

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

MURRY, MOTHER! REMOVE POISONS FROM LITTLE STOMACH, LIVER, BOWELS.

GIVE CALIFORNIA SYRUP OF FIGS AT ONCE IF BILIOUS OR CONSTIPATED.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

INDIGESTION, GAS, UPSET STOMACH

HURRY! JUST EAT ONE TABLET OF PAPER'S DIAPEPSIN FOR INSTANT RELIEF.

No waiting! When meals don't fit and you belch gas, acids and undigested food. When you feel indigestion pain, lumps of distress in stomach, heartburn or headache. Here is instant relief.

Just as soon as you eat a tablet of Paper's Diapepsin all the dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Paper's Diapepsin always make sick, upset stomachs feel fine at once and they cost so little at drug stores.—Adv.

WAR WORK

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick, or, in emergencies, to be wounded. You can learn a great deal by obtaining the "Medical Adviser," a book of one thousand pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe. 200 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. Ask your druggist or send 50c to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Druggists sell it in liquid or tablet form. Send 10c to the Invalids' Hotel, Buffalo, N. Y., for trial pkg. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

Beatrice, Neb.—"I know Dr. Pierce's Favorite Prescription to be a wonderful help to women during expectancy. Always during this time I took it and it was the means of keeping me in a strong, healthy condition. I had practically no suffering, and I believe my children were stronger and healthier than they would have been if I had not taken this medicine. I can highly recommend it to all women at this critical period; they will find it an excellent cure."—Mrs. Edith Roberts, 640 W. Court St.

PISO'S

WHAT CAN WE DO?

American soldiers in France can receive but one Christmas package each this year and each package must weigh not more than three pounds, according to regulations announced by the war department. Boxes for men in the navy, however, may weigh twenty pounds.

The regulations governing Christmas packages for soldiers have just been completed after conferences between the war and postoffice departments and the American Red Cross. "The men themselves will decide who is to send these parcels. They are now receiving Christmas parcel labels with instructions to mail these labels to the person in this country from whom they wish to receive the holiday box.

"No Christmas parcels will be accepted for shipment after Nov. 20. The cardboard boxes or cartons to be provided for these parcels are 3 inches by 4 inches by 9 inches in size. When packed, wrapped, and ready for mailing these boxes must not weigh more than three pounds."

The American Red Cross has agreed to provide these cardboard boxes and to supervise their distribution to relatives of the soldiers who present the proper Christmas parcel label credentials. The following is an outline of the procedure to be followed by persons planning to send one of these parcels abroad:

On receiving one of these Christmas parcel labels it should be presented at the nearest chapter, branch, or auxiliary headquarters of the Red Cross, where the holder will receive a carton. These labels are not expected to reach this country before Nov. 1, but by that time each Red Cross branch will have its allotment of boxes, based on the number of soldiers in service overseas from that community.

These boxes may be filled with any combination of prohibited articles, except those on the list barred by the postal officials. The articles prohibited are all intoxicating liquors, all inflammable material, including friction matches, and any composition likely to ignite or explode (cigarette lighters come under this classification), liquors and fragile articles improperly packed. Under the regulations no note or message or written matter of any kind will be permitted to remain in the boxes.

When the package has been packed it should be taken, unwrapped and unsealed, together with the label and sufficient stamps, to the nearest collection center designated by the Red Cross. After the package has passed the inspection of the Red Cross representatives the Christmas label bearing the address of the man for whom it is intended is placed on it. The person sending the package, in the presence of the Red Cross worker, is required to affix stamps, sufficient to carry it to Hoboken, N. J.

Wide and Narrow Braid.

Braid trimmings from the narrowst soutache to the widest of Hercules are used. One finds dresses covered with wide Hercules from the hem halfway to the waist and again on the blouse from the waist nearly to the under-arm point with a narrower width on the sleeves from the wrist to the elbow.

The Dolman Returns.

A new winter wrap of heavy black satin is made like the dolman our grandmothers wore and has long monkey fur along the bottom, around the neck and where the sleeves would be if there were any. Of course dolmans do not have sleeves.

Fur Garments, Eccentric and Pretty

Just as the perplexed reporter of fashions is about to begin to describe some fetching new fur garment as a cape, she discovers that it has an indisputable claim to be called a scarf. And when she has decided that it belongs to the straightforward, upright and downright scarf family, she finds it consorting with a belt, something scarfs and capes have heretofore not done. Eccentric and interesting—these are the terms that belong to the small fur garments that have lent a willing ear to tales of alluring camouflage this season. They look like so many things we finally have to call them by the most indefinite of terms—merely "garments"—they are that anyway.

Here is one of them which is a cape so far as the back and shoulders are concerned, a scarf so far as the front goes, and a jacket, if we take the belt's word for it. It is made of Hudson seal and has a collar of Siberian squirrel. And this is another characteristic of fur garments this season. Hardly one of them but has two kinds of fur in its make-up.

The little fur wrap shown in the illustration, worn with a heavy suit, is warm enough for average winter weather and an ideal affair for autumn and early winter. Women wear these small garments with wonderful grace and it is no wonder that furs have carried over into the summer months. It is for style—and they have it—that they are so much loved. This little wrap has pockets in the ends at the front. A muff to wear with it in cold weather is of seal skin, like it, but has no squirrel trimming.

In spite of the liking for old wraps, nothing equals in popularity scarf and muff sets. There is a great variety in them and in capes with muffs to match, and one need never question their good style. Handsome furs do not need to follow fashion's whims—they are too rich for that.

Uneven Fringe.

Fringe is still used with distinction. This is a style that might easily have been run to the ground, but because of the cleverness of the designers it is still a good style and excellent results are still obtained with fringe of many sorts. Perhaps a mark of the newer usage of fringe is this: Unevenness. Fringe on the edges of panels is so put on that it hangs very often in irregular or uneven lines. Some of the new frocks and blouses have fringed sleeves, with uneven edges. Sometimes, even, the fabric of the frock itself is fringed out to give the right effect.

DANDRUFF MAKES HAIR FALL OUT

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

It's Acid-Stomach That Makes Millions Sick and Suffer

Life is dark—not worth much to the man or woman with an acid-stomach. Acid-stomach kills Hope, Ambition, Energy, Courage. It saps the strength of the strongest body—impoverishes the blood—causes untold suffering—makes millions weak, unfit and brings on premature old age.

You know what acid-mouth does to teeth and gums—how the acid literally eats through the hard enamel, causing the teeth to decay. Just imagine, then, what havoc an acid stomach must do to the delicate organization of the stomach.

Millions of people are weak and unfit, suffering all the time, in one way or another, from superacidity or acid-stomach. They don't seem dangerously sick. Just sitting. Going through life weak, listless, dragging our feet after another. They're nervous and irritable; lack power and punch, frequently have severe attacks of indigestion, splitting headaches; subject to fits of melancholia and mental depression. And nearly always their stomachs are out of order, even though many experience no actual stomach pains—digestion poor—never getting anywhere near the full strength from their food.

So, you see, it's just this—acid-stomach—that is holding so many people back—sapping up the strength they should get from their food—taking away their vigor and vitality—leaving them weak and inefficient.

Get rid of the excess acid. That's the secret of good health and is the only way to obtain good digestion and assimilation. It is the right way to be well and keep strong. Ordinary tonics won't do any lasting good. The best they can do is to spur up your appetite. When the stimulating effects wear off, you are worse off than ever.

A modern remedy makes it possible to remove excess acid without the slightest discomfort. It is called RAYTON'S. In the form of pleasant tasting tablets. Their action in the stomach is a good deal like a piece of blotting paper taking up a drop of ink—they literally absorb the injurious excess acid and carry it away through the intestines.

Begin using RAYTON'S right now—today—and get on the road to bounding, vigorous, vibrant health. Thousands upon thousands of people who have used RAYTON'S are enthusiastic in its praise. They say they never dreamed that anything could bring them such quick relief.

RAYTON'S is absolutely guaranteed to get a big box from your druggist. If it does not help you your money will be refunded. If your druggist does not keep RAYTON'S, send your name and address to the Rayton Remedy Company, 1018 E. Wabash Ave., Chicago, Ill., and they will at once mail you a box and you can send them the money for it after you receive it.
