**The NEW EDISON**  
"The Phonograph with a Soul"

What Edison did  
during the War

THE official announcement is out.  
Ask us for your copy of "What  
Edison Did During the War." Write  
for it, if you can't call.

It tells how Edison left his home and  
business and went to sea, how Edison's  
"Yankee magic" foiled the German  
submarines.

The bulletin tells many other things  
Edison did while Chairman of the Naval  
Consulting Board. It explains how  
Edison kept the price of his phonograph  
at bed rock during an era of high costs  
and soaring prices. Since 1914 the New  
Edison has advanced in price less than  
15%—and part of this is war tax.

This bulletin also describes the Bud-  
get Plan, which makes it possible for  
every home to enjoy the benefits of good  
music without feeling the financial  
outlay.

**Interests in Revival Increases**

The special meetings being held at  
the Baptist church are gaining in in-  
terest and attendance. Last evening  
all but a very few of the seats in the  
main room were taken, and a number  
of chairs in the small room in the rear  
of the church were occupied. It is  
probable that in a few more days it  
will be necessary to open the gallery  
in the rear of the church that has not  
been used for years.

The simple but stirring Gospel truths  
as presented by Major White are pro-  
ving helpful to the hearers. People of  
all denominations are coming and  
helping with the services. The chorus  
choir, being led by Mr. L. L. Brandt, a  
former Hastings banker, has some of  
the leading singers of the city from  
the various church choirs, and is doing  
effective work. A solo was sung by  
Miss Ruby Koon last evening, which  
was greatly enjoyed.

The services will continue each even-  
ing in the Baptist church, except that  
next Sunday evening the Methodist  
church will be used, the Baptist build-  
ing being too small to hold the audi-  
ence that is expected. A cordial in-  
vitation is extended to all of the people  
to attend these services.

**First in Alfalfa Tonnage**

Nebraska now ranks first among all  
states in the raising of alfalfa, having  
displaced Kansas, the record holder for  
many years.

In Nebraska during 1920, the total  
alfalfa acreage was 1,232,947 as com-  
pared with 1,231,340 acres planted in  
Kansas, according to figures made pub-  
lic today by A. E. Anderson, of the fed-  
eral bureau of crop estimates. Ne-  
braska's production for the period was  
3,527,689 tons, while Kansas raised  
3,310,403 tons, the bureau's figures  
show.

The average yield per acre in Ne-  
braska last year was 2.86 tons while  
Kansas produced 2.71 tons per acre.  
The average yield per acre during the  
five-year period—1916 to 1920—was  
Nebraska, 2.73 tons, Kansas, 2.65.

Kansas, always a consistent raiser of  
alfalfa, had led Nebraska since 1909,  
when comparisons between the two  
states were first compiled. The yearly  
alfalfa acreage of each state has shown  
a steady increase since that time.

Following, in the order named, is the  
acreage ranking of the leading alfalfa  
states for 1920: Nebraska, Kansas,  
California, South Dakota, Oklahoma,  
Montana, Wyoming, Colorado and  
Idaho.—Tuesday's State Journal

Mrs. J. W. Auld returned home  
Thursday evening from Lincoln and  
Omaha where she spent a few days.

Mr. and Mrs. Clark Crow of Re-  
publican City spent Sunday in the  
city with her parents, Mr. and Mrs.  
Harry Stroup.

Mrs. Wm. Sunberry and children  
returned home Thursday morning  
from Republican City where they  
had been visiting her parents.

Work on the new Burlington all  
steel coal shed has progressed rapidly  
since the gang of men arrived here  
about a week ago. Nearly all of  
the frame of the structure is up. The  
men figure that if weather conditions  
continue favorable they should be able  
to complete it in about five weeks.  
The shed will be of the same type as  
the one just completed by them at  
Denver but a little smaller.

**CONDEMN HIGH PRICED  
STOCK FOODS**

**PROMINENT HOG RAISER SAYS  
PRICES CHARGED ARE UN-  
WARRANTED—MAKES HIS  
OWN HOG FOOD, WITH BETTER  
RESULTS**

"That he is through paying fancy  
prices for stock foods and hog reme-  
dies and that he is raising some of  
the best hogs placed on the market"  
was the statement made recently by  
E. H. Beckstead, well-known hog raiser  
and authority on live stock.

Mr. Beckstead's hogs are the envy  
of his neighbors, and have "topped the  
market" for several years in Iowa.  
He states that for years he bought  
high-priced hog foods and hog reme-  
dies, but he is all through paying ex-  
travagant prices for what he can  
make for himself. He states that  
what the hogs need are minerals, and  
tells the secret of his wonderful suc-  
cess by explaining that he takes about  
five pounds of ordinary mineraline  
(which is pure concentrated minerals  
and cost only a couple of dollars) and  
mixes same with enough bran or fill-  
er to make a hundred pounds. All  
hogs, and especially brood sows re-  
quire minerals as they keep them free  
from worms, and in the pink of con-  
dition, and are essential to the hogs  
growth and a well balanced ration.  
This inexpensive mixture placed in a  
sheltered box where the hogs can get  
at it when they need it, will produce  
far better results than any high  
priced so-called stock foods.

Send two dollars to The Mineraline  
Chemical Co., 1638 North Wells St.,  
Chicago, Ill., and they will forward  
you by prepaid parcel post, enough  
mineraline to make a full hundred  
pounds. (Adv.)

**HAS A SOLID FOUNDATION**

The best building conceivable if  
built upon a shaky foundation would  
certainly be a poor investment. That  
is also true of an organization which  
must be built from the ground up.  
The foundation of the American  
Farm Bureau Federation, which is  
the parent organization of the Ne-  
braska Farm Bureau Federation and  
the Webster County Farm Bureau, is  
the millions of individual farmers  
throughout the United States. The  
Bureau starts directly in the home  
and forms its structure right up  
through the precinct, county, state  
and national organizations. In such  
state organization there is unlimited  
power. But the individual farmer  
must remember that it is his individ-  
ual membership that is first needed  
in the foundation.

Mr. and Mrs. Harry Moede are the  
parents of a baby boy born Monday  
night.

Carl Jernberg returned to Akron,  
Colorado, Tuesday evening after  
spending a few days with his par-  
ents, Mr. and Mrs. P. A. Jernberg.  
His wife will remain here a while  
longer to visit relatives and friends.

**Estimate of Expenses for Webster Coun-  
ty, Nebraska for the year 1921**

I, B. F. Perry, County Clerk of Webster  
County, Nebraska do hereby certify that on  
the first regular meeting of the County  
Board of Commissioners of Webster County,  
Nebraska the following estimate of Expenses  
for Webster County for the year 1921 was  
made and adopted.

Soldiers Relief	\$ 300.00
Poor	4000.00
Assessors & Deputies	4000.00
County Attorneys Office	1500.00
County Board & Board of Equalization	5000.00
Books & Stationery	2000.00
District Court	5000.00
County Superintendent's Office	2500.00
Bladen Fair Association	800.00
County Highway Commissioner	1500.00
County Agents Office	3000.00
Incidentals	2000.00
Elections	8850.00
Bridges	38000.00
Roads	38000.00
	\$127,700.00

Witness my hand and Official Seal this 12th  
day of January 1921.

(Seal.) B. F. PERRY  
County Clerk.

**When Snow and Slush**

are quite the fashion in the North, balmy breezes, sunny  
skies, moonlit bays and tropical flowers are the fashion  
in the South, and those who have gone there are enjoy-  
ing all sorts of out-door recreation—luxuriating in the  
exotic atmosphere, unmindful of furnace fires, heavy  
wraps and the constant menace of catching cold. Those  
who bid farewell to the North at this time, return realiz-  
ing more than ever before the real value of a winter  
vacation in that romantic, historic and beautiful land  
South of the Mason and Dixon line.

Start right! Take a Burlington-planned trip—past inter-  
esting and celebrated places. Go through Kansas City,  
St. Louis or Chicago. Go one way and return another.

As soon as you decide the date on which you wish to  
leave, let me know, because travel is heavy down that  
way and I want to protect your comfort and pleasure  
by reserving proper sleeping car space in advance.

N. B. BUSH, Agent
