

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

THE WORK IN PATERNALISM

Policy of Adopting Orphaned Children is Arousing Interest All Over the Country.

A total of three French war orphans, two girls and a boy, had already been assured of adoption in the American Legion's campaign for continuation of the late A. E. F.'s overseas paternalism, by contributions received at national headquarters of the Legion up to the close of business of May 25.

MISS LULA B. VIZE, Member Headquarters Staff.

The forty-two members of the national headquarters staff of the Legion contributed \$150 for adoption of the first two orphans, and the American Red Cross will be asked to select for them a boy and a girl waif as mascots for the next year or more. Miss Lula B. Vize, a member of the headquarters staff, assisted in raising the money for the orphans.

The first post to send in its \$75 contribution to the fund was Karl Ross post No. 16, Stockton, Cal. In a letter of transmittal, Ted Cloudsley, a member of the post and editor of the San Joaquin Legion, official American Legion newspaper of San Joaquin county, Cal., writes in part:

"We were told that there was a wide range of choice for us, so I hope you can secure as our war orphan a little Alsace-Lorraine girl of from six to ten years whose father was killed in battle. You see, we have a big post here and a big twice-a-month newspaper and such a little orphan would suit the boys best because of the sentiment attached.

"Please be sure that we receive the little one's picture and address. We will put her picture in our publication and would like to have her write to us. At Christmas time, too, we will be able to remember her."

THE RETURN OF THE DEAD

Red Cross Will Send Advance Notification of Arrival of Bodies From Over There.

The American Red Cross, as an especial courtesy to the American Legion, hereafter will send advance notification of the arrival of the bodies of American soldiers from overseas to posts of the Legion in towns and cities in which reinsterment is to be made.

The Red Cross home service in each community will receive notice from Hoboken and in turn notify the relatives of the decedent and inform the Legion. Information will be received in time for local posts to make arrangements for the reception of the bodies and to provide for the formal honors due their dead comrades. Where there is more than one Legion post in a community, the county headquarters of the Legion will be notified, that it may designate the post or posts which shall render the honor.

Attends Vocational Conference.

At the request of Uel W. Lamkin, chief of the division of rehabilitation of the Federal Board for Vocational Education, Gerald J. Murphy, national vocational officer of the American Legion, was designated by the national commander, Franklin D'Olier, as the legion's representative to attend a recent conference of the board's district vocational officers at Washington, D. C., recently. The legion has inaugurated a plan of co-operation with the federal board, extending to each of the more than 9,000 posts of the organization in every state and community throughout the United States and many foreign countries, by which thousands of disabled ex-service men are being rounded up and gotten into immediate training every week. Plans for continuing the campaign until every pending case is definitely settled and all eligible persons are receiving the vocational training to which they are entitled, were laid at the conference.

Who Gen. George Crook Was.

The latest issue of The Crook Whizz-Bang, published spasmodically at Chicago by Gen. George Crook Post No. 434, American Legion, contains an interesting biographical sketch of the military leader of Civil War fame after whom the post is named. "He fought the Indians tooth and nail as commandant of the departments of the Platte and Arizona," the article reads. "His last official duties were performed as head of the Department of Missouri."

Will Erect Memorial Building. Riggs-Hamilton Post No. 20 of Russellville, Ark., is planning the erection of a \$75,000 memorial building, \$50,000 of the amount being already subscribed. The post has 150 members.

SERVICE RECORD OF NATION

City, County and State Histories Will Afford Voluminous and Valuable Data.

If the present progress in making county and city and state war histories is maintained, there will be a vast library of local "who-was-who in the war" books by the year 2020.

Not only are towns, counties and states preparing their own war histories, but colleges and schools of all kinds also are getting up collective service records. Large industrial concerns are doing the same thing.

Best results in history making seem to have been achieved in counties, where the records of the county draft board served as a starting point and where all other sources of information have been utilized. Livingston county, Illinois, furnishes a typical example of a county which has been painstaking in its effort to compile a reliable war history.

A committee of seven was appointed in this county to have charge of the soldiers' and sailors' record. Before the records of the local exemption board served as a starting point and where all other sources of information have been utilized. Livingston county, Illinois, furnishes a typical example of a county which has been painstaking in its effort to compile a reliable war history.

A questionnaire then was mailed to each service man or woman. Follow-up letters were used to insure the return of the questionnaires. The questionnaires had spaces for practically all the information which appears on the soldier's discharge certificate and for many other details, such as citations in full and special honors. A special section will be devoted to the records of those who died in service. Their photographs will be included.

LAUDS SPIRIT OF MEMBERS

Hilton Brown, Jr., Post No. 85, of Indianapolis, Composed of Union Men, Applauds Expose.

The Hilton U. Brown, Jr., Post No. 85 of the American Legion at Indianapolis, composed mostly of members of organized labor, recently adopted the following resolution:

"WHEREAS, Several members and prospective members of the Hilton U. Brown, Jr., Post (No. 85, Indiana) American Legion, have been asked by outsiders to drop their membership in the legion or to refrain from making application for membership because of the imagined incompatibility of membership in the legion held simultaneously with membership in a labor organization; and

"WHEREAS, Most of the members of the aforesaid post are also members of labor organizations in the printing trades; and

"WHEREAS, It is fair to assume that they have been able to find out by experience whether there is anything in the oath or obligations of either their union or the legion which in any way interferes with or compromises the objects of the other in its particular field of activities; and

"WHEREAS, The members of the aforesaid post regret the credence given to false rumors that the legion is in any way committed to a policy at variance with a cordial and wholesome attitude toward all staunch American citizens eligible to membership;

"THEREFORE, Be it Resolved That the Hilton U. Brown, Jr., Post (No. 85, Ind.) American Legion, condemns the miscreants who have falsely defined its attitude toward free thought and free action within the limits of the law, and applauds the spirit of its members and prospective members who exposed the insidious practices of anti-American agitators and stood on the rights of free men."

Father is Appreciative.

A striking tribute to the Legion's humanitarianism was recently paid by J. J. Gater of Clarksburg, W. Va., in an address at exercises under the auspices of the Parrish post of that city. Mr. Gater told how his son contracted tuberculosis in the service and was discharged and sent to his home in a dying condition. The Legion's service division at national headquarters took charge of the case obtained proper medical treatment and compensation and back pay. "Today, through the efforts of the American Legion," the father said, "my son is living and everything is in as good condition as could be expected. Any movement that has for its object the extending of the helping hand to comrades in need is a noble and worthy movement." The address was published in full in the Potters Herald, official journal of the National Brotherhood of Operative Potters and East Liverpool (O.) Trade and Labor council.

Retaliation!

Passing through a military hospital a distinguished visitor saw a horribly wounded private from one of the Irish regiments. "When are you going to send 'um man back to the States?" he inquired. "He ain't going back to the States—'e's goin' back to the front," an orderly informed him. "Back to the front?" exclaimed the visitor. "But, man, he's in awfu' shape!" "Yes," replied the orderly, "and h' thinks he knows who done it."

Burglary is Not Profitable.

When one reads in the paper an account of a burglary where the thief succeeded in securing \$5,000 to \$10,000 worth of jewelry, one is apt to think that the spoils were probably worth the risk, but investigation has shown that thieves never realize anything like the full value of their plunder. In England it was discovered that out of 463 burglaries reported in various parts of the kingdom the proceeds netted the principals an average of about \$75 each. The value of the plunder was many times that figure. In addition to this, each one of the number had been sent to jail for his crime.

Malice. "College professors," said President K. C. M. Sills of Bowdoin, "can be very malicious at times. Two professors were talking the other day over their luncheon. False Claims.

WE hope there is no Mother who thinks she can treat her sick baby without calling in a Physician, or with remedies that she uses for herself.

Most Mothers know that Baby requires remedies especially prepared for babies, yet there are some who think that what is good enough for them is good enough for Baby, and it is to these Mothers we appeal to give nothing to their babies that is not specially prepared for babies or recommended by their Physician.

False claims may kill, but false claims can never restore your child.

For over thirty years Fletcher's Castoria has been aiding in the reduction of the deaths among infants, as Mothers have become more and more acquainted with it. Always keep it in the house.

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants. Your druggist may not keep an imitation but they are to be found on drug-store shelves. Reliable druggists think only of the welfare of their customers. The other kind only of the greater profit to be made on imitations.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.
