selected as Field Secretary, who had
volunteered, so it is said, his services
in the way of attending to all outside

The following is taken from Tues-

HOLDREDGE, Neb., April 21—The

aska Teachers' Association was the
largest sectional association ever held

sive program for the district associa-

of Nations."

tutional convention; endorsing move-
ment for better physical equipment
for youth; endorsing large school dis-
tricts; commend the vocational educa-

"How I Saved To Buy W. S. S."

The County School Superintendent
has received word from the State War
Savings Headquarters that all pupils
in the county will be asked to write
a letter on "How I Saved to Buy War
Savings Stamps." This letter must
not be of more than 150 words and
must be in the hands of State Direc-
tor, C. T. Kountze, by the 15th of May.
The letters will be judged according
to the age and grade of the pupils.
Several of the best letters will be
published in this paper.

Definite instruction will be sent to
all the teachers regarding the writing
of this letter. These instructions will
come through the County Superintend-
ent's office who is working with the
Nebraska War Savings Committee in
the teaching of Thrift in the schools.
This letter is a part of the Thrift
work that is to be carried on in the
schools. It is the desire of the State
and County School and War-Savings
officials that the parents also take an
interest in this work and encourage
the children to do those things sug-
gested by the officials that will help
to stimulate the idea of Thrift.

ENCOURAGEMENT FOR
MILK PRODUCERS
Nebraska College of Agriculture
dairy specialists believe milk pro-
ducers should not be discouraged by
continued high feed and labor prices.
Dairy product markets are constantly
expanding. United States export
condensed milk increased from 16 mil-
lion pounds in 1914 to 350 million in
1918. War had a good deal to do
with this, of course, but indications
point to a continued large demand in
Europe for American dairy products.
