**Groceries That Satisfy**

*In Quality and Price!*

That's the kind you'll find in our store We don't consume large amounts of ad space, spasmodically, telling you about big bargains in special lines—sold at and below cost—because every merchant must derive a certain percent of profit on the goods he sells if he expects to pay interest on his investment and remain in business.

During our many years in the grocery business we have found that the average customer prefers high quality groceries at honest prices to inferior brands at "below cost" price.

Our guarantee of satisfaction stands behind the merchandise we sell. You take no chances when you trade with us.
