She—I told you yesterday that I would not marry you.

He—I know. That's why I ask you again today. You would not be so lacking in originality, I hope, as to repeat today what you said yesterday?

GREEN'S AUGUST FLOWER

A Marvelous Remedy for Indigestion.

Those who suffer from nervous dyspepsia, constipation, indigestion, torpid liver, dizziness, headaches, coming up of food, wind on stomach, palpitation and other indications of disorder in the digestive tract will find Green's August Flower a most effective and efficient assistant in the restoration of nature's functions and a return to health and happiness. There could be no better testimony of the value of this remedy for these troubles than the fact that its use for the last fifty-four years has extended into many thousands of households all over the civilized world and no indication of any failure has been obtained in all that time. Very desirable as a gentle laxative. Sold everywhere.—Adv.

The Windup.

At a school examination the examiner asked one child:

"What are the products of our Indian empire?"

The unhappy infant began nervously to reel off the list she had got by heart:

"Please, sir, India produces curries, and pepper and rice and citron and chillis and chutney, and—and—and—and—"

"Yes, yes," said the examiner impatiently. "What comes after all that?"

Another infant's hand was raised.

"Well, you tell her what comes after that?"

"Please, sir, India-gestion."—London Tit-Bits.

No Wonder Mona Smiled.

If Whistler's conceit was a pose he assumed it quite early in his career. We are told that as an art student he used to copy famous paintings at the Louvre, and on one occasion a brother artist came upon him as he was finishing a copy of "Mona Lisa."

"You've done a fine thing there," said the other.

"Yes, I'm quite pleased with it," agreed Whistler, and then in his quizzical way he added, "I wonder what they'll do with the poor old original, now?"—Boston Transcript.

Financially Speaking.

"Honest, old man, you appear to be growing shorter."

"No wonder. Three times I've been let in on the ground floor of oil propositions, with the usual results."

A man so soon begins to get up in the world that some woman calls him down

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists!—Adv.

Mike Was Stupid.

Mike Boylan, who for quite some time has tried to keep the news in newspaper, acquired quite some kid a short time back who seems to have inherited the inquisitiveness of daddy.

Mike had been away doing some publicity work for a certain party and when he returned essayed to tell the kiddie all about it.

"And did you ride in a train," asked the youngster.

"Of course I did," said Mike.

"And did you see the ears of the engine?" persisted the child.

"Of course not," laughed Mike, "engines don't have ears."

"Oh, yes, they do," retorted the child. "I've heard about engines lots of times."

American Companies Threatened.

Spain is one of the great iron-ore centers of the world, shipping ore heavily to other European countries, as well as to the United States, and while it has some large iron and steel works, its output of the finished product has never been commensurate with its ore developments. Now, however, there is a well-defined project of the Krupp's to set up a great branch at Bilbao, Spain, to manufacture agricultural machinery for the purpose of driving out of the market American companies who now have a large share of this business.

Air Propellers on Cars.

Before long we are likely to see many motorcars driven by air propellers like those of airplanes. Experiments are being made with such air-driven cars in Europe, and they are said to have worked out very satisfactorily. The power utilizable in this way for a vehicle on land is so great that it has been found practicable to run freight cars on railroads at high speed with an air propeller in front and another behind.—Kansas City Star.

Boasting.

In a foreword written for a recently published book on aviation, Viscount Northcliffe asserts that Great Britain is already ruling the air. English officials admit, however, that their air mail service does not show profits equal to those of the United States service.

A man who is satisfied with his job never reaches the top of the ladder.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. F. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.) (©, 1920, Western Newspaper Union)

LESSON FOR OCTOBER 31

HEW DOWN THE CORRUPT TREE —WORLD'S TEMPERANCE SUNDAY.

LESSON TEXT—Matt. 7:12-29. GOLDEN TEXT—Every tree that bringeth not forth good fruit is hewn down, and cast into the fire.—Matt. 7:19. PRIMARY TOPIC—Good Trees and Bad Trees. JUNIOR TOPIC—A Sharp Ax for a Corrupt Tree. INTERMEDIATE AND SENIOR TOPIC—The Fruit of the Liquor Traffic. YOUNG PEOPLE AND ADULT TOPIC—Complete Destruction of the Liquor Traffic.

The king having completed the enunciation of the laws of the kingdom, makes application as follows:

I. Entrance into the Kingdom Urged. (vv. 13, 14).

There are two ways only before each one—life and death, heaven and hell. The grand incentive held out is that it is the way to life. He just as plainly declares that the gate affording an entrance is straight and the way narrow. But while it is straight and narrow, it is an open gate, and all are invited to enter. Though the gate that leads to eternal life be straight and the way narrow in the beginning, it broadens out in every respect until the fullness of life is realized. On the other hand, the way which at first seems broad and pleasant becomes the way of the most abject slavery and limitation.

II. Warnings Against False Teachers (vv. 15-20).

1. Their real existence (v. 15). Ever since God has had a people, false prophets and teachers have appeared among them. That they appear everywhere need not at all surprise us, for Christ foretold that such should be the case (Matt. 24:11).

2. Their nature (v. 15). (1) They are hypocritical. The Devil does his most successful work by masquerading as an angel of light (II Cor. 11:14, 15). His ministers appear in this way and turn people from the narrow to the broad way. If the evil one would appear as he really is, his success would not be great. From the day when he appeared to Eve in the garden until this present time, his success has been due to his ability to deceive. (2) They are destructive. This is suggested by their being ravening wolves. It is when the wolf is in sheep's clothing that he does his most destructive work. It is so today. False teachers are doing their most deadly work while pretending to be loyal to the Bible and to Jesus Christ.

3. The unfailing test (vv. 16-18).

"By their fruits ye shall know them." Every tree bears its own kind of fruit. Nature is inexorable in her laws as to this. One may search the universe in vain for an exception to this law. It is equally true in the spiritual world. There is a vital connection between the faith of the heart and the fruit of the life. That which comes out in the conduct was first in the heart. A right heart is essential to right conduct.

4. Their ultimate end (v. 19). All false teachers shall be finally punished by being cast into the fire. Although God has infinite patience and bears long, he will see to it that this work does not go on forever.

III. The Dangers of Empty Profession (vv. 21-23).

1. Merely calling Christ "Lord" will not answer for doing his will.

2. One may even do supernatural works and not be saved (vv. 22, 23). Not all supernatural works are divine. There is a supernatural work of evil. It is the business of every believer to test the spirits (I John 4:1, 2).

3. Separation from God (v. 23). You may be a Sunday school teacher or preacher, and even perform many mighty works, as casting out devils, healing the sick, and yet hear from Jesus Christ, the King, the awful declaration "I never knew you, depart from me."

IV. The One and Only Safe Way (vv. 24-29).

1. Hear the sayings of Christ (v. 24). To do this you must give attention to reading the word of God. Avail yourself of every means at your command to become acquainted with God.

2. Do what Christ commands (vv. 24-29). One must put to practice Christ's teachings. Hearing and doing the teachings of Christ is building upon the solid rock, Christ Jesus, the Rock of Ages, is the only right foundation upon which to build. Such building can never be destroyed by flood and storm. Hearing and not doing Christ's sayings is building upon the sand, which in the time of the storm of God's wrath and judgment will be utterly destroyed. Obedience must follow hearing Christ.

A Prayer.

That it may please Thee to vent my affections from all things below; and to fill me with ardent desires after heaven; and finally to make me partaker of all Thy blessings and promises in Christ Jesus; I beseech Thee to hear me, Good Lord.—From Hele's Devotions.

Genius of Christianity.

It is the genius of Christianity to have transfigured sacrifice by displaying it to us as the reverse of the medal called love.—H. R. Haweis.

Mica Indispensable.

The main importance of mica in modern industry lies in the fact that it is one of the best nonconductors of electricity and is, therefore, indispensable in electrical engineering. On this account the British government took over part of the mica field in India and worked it as a state industry in order to make sure of having a constant supply.

"Is it improved?"

Not to Be Blamed.

The Housewives Burden

When a woman is almost distracted from overwork, her home is in disorder, crying children, and on top of all is suffering from backache, bearing down pains, or some other form of feminine ills, then she should remember that hundreds of women in just her condition have been restored to health and regained their youthful strength by taking Lydia E. Pinkham's Vegetable Compound and not rest until she has given it a fair trial.

Proof that it Restored the Health of These Two Women

Cairo, Ill.—"Some time ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me and I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly one grand medicine."—Mrs. J. R. MATTHEWS, 3311 Sycamore Street, Cairo, Ill.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep up. It strengthened my back and relieved me of the ill effect which so often develops at such times. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy, fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women 'take Lydia E. Pinkham's medicine and be strong.' I will be glad to have you use my name if it will be the means of helping any one."—Mrs. R. A. FAIRBURN, 606 Orchard Knob Ave., Chattanooga, Tenn.
