In the matter of the estates of Joseph H. Baker and Alice H. Baker, deceased.

To All Persons Interested In Said Estate.

Notice is hereby given that Anna A. Linderman has this day filed a petition in the County Court alleging that Joseph H. Baker died intestate, a resident of Webster County, Nebraska, on the 27th day of December, 1908, seized in fee of the following described real estate, to-wit:

Lots 24 and 25 in block 1, Kaley and Jackson's addition to Red Cloud, Webster County, Nebraska, of the value of \$300.00 and that it was the homestead of the decedent; that Alice H. Baker, was the widow of the decedent, never re-married, and departed this life March 26, 1920, intestate, a resident of Webster County, Nebraska. Wherefore your petitioner prays that said estates may be probated as one estate, that the premises be declared of less value than \$500.00, and exempt from creditors' liens, and a decree entered determining heirship to said premises.

It is therefore ordered by the court that said petition be heard before the court at the county court room in the city of Red Cloud, Nebraska on the 7th day of May, 1920 at the hour of 10 o'clock a. m., when all persons interested may appear and show cause why the prayer of the petition should not be granted.

Dated this 8th day of April, A. D. 1920.

Nebraska Apportionment for Interchurch Movement

Nebraska has been called on for more than \$3,500,000 as its quota of the financial program of the thirty church denominations which make up the Interchurch World Movement. The figures have just been made public by W. A. Luke of Lincoln, State Campaign Director for Nebraska. Nebraska's quota for the churches is practically a duplicate of the War Work Fund raised in this state. The raising of this sum will be undertaken in a united, simultaneous campaign from April 25 to May 2. The entire sum to be raised in the United States during the same period, and for the same thirty religious denominations, is \$336,777,572.

The exact amount called for in Nebraska by the churches taking part in the Interchurch World Movement, is \$3,731,752.55, but this sum includes the \$700,598 already raised by the Methodists in their Centenary Movement. All of this money is not expected to be subscribed by the church members and the church-going people. A portion of it is to be asked from the non-church going public and from business concerns which have for years reaped the benefits of civilization brought about by the churches, but which never have been called upon to help "foot the bills."

"No one church can go to this friendly public and ask for money, but the combined churches can make an appeal which will be listened to," says Director Luke.

The City of Omaha is expected to subscribe just about \$500,000 and Douglas county, outside of Omaha, is being asked for about \$85,000. Lincoln, the second largest city in the state, has a quota of practically \$100,000, while the quota of Lancaster county, outside of Lincoln, is about \$60,000.

In making the announcements of the quota for which Nebraska has been called upon, Director Luke said: "In presenting the budget the Interchurch World Movement asks nothing for itself. All of the expenses incurred will be paid by the co-operating agencies, and the Interchurch World Movement is merely the servant of all."

"The budget represents an earnest attempt on the part of thoughtful Christian men and women to make a study of the world's needs as viewed from the standpoint of the co-operating churches and to lay these needs upon the minds, the hearts and the consciences of the people of America, thus placing the responsibility where it belongs—upon the shoulders of the individuals who make up that element of our Republic who believe that the security of our democratic foundations has been because they have rested upon the Christian home, the open Bible, the free school and the free church."

The purposes for which the Interchurch fund is to be expended are: Foreign Missions, \$107,661,488; Home Missions \$109,949,037; American Education, \$78,837,431; American Religious Education, \$5,931,925; American Hospitals and Homes, \$5,116,465; American Ministerial Pensions and Relief \$20,510,299; miscellaneous, \$8,770,927.

In announcing the details of the financial program, Mr. Luke said:

"The raising of this \$3,731,752 in Nebraska has been equitably and justly distributed among the counties. The state officers have made quotas for the different counties on a fair basis. The counties will make quotas to the communities, and the communities will raise the funds through an organization made up of a number of divisions. Each local church will maintain its identity and be a unit in its denominational division. A Citizens' Division will canvass the non-church-going public in each community while the church members will be called upon by the committees from their own churches."

To the Voters of Webster County:

You will find my name on the ballot

as candidate for the republican nomination for state representative for the 46th district, Webster county. I have been a resident of this county continuously since 1873, and for forty-four years resided on the same farm, three miles east of Cowles. I am the candidate of no special interest or organization but will endeavor to represent all of the people of the county, keeping in mind the best interests of the county as a whole. I have had a large experience both as a farmer and business man, and believe that this will be of great advantage in dealing the numerous questions that always arise in endeavoring to legislate for the best interests of the county and state. I am a member of the Farmers' Union and believe in co-operation. I regret that the weather and condition of the roads have made it impossible to make a tour of the county as planned, consequently it is necessary to take this method of soliciting your support at the primaries and asking you that everything you do for me will be appreciated.

Yours truly,

R. B. THOMPSON.

"What We Did in North Dakota We Expect to Do in Nebraska"

The farmers and business men of North Dakota have paid heavily for President Townley's experiment in turning a sovereign state into a soviet province. A score of Non-Partisan League organizers are driving over Nebraska preaching the gospel of discontent and urging men who are too busy to think to elect legions to the next legislature.
