THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

BLACKLEDGE

It is a Webster County Proposition

There are two District Judges for this (10th) district to elect this fall. Webster County is entitled to one of them.

Webster county has never had a District Judge and the north side of the district has had the judge for 20 years. It is our turn now, especially since there are two judges to elect.

For the convenience of the people one of the judges should be located on the south side of the district. That is right and fair.

The south side counties have united on Lewis H. Blackledge, Lawyer of Red Cloud, for judge and he is the only candidate from the counties of Franklin, Harlan and Webster.

It is a benefit to our county to have the judge located here. Much business comes before the judge outside of the regular terms of court. It brings outside people and business to our county.

Terms of court could be held when needed and the court business disposed of without delay, thus promoting justice and saving expense.

It will help reduce taxes as the jury could be called only when necessary and excused promptly when there is no work for them to do.

A home man can attend to these things better than an outside man.

Every voter here can help Webster County, and help his own interests as a citizen and taxpayer by voting for Blackledge for District Judge.

It is well known that he is fully qualified by education and long experience as a lawyer to fill the position, his standing is high as a lawyer and citizen and by voting for him you are supporting a home man and your home county, and your own home interests.

Let's make it unanimous for Webster County, Red Cloud, Nebraska.

TO THE VOTERS OF WEBSTER COUNTY

There has been several false reports circulated over the county as regards my administration as Commissioner. One of these is that I did not exert all possible influence in order to have the federal aid road come closer to Bladen. To any one acquainted with the facts they know that I was completely overbalanced in this matter by the other members of the Board and State Engineer. Another that I was the cause of valuation on real estate being raised 35 per cent and that my opponent, Non-Artisan League candidate, Mr. Stumpenhorst, appeared before a Board of Equalization at their regular meeting in June with a petition signed by the voters to have the valuation reduced to present valuation. Mr. Stumpenhorst did appear before the Board, asked for reduction on improvements on the place on which he lives on the grounds that they were assessed too high by the precinct assessor. These improvements couldn't be replaced by double the amount they were assessed for, herefore the Board of Equalization rejected his request.

True copy valuation of all the precincts in the county of the year of 1916 and 1920 furnished to Board of Equalization at their meeting for that purpose in June by County Assessor:

Precinct	1916	1920
Guide Rock	\$44.83	\$55.24
Garfield	40.55	49.80
Line	37.35	56.00
Walnut Creek	39.59	47.70
Inavale	37.75	52.13
Red Cloud	46.80	58.77
Pleasant Hill	39.81	52.97
Cowles	42.80	54.85
Beaver Creek	49.94	64.59
Stillwater	51.92	62.75
Batin	43.84	52.50
Catherton	47.05	58.57
Elm Creek	46.00	59.21
Harmony	47.20	58.99
Glenwood	64.77	77.88
Potsdam	57.50	72.57
Oak Creek	49.20	60.00
Average	\$46.71	\$59.70

Assessment of 1920 was reduced 10 per cent by the State Board of Equalization on the amounts given here.

As a member of Webster County Board I always have performed a duty within the limits of the law and will do so if the voters of the county see fit to elect me to that office.

JAS. HUBATKA,
Member of Webster County Commissioners.

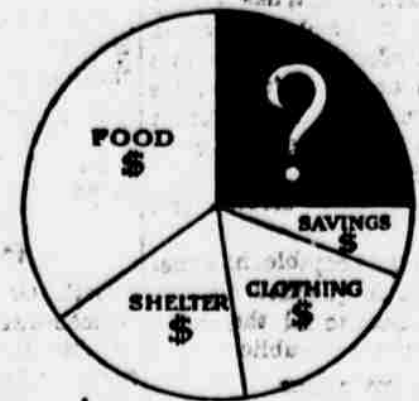

Needles of Ancient Days.
The needles that have come down to us from ancient Egypt are very coarse, but it is certain that finer needles must have been made to make the delicate embroidery produced by those people. Judging by the descriptions of embroidery in Homer, the Greeks also must have had very fine needles.

Sirius is Some Speeder.
Sirius, our brightest star, is called a fixed star, but it appears to move about an inch in a century, which means, considering its distance from the earth, that it is moving at the rate of 1,000,000 miles a day.

Mr. and Mrs. Bishop of Fairbury are visiting their daughter, Mrs. Marion Bloom.

Mrs. Ernest Welsch returned home Thursday from Hastings where she attended the Rebekah state convention.

School Days

Are again at hand and with them come the usual cares and worries for mother—hustling to get the kiddies off to school each morning. Sometimes in the haste other household duties are forgotten, preparations for the noonday meal forgotten. But don't let that worry you—phone us your wants or have the "kids" stop in and give us your order and it will receive the same careful attention as if you had personally made the purchase.

GIVE US AN OPPORTUNITY TO SERVE YOU
IF YOU DESIRE QUALITY AND SERVICE
