FARMERS DISCUSS MERITS OF FARM BUREAU MEMBERSHIP
Problems and questions of vital importance to the farm bureaus of the middle west were discussed by the Mid-West group at the regular meeting held at Lincoln, January 26th and 27th. The states represented were: Iowa, Illinois, Indiana, Michigan, Kansas and Nebraska. Elmer E. Youngs, president of the Nebraska Federation, was chosen as chairman of the meetings and Chas. R. Weeks, secretary of the Kansas Federation, secretary.

Closer co-operation between the farm bureaus and the department of agriculture was practically assured following a discussion led by Ivanhoe Whitted of Iowa, when a resolution was passed urging the need of an appropriation of sufficient volume to carry on the work of collecting, tabulating and disseminating statistical information so vital to the farmer, breeder and feeder.

Several farm bureaus have maintained statistical departments in securing data on live stock in the different states but the sentiment prevailed that such work was more or less a duplication of the efforts of the bureau of crop estimates. Members of the bureau of crop estimates pointed out that work similar to that undertaken by the farm bureaus had been planned by their department but they had been handicapped by lack of funds. The bureau was represented in the discussion by Frank S. Pinney, of Iowa, E. C. Paxton of Kansas, Geo. C. Bryant of Indiana, and E. A. Logan of Missouri.

Some criticism was made of the reports and bulletins issued by the department of agriculture. It seemed to be the opinion that the farmers were not securing practical benefit from them, chiefly through their own fault. It was suggested that the farm bureau establish some system of getting these figures and information to the farmers in a more practical form.

Progress of the legislative departments of the different federations was given by Howard Leonard, president of the Illinois Agricultural Association; R. Morrill, president of the Michigan federation; and C. W. Hunt, president of the Iowa federation. Mr. Morrill said that one of the first steps taken by Michigan was towards the maintenance of the state constabulary.

The question of membership fees brought out a varied opinion. J. M. Ryan, campaign manager of Kansas cited the mistake his state made when it inaugurated a \$1 member-

Nix on the
"Parley-Voo" stuff!

A FRIEND of mine,
WHO COULDN'T speak,
A WORD of French,
WENT TO Paris,
AND THE first time,
HE HAD to get
A HAIRCUT and shave,
HE PRACTICED an hour,
MAKING SIGNS,
IN THE looking glass,
SO THE French barber,
WOULD UNDERSTAND him,
AND THEN he went in,
AND WIGGLED his fingers
THROUGH HIS hair,
AND STROKED his chin,
AND THE barber grinned,
AND FINISHED the job,
THEN MY friend thought,

HE'D BE polite,
SO HE gave the barber,
AN AMERICAN cigarette,
WHICH THE barber smoked,
AND MY friend pointed,
TO HIS mouth,
AND SAID "Like voo."
AND THE barber roared,
AND SAID "You BET."
I USED to smoke 'em,
WHEN I worked,
IN INDIANAPOLIS,
AND BELIEVE me,
THEY SATISFY!"

HERE'S a smoke that talks in any
language and needs no interpreter.
Light up a Chesterfield, draw
deep—and more plainly than words
your smile will tell the world "They
Satisfy". It's the blend that does it—
and you can't get "Satisfy" any-
where except in Chesterfields, for
that blend can't be copied!

ship and later the benefits of the \$10
fee. Mr. Leonard said that \$10 may
not be sufficient, particularly if the
work of the farm bureau is to be ex-
tended in the future as it has in the
past. An \$18 or \$20 fee would not
be too high, he said.

In reviewing the work of the Fed-
eral Trade Commission, Mr. Hunt
made a motion that a committee of
three be named by the chairman to
go before the American Farm Bureau
Federation to have the commission
use its power in getting the cost of
production figures on manufactured
products where the raw materials
came from the farm. Chairman
Youngs placed Mr. Hunt of Iowa,
Mr. Morrill of Michigan and R. W.
Graham of Kansas, on this commit-
tee.

Proposed changes in the immigra-
tion laws came in for criticism. The
following resolution offered by Mr.
Morrill was passed without a dissen-
ting vote: Resolved, that we favor
restricted immigration and the as-
similation of carefully selected immi-
grants who declare their intentions
of becoming American citizens and
living as such.

**Notice to Owners
of Dairy Cows**

The Dairy Law of Nebraska requires that all cows from which any milk or cream is sold for consumption shall be tested at least once each year by an approved veterinarian. The only exceptions to this are in cases where milk or cream is delivered to a dairy where the product is properly pasteurized before it is sold to the public, or where the entire product of the herd is sold for manufacturing purposes.

Cow owners are urged to have this testing done during the months of January and February for the reason that more time is available, and when a number of cows are assembled at one time and place, reduced rates for testing will be made. The law provides this testing shall be done by an approved veterinarian and the following are the approved veterinarians in this district.

Dr. FRED M. RURST, Red Cloud
Dr. F. J. MAXWELL, Franklin

Arrangements should be made to have this testing done within the time specified, as the dairy inspector will check all cow owners are required to test. Attention is called to the fact the Dairy Law provides a penalty for failure to comply with the above provisions.
