GENERAL DIRECTIONS

Mount school work on cards 22 inches by 28 inches, the long dimensions of the cardboard to be exhibited in a vertical position. Mark on the back of the cardboard the class and number of the exhibit for which the work is entered. Mark the district number, the number of grades in the school and the number of pupils in the school. In mounting the work, paste on the top edge only, and write near the bottom and on the underside on the piece of work the name, age and grade of the child. Also the teacher's name and address.

Judging—The exhibit will be judged upon the arrangement, general appearance, quality, variety and educational value of the work. The judges will also take into consideration whether or not the work is representative of the whole school of only a few of the pupils.

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samsoun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.
