**County Chairman Entertains**

County Chairman J. W. Auld banqueted and entertained about twenty five Committeemen and ladies representing the Liberty Loan at the Royal hotel Monday evening.

Among the guests of honor were Mrs. Peterson, of Aurora, chairman of the Ladies' committee and J. W. Marvel, of Hastings, district chairman of the Men's committee. They were the principal speakers of the evening, their subjects being "The Fifth Liberty Loan." The purpose of the gathering was to outline plans for the Loan work in this county.

Representatives of the various lodges and churches of the city were present.

County Chairman Auld informs us that everything is now in readiness for the drive and that indications are that Webster county will make good her quota in this drive as she has done in the previous drives.

**Celebrate Liberty Loan Day**

Saturday will be Liberty Loan Day in Red Cloud. The committee in charge of the celebration met Wednesday afternoon and completed all arrangements for the gala event.

One of the war tanks, from the battle fields of France will take part in the program and several prominent men will speak on the Fifth Liberty Loan.

Another big feature will be the big parade. It will be headed by the Red Cloud Concert Band, followed by members of the Boy Scouts, members of the Commercial Club, returned soldiers and sailors, in uniform, school children and patriotic citizens. The parade will take place between two and two-thirty in the afternoon.

The reception committee, Mayor Robt. Damerell, Col. Hesse, Alf McCall and Rev. J. D. Hammel. Judge Ranney will be in charge of the program, H. C. Gellatly, marshal of the day and Attorney H. S. Foe in charge of the soldiers and drill.

The committee requests that all returned soldiers and sailors be on hand and take part in the parade, after which they will be given free admission to the Orpheum theatre, and also the guests of the Commercial Club.

**Receives Judgement for \$350**

The case of Raymond Scott, a boy of about fourteen, who was run over by a Ford touring car, in front of the Bon Ton Bakery a year ago, April 2nd, was tried in the Franklin County District court at Bloomington, last week. Judgment was received for \$350 and costs. Although the doctors, who testified in the case, found injuries that may be permanent, the jury composed mostly of farmers could not see any great amount of injury to the young man. Attorney E. G. Caldwell was attorney for the plaintiff.

It will be remembered that the boy was riding a wheel and had no knowledge of the fact that the car was bearing down upon him, as its driver turned around in the center of the block instead of making the turn at the corner, as specified in city traffic ordinances. The boy was thrown from the wheel, falling on the pavement and two of the wheels of the car passing over his body. That he escaped death is nothing short of a miracle. This should be a warning to car owners and drivers.

R. B. Thompson of Cowles was in the city Wednesday morning.

Kenneth Williams, a former resident of this city, is visiting friends here. He was in the 11th Aviation Corp at Carlston Field, Florida, and has recently been discharged from the army.

Albert Soderlin returned home Friday evening from Camp Dodge, where he was discharged from the army. He was a member of Co. G, 4th Inf. and saw considerable fighting in France.

**Webster County Sunday School Convention**

On Thursday afternoon, at the M. E. church, assembled the twenty-ninth Annual Convention of the Webster County Sunday School Association, Miss Margaret Ellen Brown, General Secretary of the Association, and the business manager, Mr. W. H. Kimberly had arrived and with the President, A. J. Fry, and the Convention Chorister, N. B. Bush, present, the active work began.

This counsel was inspired by the spirit of christian union and effort to express fellowship and bring the Sunday School into united service, to secure a larger combined influence in all matters affecting the moral and social condition of the people. It considered the differences that divide as nothing in comparison to the many matters that unite. After the opening song service, the devotionals were led by Rev. Beebe, in the absence of Rev. Hageman of Cowles. Greetings were extended by President Fry, after the delegates were apportioned out to the many hospitable homes of Red Cloud, by the reception committee.

Mrs. Ruth Eshelman gave a splendid talk on "The Teacher That Teaches." She described the ideal toward which all Sunday School teachers were to work, and proved to be a great inspiration for the workers.

Many of the numbers scheduled were not given as the delegates had not all arrived. Their subjects were taken as a general discussion before the convention.

W. H. Kimberly gave many valuable suggestions as to the new ways and methods employed today, in his discourse on "The Stuff That Is Taught In The Sunday School." In this reconstruction period when we must (more than ever before be doers of the Word and not hearers only) realize that Sunday School teachings must be very forceful to meet the needs of our young people. We are becoming more awake to the fact that a great wave of unbelief is sweeping over Christendom.

Mrs. Fay of Blue Hill, was unable to do her part in the program as was Nellie Christy of Gulde Rock. Their subjects were taken as a round table for all.

Every day at four o'clock Miss Brown held the "story hour" for the school children. Such helpful little stories encourages the children. Those, who in childhood, learn the story of the Bible are indeed fortunate. "David and Goliath" is more fascinating the "Jack the Giant Killer." The Bible is a veritable "Arabian Nights" of entertainment when you become familiar with it.

During the evenings it seemed that more interest was shown and more people present to respond to the program.

The discourse on "The Unfolding Life," by Miss Brown, was as interesting as all the other addresses throughout the entire Convention.

The Convention Chorister deserves much praise for his work during the convention as well as in securing such a splendid choir.

"Missionary Instruction In The Sunday School," was another fine subject for discussion and considerable time was devoted to it.

"Preparation and Presentation Of The Lesson Story" was a problem discussed by all. Miss Brown endorsed the grade lesson plan and suggested that work in the primary departments be conducted as in day schools. The Sunday School workers received information that will prove to be a great benefit to them in preparing their programs for ensuing sessions of the Sunday School. In all the Convention was deemed a success.

James McIntosh spent several days of last week grading Webster street, between sixth and ninth avenues. It was badly needed. Let us hope that the next step taken along this line will be on the street leading to the depot.

**Would You Buy**

a paste diamond if you could secure a genuine stone at no greater cost? Then why be satisfied with a mere imitation of a singer's voice when by purchasing

**THE NEW EDISON**  
"The Phonograph with a Soul"

you can secure its RE-CREATION, pure, sparkling and flawless.

**New Welworth Blouses**

Models that are pleasingly distinctive

It's always welcome news to many women to learn that we have received a new allotment of these very desirable WELWORTH BLOUSES, for they have found from experience that there's always something pleasingly different about a WELWORTH model, and

that they have all the attractiveness and many of the worthwhile qualities usually incident to much more costly Blouses.

Sold here and everywhere \$2.50 at the same modest price

One of the new models has the front trimmed with tiny tucks crossing wider lateral tucks, while the large collar and reverses are trimmed with fine imported St. Gall Venice lace.

Another late arrival is a particularly pleasing round neck model, with dainty embroidery, hemstitching and two rows of pearl buttons ornamenting front, and with embroidered collar edged with Val lace.

Welworth Blouses in this city can be sold here only.

**Malone-Gellatly Co.**

On Tuesday evening about seventy people met and surprised Mrs. J. L. Beebe, the occasion being her birthday. She received many presents from the members of the Ladies' Aid society and other members of the surprise party. Luncheon was served and all departed wishing Mrs. Beebe many happy returns of the day.
