

Big Land Sale Extraordinary!

THREE FARMS AT PUBLIC AUCTION

10:00 A. M. **FRANKLIN, NEBRASKA** EACH DAY

MONDAY-TUESDAY, MARCH 15-16

The Louisville Real Estate and Development Co., as agents for Mr. R. E. Holland, will sell his entire estate at Public Auction, on March 15 and 16th, Monday and Tuesday, promptly at 10 a. m. each day. This comprises the three farms and personal property as outlined below; Mr. Holland in retiring from active business life, thought it best to dispose of his entire holdings in this manner and the public is indeed fortunate to have a chance to buy this valuable property at what they choose to pay for same; this is a positive sale without reserve or by-bids and regardless of price--the only kind this company participates in, so it behooves everyone to attend a sale of this kind and take advantage of whatever opportunity that may present itself.

This entire property is located excellently, two farms having a long frontage on the wonderful Sunflower Trail, the best road in Franklin county, also within the shadows of the beautiful town of Franklin, which has recently taken great strides towards a bigger and better city, having commenced an up-to-date sewerage system and shortly to install a "white way" along its business section. This in itself bespeaks progress and should indeed prove an inspiration to any prospective settler besides living in a community whose citizenship is unsurpassed by any.

Here is a farm cut into smaller tracts that should appeal to the most modest investor; liberal terms will be announced the day of the sale at which time far sighted persons will take advantage of this opportunity. In buying smaller tracts of land, which at the present time should appeal to the retiring farmer or business man desiring more than a mere building lot, several things should be considered. Here you would have a good garden spot, cows and chickens, a desirable building location one one of the best roads in the county and close to one of the coming towns of the state with excellent market facilities, schools and churches of several denominations; the people make a community and its citizenship is unsurpassed by any. Many a man retiring from active business life make a grave mistake by sitting down and doing nothing which is diametrically opposed to the plan of being happy, as idleness breeds unhappiness, and unhappiness breeds disease, and disease death. So live an open air existence that army life proved was the best and at the same time deal the old "high cost of living" a knockout blow.
