**Raised Large Amount of Feed**

The Republican river valley country of southern Nebraska, and tributary territory, landed on the Kansas City market today a stock train in two large sections, the largest one day shipment received from that country in many months. While cattle feeding is reported to be less generally in that section, yet the territory is very large, and the aggregate supply of stock is always large.  
 "In my neighborhood there seems to be a considerable amount of feeding going on," said L. D. Mercier of Inavale, Neb., on the first section of this train. "On my section were 65 carloads of stock, hogs and cattle. We raised a large amount of feed last season, alfalfa and corn. Alfalfa is selling in the stack at \$18 a ton, and elevator men are paying \$1.35 for corn. The corn is of good quality, and goes a long way in feeding.—Monday's Daily Drovers Telegram.

**Civil Service Examination**

An open competitive examination under the rules of the U. S. Civil Service Commission for the position of Clerk (Male and Female) in the Post Office Red Cloud, Nebraska, will be held on Saturday, January 10, 1920, commencing at 9 o'clock a. m.  
 Applications for this examination must be made on the prescribed form, which, with necessary instructions, may be obtained from the Commission's local representative, Marion Bloom, Secretary Civil Service Board, at the Red Cloud, Nebraska Post Office, or from the undersigned.  
 All persons wishing to take this examination should secure blanks and file their applications with the undersigned at once in order to allow time for any necessary corrections and to arrange for the examination.  
 Mr. J. M. Shoemaker Secretary Civil Service Board St. Paul, Minnesota.  
 An Act of Congress approved July 11, 1919, provides: "That hereafter in making appointments to clerical and other positions in the executive branch of the Government in the District of Columbia or elsewhere preference shall be given to honorably discharged soldiers, sailors and marines, and widows of such, and to the wives of injured soldiers, sailors and marines who themselves are not qualified, but whose wives are qualified to hold such positions."  
 Applicants who are entitled to the benefit of this act should attach to their applications their original discharge or a photostat or certified copy thereof or the official record of their service, which will be returned to them after inspection by the Commission.

**Congregational Church Notes**

The pulpit next Sunday will be occupied by our former pastor, Mrs. Mary H. Mitchell of Franklin. She will be warmly welcomed by all. Sunday School at the usual hour.

**Save A Dollar**

On account of the tremendous increase in the cost of paper The Lincoln State Journal will be compelled to increase its subscription price a dollar. One year's subscription within 600 miles will be taken for a short time at the old rate of \$6 for the Daily and Sunday; \$4 for the Daily only; \$2.50 for the Sunday only. The Journal is the largest paper in the state and prints more reading matter than any other Nebraska paper. The Associated Press and the exclusive Nebraska use of the Chicago Tribune leased wire service, together with unequalled features, make it Nebraska's Great Morning Newspaper. Nine-tenths of the people of the state can be better served by The Journal than any other paper. Try it the coming year, but send in now if you want to save a dollar.

**THE RURAL CHURCH**

To ascertain, humanly and statistically, how efficient and inefficient the rural church in America is today, and what readjustments can be made, specifically in Nebraska, machinery has been set up by the survey department of the Interchurch World Movement with headquarters in New York to make a study of this field, stressing Webster county.

In charge of this work in Nebraska will be Karl W. G. Hiller, State Supervisor, with headquarters in Lincoln. In charge of the work in Webster county will be G. A. DeFrance, of Guide Rock. Cooperating with him will be representatives of the denominations affiliated in the ranks of the Interchurch Movement.

This survey is one of 2968 which are being set up in rural centers all over the United States and the data from these points, when assembled by the first of the new year, will be laid word on the country church and its relation to the life in that particular community. All the data will be assembled in New York and later conferences will be held in the county survey centers to recommend action on the part of the local ministers and the church authorities with a view to improving conditions in their area and to solving the community ills that have been found to come from over-churching and under-churching.

Robert Lansing, Secretary of State, is the chairman of the general committee of the Interchurch World Movement, in which the following denominations now are cooperating, no denomination in the least losing its autonomy or independence:

Presbyterian Church in the United States of America (Northern); Presbyterian Church of the United States (Southern); Methodist Episcopal Church; Methodist Episcopal Church (South); Congregational Church; Disciples of Christ; Northern Baptist; Seventh Day Baptists; Reformed Church in America; United Presbyterian Church; United Brethren; American Christian Convention; The Society of Friends; Moravian Church and United Evangelical Church. In addition to these denominations, still others are related to the Movement in various ways and are drawing their work closer to the Movement as their official boards take action, while nominational boards have endorsed over 70 denominational and interdenominational boards have endorsed the Movement. Many leading clergymen and laymen of denominations not yet associated in the Movement are among its active supporters.

The relationship of each of the denominations named to the Movement is necessarily different from the others, due to differences in the church organization, legal powers of the church authorities and other causes. The various denominations and boards associated with the Interchurch World Movement represent approximately 200,000 churches with a membership of 25,000,000 persons.

Organization of the Interchurch World Movement began in January of this year, the idea of the Movement having been suggested by the Foreign Mission Board of the Presbyterian church of the United States (South). The general committee, whose new head is Secretary Lansing, consists of approximately 150 clergymen and laymen of evangelical churches and boards. John R. Mott is chairman of the executive committee. S. Earl Taylor, who was executive secretary of the Methodist Centenary, is general secretary of the Interchurch World Movement. The Movement has been taken up in Canada and the Dominion's interchurch organization is working in close co-operation with that in the United States.

*Greetings from the Men of the United States Army to the People We Serve*

In your present safety and peace we find our greatest reward of the year that has passed. The United States Army was the first institution of our Government. In all the years since it has never deviated from its high mission of insuring the continuance of our Government. With the dawning of the New Year, which we earnestly hope will be a safe and peaceful one, this following resolution and expression of faith of the men of your Army has ever been and will always remain immutable:

To above all love America.  
 To insure safety and peace.  
 To so worthily serve you that each of you will constantly think of each of us as your personal representative in the business of insuring to you the blessings of free America.

**Will You Let Entertain You Thomas A. Edison - In Your Home?**

That is what happens when an Amberola comes into your home. The wizardry of Edison—the Master Product of his Master Mind—furnishes you with years and years of entertainment—all the best music of all the world—reproduced in a superior way that none but Edison could accomplish.

**EDISON'S NEW DIAMOND AMBEROLA**

Among the large number of phonographs and "talking machines" on the market, the genius of Edison makes the Amberola stand out as the one perfect instrument for your home.

Thousands of families in the U. S. A. have purchased phonographs hastily, without careful comparison—and as a result they are repenting their choice at leisure.

You can safely trust the phonograph that has been perfected by the greatest inventor of the age. Choose the Amberola, and you will never regret your selection. The longer you possess an Amberola, the more you will appreciate its marked superiority over ordinary phonographs and "talking machines."

Its marvelous, pure tone will afford perpetual delight to yourself, your family, your friends. No metallic sound or shrillness—common phonograph faults—nothing but pure melody in every note from your Amberola.

No needles to change, with constant bother and expense. The genuine *Diamond Point Reproducer* of the Amberola is permanent.

And the wonderful *Amberol Records* are practically unbreakable and everlasting. You can handle them quickly, carelessly—yes, drop them—without fear. (You know how easily other phonograph records are broken.) And on these Amberol Records you have all the world's best music—the greatest singers, the latest songs and dances—to select from.

We will gladly demonstrate the superiority of the Amberola to you at any time. Come in today, tomorrow—bring the family along.

**FREE TRIAL In Your Home**

We will place an Amberola in your home for a 3 Days' Trial which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.
