Why Don't You Buy The Best Range?

You buy the best tools to work with for your farm shop or office. You do this as a matter of economy. You know it pays. When you find yourself annoyed with some poor tool you replace it with the best you can find on the market.

The important part of a home equipment is the range. Ask your wife or mother if she is perfectly satisfied with the range she is using. Then see

Land for Returned Soldiers

House Of Representatives U. S. Washington, D. C.
September 20, 1919.

Dear Editor:— Repeatedly I am asked to furnish information relative to the Homestead situation in this country. Interest in this particular subject is especially keen at this time because of the great number of "Service Men" who are returning to civil life and because of the general readjustment that is going on in this country.

The Department of Interior issues its circular No. 649, under date of July 1, 1919, showing the area of land, by states and counties, that was unappropriated on July 1, 1919. The report, so far as it relates to the Middle West States, shows:

Colorado	9,547,978 acres.
Idaho	10,688,608 acres.
Montana	7,133,594 acres.
Nebraska	92,826 acres.
South Dakota	561,209 acres.
Wyoming	22,387,979 acres.

The circular describes the land, in general, as follows: Colorado:—Agricultural, grazing, mountainous and mineral. Idaho:—Mountainous, dry farming, grazing and mineral. Montana:—Mountainous and grazing. Nebraska:—Grazing, rough and sandy. South Dakota:—Grazing, timbered, low and wet, and lake bed. Wyoming:—Grazing, dry farming and mountainous.

The cities at which District Land Offices in the various states are located are given as follows:

Colorado:—Del Norte, Denver, Durango, Glenwood Springs, Hugo, Lamar, Leadville, Montrose, Pueblo, Sterling.

Idaho:—Blackfoot, Boise, Cour d'Alene, Hailey, Lewistown.

Montana:—Billings, Bozeman, Glasgow, Great Falls, Havre, Helena, Kalispel, Lewistown, Miles City, Missoula.

Nebraska:—Alliance, Broken Bow, Lincoln.

South Dakota:—Belle Fourche, Pierre, Gregory, Lemmon, Rapid City, Timber Lake.

Wyoming:—Buffalo, Cheyenne, Lander, Douglas, Evanston, Sundance.

Interested persons should inform themselves fully in regard to the character of the land by corresponding with the United States Land Agent in the locality to which they wish to go, before incurring any expenses.

Under existing laws "any officer, soldier, sailor or marine who has served not less than 90 days in the Army, Navy or Marine Corps of the United States during the war with Germany and its allies, or during the operations in Mexico or along its borders, who have been honorably discharged, who has not exhausted his homestead right and who makes his homestead entry, is entitled to have the term of his service, but not exceeding two years, deducted from the three years residence required under homestead laws. If his service continues after the end of the war under the same enlistment, (having served 90 days during the war), he may have credit for his entire period of service. If he was discharged on account of wounds or disability incurred in the line of duty, he obtains credit for the whole term of enlistment; and said term extends to the end of the war if he enlisted or was drafted for its duration. However, in neither of these cases can the credit given exceed two years.

With respect to the operations in Mexico or along the borders thereof, the privilege is given to persons in the National Guard of any state engaged in the service of the United States."

The foregoing quotation is taken from Circular No. 641, issued by the Department of the Interior. Those who may desire copies of the circulars indicated above will probably be able to secure them by addressing a request directly to the Department of the Interior, General Land Office, Washington, D. C.

The information outlined above is furnished not only for the convenience of the soldiers, sailors and marines and others directly interested in the homestead question but also for the newspapers that may find it useful in answering inquiries addressed to them. If I should be able to render any additional service in connection with this matter, kindly advise me and I will take pleasure in doing so.

Yours very truly,
W. E. ANDREWS.

Eli E. Pontor, of Clifton, Illinois, and Miss Emily Nellie Detour, daughter of Mr. and Mrs. Isaac Detour, were united in marriage by Father Fitzgerald at the Catholic church Wednesday morning.

COME TO US FOR YOUR FURNISHING GOODS

There's No Shortage of Clothing Here

There is hardly a store in the whole country that can truthfully make such a statement as above, but because of a very successful two weeks spent in the eastern markets our stock of mens and young mens suits is the most complete to be found in southern Nebraska or northern Kansas.

The clothing market is in a very precarious condition. Because of strikes and a shortage of labor in all lines of clothing production shipments have been and will continue to be very slow all fall. Up until last week we had received very few suits of our fall purchase. Realizing the necessity of securing more clothing Mr. Cowden spent 2 weeks in the east. As a result we have received since his return

68 New Suits, Mostly Young Mens Models

and a good shipment of OVERCOATS included in this splendid assortment will be found all the new styles in single breasted models, with or without seams; many with belts; some made with patch pockets; others with slash, and regular. The VERY NEW high waisted, double breasted style, with or without belt and waist seam, all splendidly tailored of durable fabrics, and all in the popular shades—Blue, Green, Brown and Grey mixtures, priced from

\$25.00 to \$50.00

You will make no mistake in selecting one of these desirable suits and overcoats
