Bargains in Kansas Lands

We have a man who is very much interested in his neighbors and friends that wants a home where they can double their money, this he knows by experience himself. He has traveled eastern Colorado and western Nebraska, which are good places, but he has found a place much better, with better soil, and grass and good water. This land yields more wheat, corn and barley, than any place he has traveled.

We have a very large lot of land, for sale, in Sheridan county, Kansas, the share of the crop goes with the place, if sold by May 1st. We have some good grazing land in this and adjoining counties, which can be bought cheap. He has traveled over several counties, before he bought. He bought one section nine years ago at \$20.00 per acre, and refused \$60.00 per acre last July. He has owned this section nine years now and during that time only two crops were very light. This section has paid for itself and paid for another section besides.

Now if any one wants a good home or a place to make money, come and talk with us and make arrangements to go out with us. These great bargains are only one hundred and twenty-one miles from Red Cloud, Nebraska, by railroad. We have a few farms you can have possession of in March, 1920. Price on this land runs from \$20 to \$60 per acre, except the grass land, which can be bought cheaper. Home office Red Cloud, Nebraska, over State Bank. Branch office Selden, Kansas, C. R. Carpenter, Manager. A. H. CARPENTER Red Cloud, Nebraska.

ENGLAND'S SECRETARY OF WAR DRIVES FORD

When Winston Churchill, England's Secretary of War, became interested in the British "Campaign for Economy," he indorsed it with true sincerity, and because of that sincerity, he decided his Rolls Royce automobile must be replaced by a smaller and more economical car. So he cast his eye about in search of one that would be low in purchase price and low in upkeep. The makes of cars bearing those virtues were few. Lord Churchill found just one; he bought it—A Ford.

Ordinance No. 61.

An Ordinance providing for the purchase of one two hundred horse power semi-diesel engine for direct connecting to generator one fifty in. x 18 in. cast iron pulley, fitted on extension shaft to be belted to generator now in use in the plant, and other installation equipment and declaring the existence of an emergency for the purchase of said engine. Be it enacted by the mayor and city council of the city of Red Cloud: Sec. 1. Whereas, an accident has happened to the engine in the Power Plant since the last annual appropriation rendering it inadequate to supply the necessary power for the electric and water system of the city and it is necessary to immediately provide for the restoration of said power plant, an emergency is hereby declared to exist. Sec. 2. The Mayor and City Council to provide for such emergency have determined to purchase the following described engine: one two hundred horse power Fairbanks Morse Semi Diesel Oil Engine equipped for direct connecting to generator. No generator to be furnished, but in place of same a 50 in. x 18 in. cast iron pulley to be placed on extension shaft for driving belted generator now in use at the plant, for the sum of \$14,870.25 as specified in the proposal of the said Fairbanks-Morse Company, on January 28, 1920. Sec. 3. The Mayor and City Clerk are instructed to sign the name of the city to a contract to the said Fairbanks Morse & Company, and the city of Red Cloud for the purchase and installation of said engine. Section 4. This ordinance shall be in effect from and after its passage and publication as required by law. P. C. POPE Mayor. Passed January 21, 1920. Approved January 21, 1920. Attest: O. C. TEEL City Clerk. (Seal)

Card of Thanks

We wish to thank our friends and neighbors for their kindness, sympathy and the floral offerings during the sickness and death of our son and brother, Lawrence Manly. Mr. and Mrs. James Manly and family.

Congregational Church Notes

Whitehead of Culbertson was in the city Friday morning between trains while enroute to Hastings.

Mrs. Dale Montgomery returned home Saturday morning from Oxford where she had been visiting relatives.

County School Notes

(By County Superintendent) Education And Statesmanship Less than 1 per cent of American men are college graduates. Yet this 1 per cent of college graduates has furnished: 55 per cent of our presidents. 36 per cent of the members in congress. 47 per cent of the speakers in congress. 54 per cent of the vice presidents. 62 per cent of the secretaries of state. 50 per cent of the secretaries of treasury. 67 per cent of the attorneys general. 69 per cent of the justices of the supreme court. 50 per cent of the men composing the Constitutional Convention were college bred. Better Trained Teachers Results Nearly two-thirds of the pupils in Oklahoma who were successful in getting their eighth-grade diplomas in 1918 were taught by teachers holding State and first grade county certificates, though these teachers comprise less than a third of the total number. The number of graduates was found to have increased in proportion to the quality of the teaching. \$1,100 Minimum For Rural Teachers It will pay to be a rural teacher in Baltimore county, Maryland, hereafter. Under the revised salary schedule, effective in 1920, a teacher in a one teacher school, with a normal-school diploma, will start at \$1,100, with a maximum of \$1,500, while regular teachers will begin at \$900 and go to \$1,300.

Cigarettes And Boys

A Wisconsin school superintendent who has been studying the cigarette habit among boys in his school finds out of 46 boys from whom he has been able to get information, 8 have never touched tobacco in any form, while the rest have used from one to two cigarettes a day since they were 10 or 11 years of age, some of the boys using as high as a dozen a day. He says: "The use seems to affect the boys differently. Two of the boys are in a nervous condition, cross about home and in school. Their standings are below par. "The other boys are not as a whole influenced by cigarette smoking apparently, except that the mind is impaired, the eyes tire easily, and their standings are below the standings of the girls of the same age."

In case exemption law is claimed and granted on account of youth over 14 years of age being lawfully employed for his own or dependent's support, such youth may, in discretion of those enforcing attendance law, be required to attend evening school not less than 2 hours each day for not less than 3 days a week, and for a school year of not less than 20 weeks. (Ch. 155, laws of 1919.) School board of any district having 15 or more children between ages of 14 and 16 who hold employment certificates shall establish part time school or class. Such children shall attend not less than 8 hours a week while employed or until age of 16 is reached. For minor's non-attendance, employment certificate shall be canceled. Employer must permit minor to attend. State and Federal funds as aid to district. Regulations by State Board for vocational educational. (Ch. 267, Laws of 1919.)

Redistricting Problems

On account of the death of the State Superintendent, W. H. Clements, I could not get answers to the questions before this. I shall try to be prompt in this matter. I like this way of doing because what one person does not understand is pretty sure to be a debated subject with others. Under the rulings of this office, Inavale would be entitled to vote on the question of consolidation, since it is organized with only three members on the Board under Article 14. This will be done upon a petition of 25 per cent of the school electors. The entire proposed district will be permitted to vote at this election. A district could not consolidate with another except in the regular way. It will be necessary for all the together. There is no provision for any district to act separately, either for or against consolidation. JOHN SPEEDIE, Dep. State Supt.

J. M. Matzen, former county superintendent of Dodge county, has been appointed to fill the place left vacant by the death of Mr. Clements.

Optimistic thought those who travel lead more than life.

YOU'LL DO WELL TO BUY A SUIT OR OVERCOAT NOW FOR YOUR PRESENT AND FUTURE USE! —we do not know how prices will be next Fall but indications are that they will be high. Hart, Schaffner & Marx Suits and Overcoats, and other reliable makes at prices that are cheaper now than many of the reduction sale prices you see advertised in the larger centers. SUITS \$20 to \$55 OVERCOATS \$18 to \$45 To clean up our SWEATERS we will give 20 per cent off on everything except the Jerseys and Tom Nye's. This will include boys and mens. Here is a chance to SAVE SOME MONEY. Remember, your money back if not satisfied. W. G. HAMILTON CLOTHING COMPANY

KNIT GOODS OFFERINGS It will mean a BIG SAVING to you to buy your Sweaters, Caps and Scarfs now as wools will be no cheaper. Every indication points to higher prices.
