'er—oh, of course, certainly, Joe has our sympathy.

The Italians and Allies on the east front are driving hard at Austria. From the first there have been opinions advanced by military experts that through Austria lies the way to Berlin. Perhaps these theories are in a fair way of being tried out.

Senator Norris has started his campaign for re-election. "Win the War" is his slogan, and on that platform he asks the support of patriots of all parties. We are credibly informed that Norris voted against a declaration of war, and—but what's the use?

Rev. R. C. Tyner, former pastor of St. Luke's church at Omaha, and now with the American army in France, writes that German prisoners tell captors they "are war-weary." With a million American soldiers aiding France, England and Italy the Hun is liable to grow weary rapidly. Drive hard, while the driving is good.

You know how it helps business to talk sociably to a prospective customer. Often, indeed, it lands an immediate order. An advertisement is continually talking for your business, is always on the job and catches the customer just at the time he is interested. Continual advertising pays continually.

Everybody get busy. It's a case of work or fight from now on. Provost Marshal Gen. Crowder has ruled that all men of draft age employed in games of any kind, working as elevator men, domestic servants, bell boys, waiters, and like occupations, shall seek employment in lines coming under the head of "useful," by July 1st. Immediate draft is the alternative.

Daylight begins to shine into the shady corners of the mooted Non-Partisan League. Kinney Yensine, organizer, is under bonds to appear at the September term, District Court in Red Willow county to answer charge of violating the sedition law. The papers report that the State Council of Defense has issued order requesting that the League suspend operations until after the war.

The University Farm sends out instructions for ridding the pantry of ants. A pound of sugar, a cup of hot water, one-twentieth of an ounce of sodium arsenate dissolved in a little hot water and added to the previously dissolved sugar. Ants will carry this to their nests and as they eat of it will die. No doubt this is an effective method of combating the pest, but we can buy only two pounds of sugar now and we'll be darned if we will go 50-50 with any kind of an ant other than the sort that married our father's brother.

Lest We Forget!

He who can forget the little ones that lie mangled 50 fathoms deep under the shattered hulk of the Lusitania; who has no reverence for the dead and their devotion, no prayer for the dying and their anguish, no pity for the bereaved and the broken; whose blood is not quickened by our perils, whose heart is not softened by our pains; who reads unmoved of blasted homes and wasted countryside, of desolated cities, and desecrated shrines, of heroic Belgium, overrun but not conquered; of epic France and the noble dead that lie buried there—the great dead that fought and the innocent dead that merely wept and waited. He who can forget these things, or be indifferent to the sacrifices and the sorrows, the bereavements, and the burdens of Freedom's Gethsemanes—that man is a Hun at heart, for the crimes that none but a Hun can commit, none but a Hun can forget!

After a reading of this do you not feel more desirous than ever of saving to the utmost of your capacity and of buying War Savings Stamps?

DE LAVAL CREAM SEPARATOR

The concave-bottom, self-centering bowl in the NEW De Laval Cream Separator is the biggest advance in separator construction in 30 years.

It has greater capacity without increasing either the size or the speed, and it is so supported upon the detached spindle that it will run true and do perfect work even after long and hard wear.

It has fewer discs than the old type bowl. All discs are unnumbered and interchangeable. Discs are caulked only on one side. The milk distributing device is removable. It's easier to wash than ever before.

We're here every day to explain the NEW De Laval to you—to go into all the details. You can buy one from us on such easy terms that it will save its cost while you are paying for it. Come in and talk it over.
