RED CLOUD

We believe that it pays to give our customers service and satisfaction; that is why we want to sell you a

DE LAVAL CREAM SEPARATOR

Users of De Laval Cream Separators have carried away every first prize awarded at conventions of the National Creamery Buttermakers' Association during the last twenty-five years. The record is unbroken.

That ought to be proof enough that cream separated by the De Laval is superior to any other.

The reason is that De Laval bowl design, together with low speed, enable the delivery of butter-fat globules unbroken in their natural condition.

The NEW De Laval is the "blue-ribbon" separator.

You can buy a NEW De Laval from us on liberal terms. Come in and look it over and see how the Ball Speed-Indicator works.

**THE RED CLOUD CHIEF**  
Red Cloud, Nebraska.  
PUBLISHED EVERY THURSDAY  
Entered in the Postoffice at Red Cloud, Neb. as Second Class Matter.  
A. B. McARTHUR, Editor and Owner  
THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

Owing to the fact that Mr. Quigley is unable to get here this week, Browns has the pleasure of one more editorial chat.

It is reported that Uncle Sam has decided to maintain a standing army of 500,000. Fifty thousand volunteers are called for to go across and aid in the rehabilitation of devastated countries. Young men with a desire for army life and those who have appetites for mere are eligible under the rules and have here an opportunity to satisfy their longings.

We do not know the man's name but someone evinced a considerable bit of "horse sense" in digging a little drain ditch perhaps six feet long and six inches deep, thereby making it possible to walk the crossing at 8th ave and Webster St., with out slopping through mud or water. Residents of the north section should tender the unknown gentleman a vote of thanks.

When the ladies take hold of civic affairs look out for a real cleaning-up time. The P. E. O. organization is out urging and assisting in getting Red Cloud into presentable shape for the coming spring and summer. It's a good move and the ladies deserve commendation for their effort. Boost the move along by doing your share. Make Red Cloud a "spotless town."

Opposition to the League of Nations, which swept across the country much as fire sweeps over a prairie, is apparently subsiding in the same manner. Ethel Root, than whom no man is better qualified as a judge, admits that under present conditions "the United States cannot quit." Mr. Root's statement carries more weight because of his calm and careful criticism and suggestion. A League of Nations is a necessity of today and furnishes an only bulwark against possible wars.

The Signal will be glad to welcome editor A. B. McArthur back to Webster county newspapers circles. He has been discharged from the service and will take over the Red Cloud Chief, which he owns, on April 1st. Mr. Browne, the present editor, we are sorry to see go, as he has published a creditable paper and the publication has not suffered in the least in his able hands. Mr. McArthur was one of the first to answer his country's call. He is patriotic and democratic to the fullest meaning of the word. He is deserving of the honor and success that is bound to come to him. He is a young man of sterling qualities. Again, we express our welcome.—Guide Rock Signal.

If the Chief were to quote from the bible as to "turning the other cheek," "giving him your coat also," and comment thereon to the effect that such theories were not applicable under the present-day conditions no one would be so foolish as to accuse it of denouncing Christianity. Last week the Chief demurred to the use of quotations of specific utterances from the forefathers of our country as arguments against a specific action of today—i. e. the League of Nations. Our republican friends up the street twist this comment into a criticism of the democratic party and its principles. Nothing of the kind. A weak point in republican argument is continued tendency to use quotations without elucidating co-relative conditions.

The slogan for April, "Bring Them Back." The final war loan—the Victory Loan—will be put out within a few weeks. The American soldiers were called to put out a fire. They went at the job without hesitation and finished it in a manner most commendable. The world rings with praises for their work. The citizen-soldiers here—the civilians who have or can obtain some dollars for investment—are to be asked to do a patriotic duty in aiding to get the war soldiers back to their homes. Perhaps one of these is your boy. If not he is your neighbor's boy. They are all somebody's boys. Put your money into one of the best and safest investments ever offered—a Victory Bond or a War Savings Stamp—and "Bring Them Back."

Voluntary Observer Chas. S. Ludlow reports a rainfall of 4.71 inches since January 1st, this year, with the mean temperature for March of 41; Maximum 75; Minimum 80. A total snowfall for March of 1.05 inches with 14 clear days, 6 partly cloudy and 11 cloudy. Also a light hail and thunder storm on the 28th.

**FARMERS AGAIN INDORSE BOY'S WORKING RESERVE**  
The National Board of Farm Organizations, representing millions of American farmers, has again come out squarely in favor of the United States Boy's Working Reserve as a means of overcoming farm labor shortage and has included the Reserve in its recommendations regarding farm labor.

The national board represents the following organizations: The Farmers' Educational and Cooperative Union of America, National Council of Farmers' Cooperative Associations, National Dairy Union, Pennsylvania Progress Association, American Association of Agricultural Legislation, Inter-Mountain Sugar Beet Growers' Association, National Agricultural Organization Society, Farmers' National Congress, National Conference on Marketing and Farm Credits, National Milk Producers' Federation, Federation of Jewish Farmers of America, and Farmers' Society of Equity.

How to Train Your Mind

The man who makes most of his mind makes most of his life. A free course of twenty-six lessons leading to higher mental efficiency by Dr. Marvin E. Dana will appear one each week in the Sunday State Journal; the same kind of lessons for which many are paying large fees. Journal readers will secure them free. This course is an opportunity for old, young and middle-aged, of the student, the worker and the professional man, of every one who wants to make the most of life thru mental mastery of his work. A great mystery story is just starting, a page a week, "The Mystery of the Downs." Also a series of page articles by Stephenson telling of his marvelous experiences in the arctic. Potash and Pechnutter are telling of the peace conference. The Sunday Journal is being made better every week. A clever comic strip, The Gumps, has just been added to the daily. Why don't you order "The State Journal"? Forty cents a month without Sunday or \$1 a year, sixty cents a month with the Sunday, \$6 a year. Send your order today and commence with these new features.

Farm Bureau Notes

CALF CLUB

We are making our last appeal for members in the Calf Club, as we expect to go out soon and purchase the calves for the members. The enrollment to date is satisfactory, and the Calf Club will be a go. Boys and girls wishing to become members should sign up an application blank with the State Bank of Red Cloud or the county agent. The following boys and girls have enrolled:

Vaughn Lewis, Bladen; Cecil Means, Red Cloud; Charles Reigle, Red Cloud; Renfrew Pitney, Inavale; Lawrence Means, Red Cloud.

FARM BUREAU MEETING

Our first Annual Meeting of the Farm Bureau which was to have been held February 15, but which on account of bad weather had to be indefinitely postponed, will be held Saturday, April 12, at 10:30 a. m., in the courtroom of the courthouse. Mr. J. L. Gilmore will address the meeting.

The Board of Directors requests that all School District Co-operators and Local leaders be present and hear Mr. Gilmore, as he will fully explain their duties to them. The following programme will be carried out:

- 1:30—President's Remarks, Joe Gurney.
- 1:45—Secretary's Report, Carl Fausch.
- 2:00—Annual Report, County Agent.
- 2:30—Address "Organization, J. L. Gilmore, Lincoln.
- 3:30—Election of Officers. One director to be elected from the vicinity of each of the seven towns in the county.

Every one is invited to attend the meeting in the afternoon and hear Mr. Gaines address on Organization.

FARM LABOR

WANTED: Married men and single men to work on farms. Good places and good wages. Any one wanting work on farm call on the county agent. We can place a dozen or more men.

HENRY R. FAUSCH, County Agricultural Agent

Hastings Pop and Soda Water Reduced in Price

In view of the high cost of materials and products the Hastings Bottling Works have announced a decrease in price, per case, of their product.

This month the Western Bottling Works resumed their manufacture of Pop. They closed last fall owing to sugar shortage, preferring to close their plants rather than use substitutes in the manufacture of their product. This week they put their product out to the trade at 75 cents per case, making it possible for the dealers to again resume the sale of 5 cent Pop. During the time they were closed Pop retailed at 8 cents per bottle.

Two days following the reopening of the Western Bottling Works, manufacturers of Kohl Pop, the Hastings Bottling Works announced a price of 70 cents per case. The Hastings Bottling Works did not close during the sugar crisis but continued to manufacture their product and placed it on the market, at retailers in Hastings, at 90 cents per case, prohibiting the standard popular retail price of 5 cents per bottle.

Hastings—the Pop Centre—Offers Not Cheaper Pop BUT Pop at a Cheaper Price DON'T PAY MORE THAN 5c PER BOTTLE FOR POP

A CHILD MUST GROW

A child cannot choose its period of growth. Nature attends to this with laws well-nigh inalterable. A child of retarded growth or feeble vitality needs and should have help to promote healthful growth.

SCOTT'S EMULSION

abundant in nourishing substances that promote growth and strength, is invaluable in its help to a growing child. Scott's helps a child over the weak places. Scott's helps a backward child develop naturally.
