Looking for Satan.

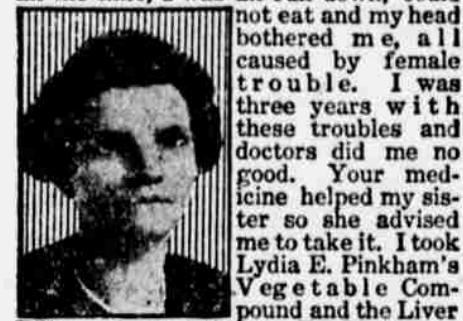

When I was a small girl I heard a good deal about the devil, and my curiosity was keenly aroused. One day my grandmother took me to town on a shopping expedition, and suddenly missing me, she looked back. There I was, sprawled face downward on an iron grating in the sidewalk, anxiously peering through the bars. On being questioned, I announced that I wanted to see Satan. (I had always been given to understand that the infernal regions were under the earth.)—Chicago Tribune.

A little whistle is soon tooted!

BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 418 Jacksboro St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

Stock Raising in Western Canada

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising Horses, Cattle, Sheep and Hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms

Farm Land at \$15 to \$30 an Acre

—land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

SAYS PILES ALL GONE AND NO MORE ECZEMA

"I had eczema for many years on my head and could not get anything to stop the agony. I saw your ad and got one box of Peterson's Ointment and I owe you many thanks for the good it has done me. There isn't a blotch on my head now and I couldn't help but thank Peterson, for the cure is great." Miss Mary Hill, 420 Third Avenue, Pittsburgh, Pa.

"I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the piles seem to have gone." A. E. RUGER, 1227 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum, chafing and all skin diseases. 50 cents. Druggists recommend it. Mail orders filled by Peterson Ointment Co., Buffalo, N. Y.

TAKEN UNDER LEGION'S WING

More French Orphans Added to List to Receive Aid From Posts and Individuals.

Adopted During Week Ending July 10, 1920:

Sergt. Floyd C. Holub post, Milwaukee, Wis., 1
Star Post No. 127, Jamesburg, N. J., 1
"Member" Milton Post, Milton, Mass., 1
Previously Adopted 6
Total 9

Three more French war orphans have been taken under the Legion's wing by contributions of \$75 each from two posts and an individual "member" of another, as listed above. The anonymous donor, in his letter transmitting a check which will care for one of the fatherless waifs a year under the Legion plan, says he "would be glad to have the privilege of being an adopted father another year if necessary."

The New Jersey post forwarded its contribution to the Legion's national treasurer, Robert H. Tyndall, through Thomas Golding, state adjutant, and expresses no preference as to the sex or age of its prospective protege.

R. L. Jones, adjutant of the Milwaukee post, writes:

"At the last meeting of the post, the membership unanimously decided to adopt a little French orphan and would prefer a little girl. I am instructed to request of you, if possible, the little girl's picture and also her name and address in order that we may keep in touch with her from time to time.

"Luckily, there is a member of our post who is able to read and write French and therefore will have no trouble in corresponding with the little girl."

Advices from France are that 3,000 children, the keenest sufferers in the after-the-war distresses of the country, are threatened with actual want. Many were once the wards of A. E. F. outfits.

Posts of the Legion, or individual members or friends, may adopt a French war orphan for at least one year, contributing seventy-five dollars for the first year's support. The moneys assigned will be either orphans or the children of permanently disabled French veterans.

All of the money contributed will go to the child. The Red Cross bears all expenses of administration.

GIVES ACRE TO KANSAS POST

President Elgin Chapter, Red Cross, Makes Valuable Donation in Heart of Oil Fields.

An acre of ground at Elgin, Kan., donated by Mrs. Margaret Gunn, president of the Elgin chapter of the American Red Cross, to the Luther S. Hankinson post of the Legion, may prove an unusual asset and make the post the most independent, financially, of any in the Legion. The land is in the heart of the Kansas oil fields. Wells have shot up all around it, and by sinking a shaft near the clubhouse it may be that the lucky Legionnaires will find themselves in possession of something mighty similar to a gold mine.

The post is the first one in Kansas to actually finance, build and equip its own clubhouse. It has only 135

members, but State Adjutant Frank E. Samuel corroborates its claim for a place on the Roll of Honor, Class A, since its members have enrolled all but two ex-service persons in the entire community.

The clubhouse was built "barracks fashion," at a cost of only \$5,000, and contains a kitchen, dining room, billiard, reading and writing room, a gymnasium and a dance hall.

The post has a thriving unit of the women's auxiliary, many of the members of which donned the garb of Campfire girls and participated in the recent Decoration day ceremonies of the community.

MILLER DID GOOD SERVICE

Chairman of National Legislative Committee Who Has Resigned, Proved Value to Legion.

The recently announced retirement of Thomas W. Miller of Delaware, as chairman of the National legislative committee of the American Legion, gives an opportunity of recounting the efforts by which one individual has done much to make the Legion what it is today.

Mr. Miller served as chairman of the committee for a full year. It was under his direction that such generous results were obtained as the passage of the Sweet and Darrow bills for betterment of the condition of the disabled ex-service men, and such marked progress was made in placing so thoroughly before congress the claims of all ex-service men for just compensation. All during last summer and autumn Mr. Miller handled alone all Legion legislative matters at Wash-

ton, and before the Minneapolis convention he had succeeded in obtaining from congress an incorporation of the American Legion. In September he was joined by the other members of the legislative committee provided for by the convention.

Because of the pressure of his private business, which is the reason for Mr. Miller's retirement from this highly important Legion post, he placed his resignation in the hands of Mr. D'Olier, the national commander, as early as last spring. At that time, however, he was prevailed upon to remain at his post until congress adjourned, because his committee was in the midst of its fight for legislation for the disabled and for congressional consideration of the four-fold optional plan of adjusted compensation.

John Thomas Taylor of Washington, D. C., a member of the committee since November, has been appointed chairman to fill out Mr. Miller's unexpired term.

Although Mr. Miller is only thirty-three years old, he has an unusual background of army service and experience in public life. He enlisted in the army as a private and came out of it a lieutenant colonel. Although he had attended the first Plattsburg school, he was unable to obtain admission to the first officers' training camp after war was declared because of a physical handicap. He was a first lieutenant before going overseas with the One Hundred and Fourteenth Infantry of the Twenty-Ninth division with which he served in France. He first became conspicuous in public life as the youngest member of the Sixty-Fourth congress, having been elected at the age of twenty-seven. Before that he had been secretary of the state of Delaware at twenty-six.

HOT ON BERGDOLL'S TRAIL

Effort Will Be Made to Have Alleged Slacker's Aero Pilot's Certificate Cancelled.

Grover Cleveland Bergdoll, arch-slacker and fugitive from justice for whose apprehension rewards aggregating \$5,058 have been offered, holds pilot certificate No. 169 in the Aero Club of America and representations for its cancellation will be made at once. It was announced at Legion national headquarters recently.

The first intimation that Bergdoll held a license in the club was contained in a letter to Lemuel Bolles, national adjutant of the Legion, from Kenneth W. Haltz, a member of Frank Luke, Jr. post, American Legion, of Phoenix, Ariz.

Mr. Bolles has written, in part, as follows:

"I have no hesitancy in expressing my conviction that, as soon as the facts become public, there will be an overwhelming sentiment among Legion members and the public generally for the cancellation of Bergdoll's certificate with the least possible delay. Personally, I consider his retention of the certificate, under present circumstances, would constitute a grave insult to the memory of our heroic aviator comrades who gave their lives to uphold the honor of the flag which Bergdoll and his kind would delight in desecrating.

"I trust national headquarters will be advised shortly Bergdoll's name has been stricken from the rolls of your estimable organization and that one more substantial black mark has been chalked up against this slacker's name."

ACCUSED COP HAS THIEF AS WITNESS

Brings in Burglar to Prove He Was Off Duty When Crime Was Committed.

Brooklyn, N. Y.—Patrolman Thomas Schultz of Brooklyn, charged with having "failed to discover and prevent a burglary on his post," brought a burglar into the trial room at Brooklyn police headquarters to prove the crime was committed when he (Schultz) was not on duty.

"The burglary was committed at 5:20 a. m., said Schultz. He had already stated that on the day in question he had received permission to leave post at five o'clock so that he could prepare for the police parade.

"How do you know it was committed at that time?" asked Deputy Commissioner Faurot.

"I have the burglar here to prove it," calmly returned the policeman.

The deputy commissioner was somewhat taken aback. He directed the burglar to come forward. He said he

was Benjamin Rockhower, living on Bushwick avenue, Brooklyn. He admitted that he and two others had entered the drug store at 839 De Kalb avenue on the morning in question and had stolen a quantity of alcohol. He was sure it was 20 minutes after five. How did he know? He observed the time on a clock in the drug store. Commissioner Faurot reserved decision.

FAT POLICEMAN SHOWS SPEED

Clad Only in Nightshirt He Pursues and Captures Two Thieves in Canadian Town.

Winnipeg.—Chief W. A. J. Baker, for 15 years the entire police force in the town of Selkirk, near Winnipeg, does not appear to have been built for speed, but when it comes to rapid mobilization for a war on crime there isn't a policeman in Canada who can beat him.

Chief Baker, who tips the scales at 268 pounds, demonstrated his speed one morning recently when a couple of yeggs from Winnipeg attempted to rob a Selkirk store. Townspeople were awakened at about three o'clock by the sound of running footsteps on the main street. Those who peeked out behind their chief tearing down the middle of the thoroughfare, wearing only a nightshirt and a ferocious expression, close on the heels of two sprinting youths.

A few moments later, Chief Baker retraced his steps, short of breath, but wearing a smile of triumph. Each hand clutched the collar of a thief.

LIVES WITH BOTH SPOUSES

Uses Pretext of Business to Explain Absence From One While Living With Another.

Baltimore, Md.—A confession that he has two wives and that he has been living with both since marrying the second a year ago is said to have been made by John W. Turner, thirty-six years old, of Baltimore, Md.

The self-confessed bigamist married Miss Jennie Crim in Baltimore in 1902 and they have a child thirteen years old. A year ago Turner married Miss Sallie Frazier, eighteen years old, of Prestonsburg, Ky., while on a trip in that state.

Turner took wife No. 2 with him to Baltimore and since that time has been living with both wives. He would leave one on a pretext of business to visit the other in another part of the city.

Half-Mile Under Ground, Lightning Strikes Mirror

Clearfield, Pa.—A miner half a mile under ground was badly injured by a bolt of lightning recently. Ahmar Whitsell, the miner, was leaning on an iron rail. A bolt of lightning followed the rail into the mine, shattered the shovel and threw the miner to the ground. Rendered unconscious, Whitsell was badly cut.

BIG CROPS ASSURED IN WESTERN CANADA

Need of Farm Labor Urgently Required for Harvest.

Rains of the past week which have been general throughout all portions of Western Canada, covering MANITOBA, SASKATCHEWAN, and ALBERTA, have placed beyond all manner of doubt the certainty of vast grain crops throughout the entire district.

Reports from all points indicate marvelous and rapid growth. The conditions of a week or so back, which were decidedly less promising and led many to think that there might be a partial failure, have disappeared altogether and now there is a wave of optimism circulating throughout the entire country.

In 1915 there were enormous yields reported from all parts, and it would appear now as if in many places the yields of 1915 would be equaled if not beaten.

What might appear to be a drawback, is the apparent shortage of farm help. The Province of Manitoba through its Employment Bureau in Winnipeg, is asking for 10,000 harvest hands and over, offering from \$5 to \$6 per day. The Province of Saskatchewan is asking for 15,000 extra hands to take care of the immense harvest that is certain to be reaped in that Province. In Alberta the crop area is somewhat less, the labor conditions somewhat better, and is making a request for 5,000 extra farm hands.

Interviewing the officials of the different Governments, they are inclined to the opinion that as the crops in Kansas, Nebraska, South Dakota, Illinois and other Central States are harvested there will be a movement northward that will materially help to take care of the labor situation. With the low railroad rates that may be secured on application to the Employment Offices at Winnipeg and at boundary points, or which may be secured through the Canadian Government Offices at Chicago, Ill.; Detroit, Mich.; Milwaukee, Wis.; Kansas City, Mo.; Omaha, Neb.; Des Moines, Ia.; Watertown, S. D.; St. Paul, Minn., and Grand Forks, N. D., will give to those seeking employment the opportunity to reach the harvest fields at a low cost.—Advertisement.

MUST STRIVE FOR IDEALS

Highest Type of Citizen is He Who is Always Able to See Better Things Ahead.

No citizen will ever come fully into his own until he strives to reach a high ideal. The boy who is satisfied to pamper himself in the hope of reaching the top by magic is doomed to failure. The exceptional happens sometimes. Usually the man who rises is the fellow who dares work and wait and strive against odds. He must not be satisfied with attainment, however complimentary it may be. There are always better things ahead if he is willing to strive for them. He will rise as he adds intelligence to vision, sympathy to character and selfmastery to both. Then he will crown the ideals with faith in God and its resultant faith in his fellow men. He will believe in himself enough to dare the limit and try a dozen times to redeem former failures. He is a citizen who looks upon failure as opportunity and makes them stepping stones to power. The biggest business in the world today is the making of citizens. And the nation with the best citizens will rule the world.

The Mercenaries.

Brander Matthews, the famous critic, discussed at a Columbia tea the American short story.

"The American short story would be better," he said, "if the American short story writer were less mercenary. I'd like him to think more of beauty and less of cash."

"A short story writer read me of his tales the other day. It wasn't bad, and I told him so."

"I like the thing," I said. "It's realistic."

"The short story writer beamed.

"Realistic!" he cried. "That's the word I want to hear. And how much, Mr. Matthews, do you think it will realize?"

Some men aren't even four-flushers. They're trying to draw to three cards of a suit.

Nervous Spells—Near Heart Failure E tonic Stopped It

Mr. C. B. Loats, writing from his home at Lay, Md., says, "I had been taking medicine from four specialists, but believe me, friends, one box of E tonic has done me more good than all the remedies I have ever tried. I was in awfully bad shape. About half an hour before meals, I got nervous, trembling and heart pressure so bad I could hardly walk or talk. One box of E tonic stopped it."

E tonic quickly produces these truly marvelous results, because it takes up the poisons and gases and carries them right out of the body. Of course, when the cause is removed, the sufferer gets well.

Everyone that wants better health is told to have just a little faith—enough to try one box of E tonic from your own druggist. The cost is a trifle, which he will hand back to you if you are not pleased. Why should you suffer another day, when quick, sure relief, is waiting for you? Adv.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

SPOT DREADED BY SAILORS

Goodwin Sands, Off English Coast, May Well Be Called Graveyard of the Ocean.

Goodwin sands on the English coast, that have a dread record running back to the tenth century, if not further, have a traditional and historical interest, long before the unstable sands became the terror of navigation and the bane of lighthouse builders. They have defied to this day every effort to establish a light. The place was once terra firma, an island with the soft-sounding name Lomea, the property of Earl Godwine—hence Goodwin. By its position, at the entrance of Dover strait, the islet was subject to furious attacks by the sea, and money was regularly set aside to keep up the fight. But tradition has it that the fund was diverted from this purpose to the erection of a church at neighboring Tenderden and, during subsequent terrible storms, the island of Lomea was overwhelmed and its emplacement transformed into the most deadly dangerous spot on the Kentish coast. It was there that during a terrific hurricane in November, 1703, no less than 13 war vessels went down in one of the greatest marine disasters of all time.

Hopefulness, patience and hard work is a combination that difficulty cannot down.
