Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

No More Misery After Eating

Just Takes An Eatonic

"The first dose of Eatonic did me wonders. I take it at meals and am no longer bothered with indigestion," writes Mrs. Ellen Harris.

Thousands of people, like this dear lady, gratefully testify about Eatonic, which does its wonders by taking up and carrying off the excess acidity and gases which bring on indigestion, heartburn, bloating, belching and food repeating. Acid stomach also causes about seventy other non-organic ailments. Protect yourself. A big box of Eatonic costs but a trifle with your druggist's guarantee.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZGERALD, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(© 1920, Western Newspaper Union.)

LESSON FOR OCTOBER 24

WHAT THE KING REQUIRES.

LESSON TEXT—Matt. 6:1-48.
GOLDEN TEXT—Be ye therefore perfect, even as your Father which is in heaven is perfect.—Matt. 5:48.
ADDITIONAL MATERIAL—Lev. 19:18; Deut. 6:4, 5; Luke 6:20-38.
PRIMARY TOPIC—What the Heavenly Father Wants Us to Be.
JUNIOR TOPIC—What Jesus Wishes His Followers to Be.
INTERMEDIATE AND SENIOR TOPIC—Measuring Up to Christ's Standard.
YOUNG PEOPLE AND ADULT TOPIC—The Character Which Jesus Requires.

The so-called "Sermon on the Mount" is the king's proclamation of the laws which obtain in his kingdom. These laws do not set forth terms of salvation to sinners, but the principles of life which shall obtain when Christ reigns on earth.

1. The Characteristics of the Subjects of the Kingdom (vv. 1-12).
These characteristics are set forth in the nine Beatitudes.

1. The consciousness of utter spiritual poverty (v. 3.) "Poor in spirit" does not mean to be without money (Isa. 66:2), but to come to the end of self in a state of absolute spiritual beggary, having no power to alter one's condition or to make one's self better.

2. A profound grief because of spiritual insolvency (v. 4).
3. A humble submission to God's will (v. 5). The outgrowth of mourning over spiritual insolvency is meekness.

4. An intense longing to conform to the laws of the kingdom (v. 6).
5. Merciful (v. 7). The subjects of the kingdom now take on the character of the king.

6. Purity of heart (v. 8). Since the king is pre-eminently pure, the subjects who enjoy fellowship with him must have heart purity.

7. Peacemakers (v. 9). The one who has received the peace of God through Jesus Christ will diffuse peace to others.

8. Suffering for Christ's sake (v. 10). The world hated Christ, the king, therefore those who reflect his spirit in their lives shall suffer persecution (II Tim. 3:12).

9. Suffer reproach (v. 11). This means suffering falsely. In such case we should glory in it, for it brings great reward in heaven.

10. The Responsibilities of the Subjects of the Kingdom (vv. 13-16).
Man is corrupt, and the world is in utter darkness. The disciples of Christ are to live such lives as to purify and enlighten. Their responsibilities are set forth under the figures of salt and light.

1. Salt of the earth (v. 13). The properties of salt are (1) penetrating; (2) purifying; (3) preserving. Since salt only preserves and purifies in the measure that it penetrates, so Christians only as they enter into the life of the world can preserve it from decay.

2. The light of the world (v. 14). Light illuminates and warms. This world is cold and dark. The devil has set many pitfalls and snares. As sons of the light we should live so as to prevent the unwary from stumbling and falling.

III. The Laws of the Kingdom (vv. 20-48).

1. As to deeds of righteousness. They must exceed that of the scribes and Pharisees.

2. As to sanctity of life (vv. 21-26). "Thou shalt do no murder," means more than simply to refrain from the taking of life. Rash anger is heart murder (v. 22).

3. As to organized life (vv. 27-32). The family is the unit of society. There is no sin that so rots society as that against the relation of the sexes. The two awful sins against the family are (a) adultery (v. 27-30), (there is heart adultery as well as heart murder); (b) divorce (v. 31, 32). Moses, for the hardness of the hearts of the people, permitted a man in case of adultery to put away his wife and give her a bill of divorce.

4. As to oaths (vv. 33-37). Speech is the absolute test of character. Whatever is more than the simple form of affirmation or denial comes of the Devil.

5. As to behavior toward those who do not recognize the laws of the kingdom (vv. 38-48). (1) Not revenging (v. 39, 40); (2) willing to do more than is required (v. 41); (3) charitable (v. 42)—even the borrower should not be turned away; (4) love toward enemies (vv. 45-48). Love to enemies consists: (a) in blessing them that curse us; (b) in doing good to them that hate us; (c) in praying for those who spitefully use us.

God is Everywhere.

Let us remember that God is at the seashore and in the mountains just as much as he is in our home town and in our home church. We need to resist the devil of license which is always whispering his evil insinuations into the ears of people away from home. We need religion just as much in summer as we do in winter, perhaps more. So when we are away from home let us not neglect our Bible, and our daily prayer, and attendance upon the house of worship whenever possible.

RAG OF CLOTH MURDER CLEW

Clutched in Hand of Slain Girl, It May Lead to Tracing Murderer.

HAD FOUGHT SLAYER

Indications That Young Woman Had Battled Hard for Her Life—Man's Broken Watch Chain Also Found Near Body.

New York.—The body of a beautiful and well-dressed woman was found in a clump of bushes on the Palisades near Cliffside, N. J. She was between 18 and 20 years of age.

A few feet from where she was found was evidence that she had fought a desperate battle with the slayer.

The victim was identified by William F. Ehrmans of New York City as that of his 20-year-old daughter, Florence. He said she had been missing from home for several days.

Clutched in her hand was a fragment torn from a dark blue coat, supposedly worn by the man who attacked her.

Hanging on a trampled group of ox-eyed daisies was a man's watch chain. Her right hand was covered with blood. This watch chain is closely guarded by Acting Prosecutor Charles J. McCarthy of Bergen county, New Jersey, as the likeliest clew to the young woman's murderer.

Has Peculiar Links.

It is eight inches long, with a round gold buttonhole bar and three small rings at each end, and at the other a round catch connection with another chain. The links are rolled in a peculiar fashion.

Near the chain was found a yellow comb. County detectives believe that in her death struggle the young woman tore the comb from her assailant's lapel. The ground showed that the body had been dragged six feet from where the struggle took place.

A little boy, Louis Di Schascio, son of a Cliffside Park contractor, playing in the bushes, found the body. He told Policeman William O'Brien.

An examination by County Physician William E. Ogden disclosed that the young woman's skull was fractured.

Dr. Ogden said that her assailant must have been infuriated during his attack. The front part of the skull had been badly battered, probably with a stone, while the back of the head had been split by contact with a rock.

There were many indications that the young woman had stepped from

an automobile shortly before the attack. She was not shod for walking through rough ground.

HAD LAIN SEVERAL DAYS

Opinions differ as to how long the body had lain where it was found. The county authorities thought that it had been there for a week or more. Private physicians figured the time at two or three days.

The place where the body was found was an undergrowth of bushes in a vacant block. The body was found in a small clearing. The nearest house is 200 feet away.

In a small clearing were found signs of the struggle and a patch of dried blood fifteen inches in diameter. In this spot the comb, shoes and watch chain were found.

The bushes showed that the body had been dragged from one cleared plot to the other. Both cleared patches, residents of the neighborhood said, were much frequented by picknickers. They thought that picnic parties had been in both patches.

Sunflower on Maple Tree.

Middletown, N. Y.—In the yard of Mrs. Mary G. De Witt here is a sunflower growing out of the trunk of a large maple tree, some distance from the ground. The plant has a stem three feet long and a flower in bloom the size of a saucer.
