

DANDRUFF MAKES HAIR FALL OUT

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

Betrayed His Weakness.

"Is he a tightwad?"
"Is he? Say, listen: When he came to propose to me he thought he'd have to get down on his knees, and, would you believe it, he came in the oldest pair of trousers he had!"

Of course you earn an enormous salary—but do you get it?

A small rent in a reputation soon becomes a large hole.

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Message Had a Meaning.

One of the lions of the moment is General Townshend, who, after being so long a prisoner in Turkey, is doubly able to appreciate the turning of the tide, observes a writer in London Answers. Unlike many other prisoners General Townshend seems to have been quite well treated and was described during his term of captivity as "the best-dressed man in Constantinople."

This recalls the amusing message which he sent by wireless from Kut to London in the early part of 1916. He stated that he would be wanting his evening clothes at an early date! There were some who took this seriously and wondered why a British general should trouble himself over such trivial matters as this in war time.

But the wise knew that the wire was sent to reassure his family and to perplex the Turks.

NEMESIS OF THE HUN SUBMARINE

One of the greatest enemies of the U-boat was the "Q" ship Suffolk Coast, which cruised around as a harmless sailing vessel until one of the U-boats would come up to attack, then the sides of the ship would open up and usually the sinking of another U-boat would be reported by the British admiralty. This photograph shows the forward hatch open with the gun in action.

The crew consists of seven men. The raft took six months to build and contains as much wood as four big steamers, and is held together by an ingenious system of steel cables and wires.

Colds Coughs Catarrh

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked.

PERUNA CONQUERS

The experience of thousands is a safe guide to what it may be expected to do for you. Liquid or tablets—both tested by the public and approved.

After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazing quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach

in an awful shape. I tried three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my great surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu" fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.
