

What Do We Mean There's always room at the top

We put Spurs on the market with our eyes open. We knew "There was Room at the Top—for highest possible quality at lowest possible price"—and we said so in print.

And now Spurs are perched at the top—but we didn't put them there. Smokers did it themselves. You can't keep a good thing down—and it didn't take smokers long to discover that Spur had something they wanted.

What was it? Just that good old tobacco taste—that quality of bygone days. Spur's blend is choicest Turkish, fine Burley and other home-grown tobaccos—and it's *some blend*.

Now—how about smoking a top-notch cigarette?

Set this down, too! Spurs are crimped—not pasted. You'll see it in the seam of every Spur. You'll find it means better taste, easier drawing, slower burning.

balm as the said Association might grant. Consequently, Superintendent A. T. Holtzen, with the local foot-ball Captain, Howard Kaley, went up to McCook Tuesday evening, but proved themselves able to make settlement entirely different from these conditions. The game will not be forfeited but is to be played to the finish, and is to be continued where it was left off here, the ball to be placed by mutual agreement, two yards from Red Cloud's goal, and Barrett not playing.

McCook even consents to pay \$130 for expenses of the Red Cloud team to that city, which was accepted by our Superintendent and Captain, consequently, the game will be finished at McCook on Friday, December 3.

The expense of McCook's team coming down here is \$130.00 while the gate receipts last Friday were only about \$80.00, leaving the local team \$50.00 short and our boys getting their expenses paid by going to McCook, will assure them of not going in the hole still deeper and the present outlook is that the athletic fund this year will have a little balance left if the attendance at the Armistice Day and Thanksgiving games are what they should be.

Under this new contract for December 3, McCook agrees to forfeit the game to Red Cloud if the crowd does not stay off the field.

The game will be resumed with the old score standing—seven for Red Cloud and nothing for McCook.

CITY OF EVANSTON DEPARTMENT OF STREETS

Evanston, Illinois

ROBERT M. BROWN Commissioner

Our Street Department has in service five two-ton, Model "J" Ree trucks and one Model "S" Ree roadster.

The two trucks first purchased, equipped with Lee automatic side dump 3-yard steel bodies entered service April 2, 1918. One of these was wrecked August 8, 1918 and replaced August 24, 1918.

On July 26, 1918, our Special Garbage Truck entered service, equipped with a wooden body designed to carry 120 garbage cans of one cubic foot each.

On March 26 and April 9, 1919 two more trucks entered service. These are equipped with 3-yard Woods' hydraulic hoist rear dump steel bodies.

The roadster entered service May 14, 1918.

These trucks have hauled crushed stone, sand, cinders, ashes, rubbish and garbage continuously over paved and unpaved streets and alleys in all kinds of weather.

The consumption of gas and oil has been very low, the repairs small, and it coasts the results remarkably good.

I am told the Model "F" truck, in service from March 26, 1919, equipped with hand hoist rear dump steel body and operated by the Sewer Department is giving equally good results.

Signed ROBERT M. BROWN, Commissioner of Streets.

THE GAME TO BE
