Taken from Nature—The wild roots and barks that go into the composition of one of the oldest and best known blood-tonics are gathered mostly on our reservations—brought or shipped to Dr. Pierce's Laboratory in Buffalo, N. Y.

Dr. Pierce discovered 50 years ago, that Nature has provided freely for the needs of her children and that in her laboratory were the remedies. Extracts of Queen's root, Stone root, Black Cherry-bark and Bloodroot, as prepared, combined and preserved without alcohol, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue-rebuilding remedy ever offered to the public.

It is purely vegetable and free from alcohol or narcotics. It will search out impure and poisonous matter and drive it from the system. Buy it now in tablets or liquid. All druggists, or send Dr. Pierce, Buffalo, N. Y., 10c for trial package.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away.

Rigid Economy.

Mr. Pester—You've been downtown spending money again after I told you we'd have to be careful.

His Wife—I think you're perfectly horrid. I took a car to the city to mail a letter to mother 'cause I could mail it there for two cents when it cost three out here.

Commuter's Hope.

"I'll be heartily glad when they get the airship perfected so that it can take a share in general passenger traffic," remarked Mr. Crosslots.

"It will save time."  
"I don't mind the time. But I don't believe they will ever perfect an airship that will require a passenger to hang onto a strap instead of providing him with a seat."

Disgusted.  
Hostess—I'm sorry you found Miss Biggle a poor conversationalist.  
Jack—Poor conversationalist? She's absolutely the limit? Why, the only thing she said to me the entire evening was "no," and I had to propose to her to get her to say that.—Boston Transcript.

His Political Belief.  
The question asked for an explanation of "the spoils system," and "how long did it last?"  
A politician's son, the nature of whose party was very evident, wrote: "When Andrew Jackson became president he put all the Republicans out of office and took in Democrats instead. This system was called the spoils system. We still have it whenever a Democrat wins the election."—Indianapolis Star.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.  
The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.  
Kidney disease is usually indicated by weariness, sleeplessness, nervousness, dependency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.  
All these derangements are nature's

Not So Bad, at That.  
Somebody has called attention to the fact that a recent advertisement listed domino sugar under the heading of "meat specials." Well, whass wrong about that? Isn't sugar the next thing to sweetmeats? Very well, let's pass to the next.

The Alternative.  
Hubby—I will not stand these shopping bills of yours any longer.

His Handicap.  
"Here, you blundering boob! What's the matter with you?" snarled a pedestrian who had collided with Jud Jostle of Grudge, who was wallowing around in Kansas City's midst. "Confound your clumsiness! Why don't you keep to the right?"  
"Cuz I can't!" answered the offender. "I'm left-handed, and I get so rattled that I keep forgetting which is which."—Kansas City Star.

American Triumph.  
Before the war, exports in dyestuffs from the United States were \$200,000 a year. In 1918 the figures ran to \$17,000,000. American textile manufacturers, when the war broke out, were panic-stricken, because they believed that Germany was the only country that could produce fine dyes. American chemists, however, came to the rescue and are now producing dyes better than the German.

No, but They Think It Is.  
"I fear these two citizens are having a warm argument about the war."  
"You are mistaken. Each is trying to convince the other he has the better furnace."  
"Is that anything to quarrel about?"  
"It would be if they had the same make, but they haven't, and since each one regards himself as an authority on heat units, hostilities are liable to begin at any moment."—Birmingham Age-Herald.
