### About Overdrafts

OVERDRAFTS are not good for you or the bank. There are plenty of reasons why you should not overdraw your account. You have no right to do business that way. It hurts your credit with your banker. An overdraft is in fact a forced loan without security. Your overdraft may sometimes be honored but it gets you in bad all over. Our bank tries to be accommodating but we do not desire overdrafts—unsecured loans that ruin your credit, injure your own standing and endanger the interests of our depositors. Don't overdraw.

WE HAVE AN INTEREST IN YOU.

### Death Calls Aged Lady

The death of Mrs. Caroline West, which occurred at her home in this city Sunday evening removed from our midst one of our most highly respected pioneer citizens. She had been in poor health for several months. The deceased was born in the state of Illinois, January 17, 1842. For many years she was a member of the Methodist church and also a member of the W. R. C. Her passing will be mourned, not alone by her immediate relatives but by her friends and neighbors as well, as during her entire life she was respected and loved by all who knew her. She leaves to mourn her departure from this life, one son, William of Republican City and one daughter, Mrs. Nellie W. Castor of Blackfoot, Idaho. Funeral services were conducted from the late home Tuesday afternoon, at two o'clock, in charge of Rev. H. W. Cope. She was laid to rest beside her husband who preceded her to the grave a number of years ago.

### Farm Bureau Notes

**SWEET CLOVER & SUDAN GRASS**  
It is getting near the time of the year when farmers are beginning to look around for sweet clover and sudan grass seed.

There has been some of this seed raised in the county this year. If any of the farmers have seed to sell, I would be glad to get a list of the amount they have, and would be glad to give them a price on what others outside the county have for sale.

This will enable me to get a line up on home grown seed, and if farmers wanting seed will make their wants known I will be able to put them in touch with farmers having seed to sell, and for what price it can be purchased.
