We believe that it pays to give our customers service and satisfaction; that is why we want to sell you a

DE LAVAL
CREAM SEPARATOR

Here's why the De Laval is the cheapest machine to buy:

- It will pay you in cream saved from \$3 to \$5 a cow every year over an inferior or half-worn-out cream separator.
- It will pay you in cream saved from \$10 to \$15 a cow every year over gravity skimming.
- It will give you a heavier and better cream, the kind the creameryman wants, the kind that gives you more skim-milk for your stock.

It will last two to ten times as long as other cream separators. Figure it out for yourself and you will see why the De Laval is the most economical.

And added to it all is the immeasurable satisfaction of owning a machine that "works like a charm" 365 days in the year.

We know that when we sell you a De Laval we sell you a machine you'll be proud to own. We sell them on liberal terms. Come in and talk it over.

THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

President Wilson left for Paris yesterday to again take active part in the peace conference. One might be justified in wasting a moment wondering what Professor Wilson would have thought could he have foreseen or been told what the future held in store for him?

Few merchants deny that it pays to advertise. Few there are who affirm that money spent in advertising is simply money contributed to support the local paper. Now comes the U.S. Department of Labor, Information and Educational Service with the statement that "The surest and quickest way to bring business up to its pre-war standard is to advertise." Make a note of that. And note that the big tobacco companies and others are not carrying ads in the Chief because of any personal interest in the paper. They are there simply because it pays.

There are so many items of interest and importance the editor cuts short his personal chat

counties to be benefited by the highway have proven to be a trifle dormant in weeks passed, instead of making provisions to secure due financial aid required in the construction and marking their necessary quota of mileage, yet he is convinced, as the benefits to be derived are so plainly observable, it will be no great task, to yet finance the same, now that they have been awakened to the

City Council in Session

In the absence of Mayor Damerell from the city, President of the Council, A. R. Saladen called this body together, in regular session, at the Council chambers, on Tuesday evening, with all members present. After the reading of the minutes of the February meeting, the report of S. R. Florance was read and ordered placed on file and the Council then selected the following judges and clerks for the coming municipal election:

FIRST WARD

Judges—R. P. Weesner, Geo. Clauson and Clark Stevens.

Clerks—Floyd Turnure and C. H. Kaley.

SECOND WARD

Judges—D. H. Kaley, J. N. Pope and D. B. Burden.

Clerks—Ed Garber and H. C. Gelatly.

Said election to be held in the usual voting places, in the Council chambers in the First Ward and the Fireman's hall in the Second Ward.

On Councilman Trine bringing up the matter of cleaning up the streets, alleys and vacant lots before the spring rains begin Messrs. Hamilton and Trine were appointed to look up the ordinances and recommend any change that is necessary to enforce same.

The following claims were allowed:

J. A. Bradford	\$150.00
W. A. Patten	115.00
A. Clark	110.00
Fred Fearn	52.80
Lee McArthur	39.75

Smith & McKimney	7.00
Mayer Coal Co.	242.06
C. F. McKeighan	18.71
Barrett & Mountford	49.90
Grant Turner	7.95
Geo. Trine	9.75
C. R. Lewis	26.00
Cramer Co.	44.70
Mid West Electric Co.	43.70
Carl McArthur	6.00

WILSON-JENSEN

Edward Myers Wilson, son of Arthur Wilson, was united in marriage Wednesday at high noon to Miss Lucile Christina Jensen, at the home of the bride's parents. The wedding occurred in the presence of the immediate relatives. J. L. Beebe tied the knot after which a sumptuous dinner was served. Lucile is the daughter of Mr. and Mrs. C. S. Jensen residing near Indian Creek. She is a most excellent and industrious young lady. She knows how to work and will do her share of the duties that fall to married life. Edward is an honored young man and kindly disposed and the young lady who has secured his heart can be glad the rest of her days. The groom was dressed in a fine blue serge and the bride in blue silk poplin. Mr. and Mrs. Wilson will be at home shortly on the Arthur Wilson place, nine miles northeast of Red Cloud, and will be glad to meet their many friends.

Dr. R. P. Hoxey accompanied his wife to Hastings Wednesday where the lady will receive medical treatment in a hospital.

Mr. Jas. Peterson was in Cowles Monday where he purchased the implement stock of the Farmers' Union there. He expects to place a man at Cowles in charge of a modern implement and machine branch store.—Guide Rock Signal.

There has been considerable burglary going on in Superior the past week or so. Several of the stores have been broken into, and many have discovered in the morning that their doors had been tampered with the night before. Tuesday night some time after 2 o'clock, R. J. Stephenson's store was broken into and considerable money taken. Just what else was stolen is not known. The thieves entered by way of the coal chute in the sidewalk. The Concordia bloodhounds were sent for. They were at once taken to the place where the robbers are supposed to have made their exit. The dogs followed a trail across the street on Commercial, north around the City Library, east, and then south, but seemed every time to lose the scent near Dr. Butler's office. For some reason or other the dogs could not go further and they were taken back without having produced results.—Superior Weekly Journal.

The Midnight Patrol

ALSO A GOOD COMEDY

ORPHEUM Monday, Tuesday

TO THE PUBLIC

This is for you. I am shut in by order of the health board. My girl has the "disease X," as the latest decision of the wise ones term it. Our physician calls it grippie. The health board tacked up a big sign reading "Influenza." I do not believe the gentlemen and ladies know what they are doing, but it is up to them to do something. They closed schools, churches and theatres for several weeks, and then discovered that it was a worthless thing. Then came nose bags. Now they are discarded. Somebody suggested squirting serum into the victims. That is said to be worthless. Next came a mild form of quarantine for all but doctors. They go where they please. Every day they pass from house to house. A superstition prevails that somehow they sterilize themselves, or "take" something to protect themselves and the public against diseases. I wish I could put across something of that sort and go on about my business. Yesterday I wanted to attend the football game but could not because I had been in the room with my sick daughter. The health officer, who no doubt had been in dozens of rooms yesterday with sick folks, was on hand to enjoy the sport. That made me mad when I heard it. Last night he attended his lodge and had a pleasant time. In all this he shows good sense and taste. I would do the same if I could. The difference between us is that he is a doctor and I am a preacher.

One of my parishioners died yesterday and I was called to conduct the funeral today, but the officials say I cannot go out. The family understands. Tomorrow will be Sunday, but I cannot discharge my duties. I have employed a brother minister of Los Angeles to take duty for me, and I want to urge you who lean our way to hear my good friend preach. He will not disappoint you. I also invite the health board to put on nose bags and visit us.—Rev. Edward Statom in Orange County Tribune, Fullerton, California.

L. E. TAIT,

1514 N. St. Lincoln, Neb

A deal was recently closed between Mrs. Vet Widdersheim and Robert Boyd and their mother, Mrs. H. B. Boyd whereby the two former neamed became the owners of a fine quarter section each of as fine farm lands as can be found in this section of the country. In the transaction Mrs. Boyd deeded each an eighth and sold them an eighth, the consideration being \$20,000, divided equally between the two purchasers. Robert gets the home quarter and Mrs. Widdersheim the east quarter adjoining just across the road. Either of these farms would have sold on the market for \$20,000, and the new owners have farms they can justly feel proud of. They rank with the best in Webster county.—Bladen Enterprise.

One feature of the good road program is that of satisfying all concerned as to the exact locations of the initial projects. In this everybody cannot be suited. It is a problem in which those in the towns as well as the farmers should assume an unselfish, unprejudiced attitude. All should be unanimous—get back of early activity in road improvements and once those in charge decide on places where the improvements are to be made then all complaints should cease and all give hearty support of the program. This is the only kind of spirit with which to successfully further the good road building in the counties of Nebraska.—Adams County Democrat.

TOMORROW'S MAN

What is done in childhood days to enrich the blood and build up rugged health often makes or breaks the man of tomorrow. The growing youth, with nervous energy overwrought, needs constant care and

SCOTT'S EMULSION

to help maintain strength and vitality equal to withstanding the dual strain of growth and wear and tear of the body. The reputation of Scott's is based upon its abundant nourishing qualities and its ability to build up strength.
