Sadly Incomplete.
 A deed dated March 15, 1807, recently recorded on Long Island, conveys "the Valentine farm on the highway leading from Jamaica to Great Plains on the Jericho turnpike, thence to the highway leading from Little Plains to Rocky Hill, including the buildings, orchards, gardens, meadows, commons, seedlings, trees, woods, paths, water and water courses," but gives no other description of the property or any indication of its size, and nobody knows what it is.
Benefit in Joy Giving.
 When you once get started in joy giving it's easy to keep it up. The fact that you give joy brings candidates for your magic touch constantly before you. The returning benefits of having given joy keep your supplies with the means of joy giving. So you just direct the ever enlarging stream that through you ministers to your fellows. And your own joy increases with each new expression of your good will. The joy giving habit grows upon you and you would be perfectly miserable without the chance of helping others to happier days. It's real joy.—Gritt.
Auto Accident Injures Driver
 A serious auto accident occurred west of the limits of this city Sunday evening which resulted in the injury of the occupants, as well as totally demolishing the car.
 John Baker and Chester Wilson, two young men residing north of Inavale had attended the Chautauqua and were enroute home. Baker was driving, and as the story goes attempted to pass another car while traveling at a high rate of speed. When he turned out of the road to pass the car he ran into several large pieces of concrete—crossings removed when the paving was put in—scattered along the road side. Wilson escaped with but a few minor scratches and cuts, while Baker was quite severely cut about the face and his shoulders received cuts and bruises. He was brought to the rooms over the Cook drug store and rendered medical attention. He was removed to his home Tuesday.
 The car was a new Dodge owned by Baker and judging from its appearance is a total wreck. How the young men escaped death is nothing short of a miracle.

SERVICE—That Counts. We Know Tires And Adjust Them When You Bring Them In.

Locals Defeat Legioners
 A traveling base ball team headed in Red Cloud, as per schedule, yesterday and met the home boys on the local diamond, and played a real interesting game, defeating the visitors by a score of 5 to 4.
 Things looked doubtful for the locals until the last half of the ninth inning when they registered four scores and tied the game and again in the tenth they landed one more man safe on the home plate giving them the game.
 It is needless to say that the boys are feeling joyous over this victory as the theory had been advanced that their opponents were real fast ball players. The lady on first base attracted considerable attention throughout the game as she played the position to perfection.
 Last Sunday's game with Inavale resulted in the locals being defeated by a score of 13 to 7. Thirteen innings were played.
 Sunday next Red Cloud will go to Republican City and play the team of that place.

OUT IN FURNAS COUNTY
 For the first time in history the Nonpartisan League has invaded Furnas county and there the doctrine is being preached by Rev. J. L. Beebe, a pastor of Red Cloud who deserted the pulpit to join the ranks of Townleyism.
 Rev. Mr. Beebe is said to have had something of an up-hill climb in convincing the farmers of Furnas county that it would be for their interest to tie up with the league. At numerous places where he has spoken, farmers have insisted upon being shown The New Nebraskan.
