Burlington to Promote Courtesy of Employees

Long famous for employes and officials of more than ordinary courtesy the C. B. & Q. now has under way a campaign to impress all officers and employes who come into direct contact with the public, with the importance of treating the other fellows as you would like to be treated by them if your positions were reversed.

Commenting upon the subject, E. P. Benson, Vice President in charge of Operation, said: "In the management of a people requiring 600,000 employes, it is exciting too much that every one of them will be a 'perfect gentleman'. But we are determined that the percentage of 'perfect gentlemen' in our employ should be as high as we can possibly make it. The Burlington has no intention of knowingly and willingly continuing to employ a discourteous person."

A "boost the quota" message sent to employes by this official directs attention to the fact that: "There can be no question but that in our various capacities, we are in position to make or mar the reputation for courtesy and prompt service, so vital to successful dealings with passengers and shippers."

Courtesy costs only a little personal effort on our part, but it helps to spell prosperity both for the Company and its employes and sufficient increased appreciation from the public as a reward to repay us well, will be the reward for our thoughtfulness. And, as those who smile are more popular than those who don't, let us smile while we are about it."

Saturday evening was an evening to be long remembered by Fred Slaby as well as the members of the Senior class, as on that evening they were entertained by Mr. and Mrs. A. C. Slaby at their home, the occasion being the celebration of their son's nineteenth birthday. Members of the faculty were also present. Music, entertainment and games were enjoyed by all. A three course supper was served. Mesdames Kohnich, Merrill and George Kelley assisted the hostess.

POSTAL SAVINGS NEWS BULLETIN

The United States Postal Savings System is today marking its tenth anniversary by issuing a new postal savings card which will displace the 10-cent postal savings card which has been in use since the establishment of the System on January 1, 1911.

The new card will be furnished free of cost and when ten 10-cent postal savings stamps have been affixed to it will be accepted at any depository office as a deposit of \$1 or it may be redeemed in cash. The outstanding feature of the new card is the translation into twenty-four foreign languages of the statement that the faith of the United States is solemnly pledged to the payment of deposits made with the System.

The service was first established at forty-eight post offices, one in each state, on January 1, 1911, and, although hampered by many restrictions as to rate of interest and maximum amount allowed on deposit, it has shown remarkable progress. Postmaster General Burleson announces that the amount on deposit today is more than \$162,000,000 and its depositors have long since passed the one-half million mark.

As predicted by its proponents in the days before the passage of the original Postal Savings Act, our foreign born citizens have been the principal patrons of the System. Taught in their native countries to look to the Government to safeguard their savings, they naturally expect this Government to do likewise. In the present flood tide of immigration, each newcomer as he leaves the port of entry, receives a leaflet in his own language outlining the method of operation of the United States Postal Savings System and urging upon him the desirability of continuing in this country the practice of thrift which has been so necessary in the country he has just left. The Service is, therefore, one of the most potent factors in furthering the Americanization movement.

Many banks, usually savings banks, prior to the establishment of the System felt that the Postal Savings System draws its patrons not from depositors in established and well-conducted banks but from among those who otherwise would not place their money in any banking institution whatever.

The original act of Congress restricted the total amount to be placed on deposit at \$500 and the deposit of this amount was limited to not more than \$100 per month. Later the monthly limitation was entirely removed and the maximum amount increased first to \$1,000 and then to the present amount, \$2,500. Postmaster General Burleson, in the annual report just submitted to Congress recommends increasing the rate of interest to be paid depositors and action by Congress will, no doubt, be taken along these lines within the near future.

Mr. C. J. Platt Wins First Prize in the Movie Title Story Contest with The Following Story Made up from the First National Titles

UNSEEN FORCES from NOMADS OF THE NORTH send THE LOVE EXPERT to THE PERFECT WOMAN saying DON'T EVER MARRY whether from CURIOSITY or as A SPLENDID HAZARD.

Being HARRIETT AND THE PIPER is DANGEROUS BUSINESS but, whether YES OR NO it is WHAT WOMEN LOVE.

Even IN THE HEART OF A FOOL is knowledge that THE WOMAN GIVES be she THE BRANDED WOMAN or one with GOOD REFERENCE.

I'd rather be THE NOTORIOUS MISS LISLE on PASSIONS PLAY GROUND or even THE YELLOW TYPHOON in THE DEVIL'S GARDEN attracting THE MASTER MIND of OLD DAD than risk MARRIED LIFE with THE SCOFFER.

Being only THE WOMAN IN HOUSE defending THE FAMILY HONOR, living in PEACEFUL VALLEY 45 MINUTES FROM BROADWAY on the TOONERVILLE TROLLDY line and knowing THE TRUTH ABOUT HUSBANDS develops a HABIT for THE GREAT ADVENTURE.

In PASSION THE JACK KNIFE MAN marries POLLY OF THE STORM COUNTRY. Soon THE FIGHTING SHEPHERDESS comes demanding TWIN BEDS.

LOVE HONOR AND BEHAVE is MAMMA'S AFFAIR being for THE INFERIOR SEX. THE KICK IN HIGH LIFE and SOWING THE WIND belongs to DINTY who IN SEARCH OF A SINNER will GO AND GET IT.

This Trade Mark Is Your Guarantee of a Good Phatoplay and Remember that The Orpheum Holds the Franchise

State of Nebraska, Webster County, ss I, the undersigned, Frank Starr, Treasurer of Webster County, do swear that the above and foregoing report is true and correct to the best of my knowledge and belief.
FRANK STARR, County Treasurer.
Subscribed and sworn to before me this 24th day of January, 1921.
(SEAL) B. F. PERRY, County Clerk.

Exide BATTERIES

An Invitation

When your battery needs attention, to what kind of service station do you go? Do you get unprejudiced advice and skilled work?

Please realize that, no matter what make of battery you have, it will be given expert attention at our Service Station and made to last as long as possible.

Batteries are thrown away every day which our experts could economically put into shape to give efficient service.

No matter what make of battery is in your car, you will find it worth your while to get acquainted with our service. When your battery is truly worn out—and not before then—we will be glad to sell you an Exide, the long-life battery.

CONDEMN HIGH PRICED STOCK FOODS

PROMINENT HOG RAISER SAYS PRICES CHARGED ARE UNWARRANTED—MAKES HIS OWN HOG FOOD, WITH BETTER RESULTS

"That he is through paying fancy prices for stock foods and hog remedies and that he is raising some of the best hogs placed on the market" was the statement made recently by E. H. Beckstead, well-known hog raiser and authority on live stock.

Mr. Beckstead's hogs are the envy of his neighbors, and have "topped the market" for several years in Iowa. He states that for years he bought high-priced hog foods and hog remedies, but he is all through paying extravagant prices for what he can make for himself. He states that what the hogs need are minerals, and tells the secret of his wonderful success by explaining that he takes about five pounds of ordinary mineraline (which is pure concentrated minerals and cost only a couple of dollars) and mixes same with enough bran or filler to make a hundred pounds. All hogs, and especially brood sows require minerals as they keep them free from worms, and in the pink of condition, and are essential to the hogs growth and a well balanced ration. This inexpensive mixture placed in a sheltered box where the hogs can get at it when they need it, will produce far better results than any high priced so-called stock foods.

Send two dollars to The Mineraline Chemical Co., 1638 North Wells St., Chicago, Ill., and they will forward you by prepaid parcel post, enough mineraline to make a full hundred pounds. (Adv.)
