### Injured in Auto Accident

Kearney, March 30—With Sheriff S. Fink at the wheel, a party composed of County Clerk G. E. Paaz, Henry F. J. Ainke, J. H. Moore, president of the American State Bank and J. McCune started for Lexington this afternoon to attend a Masonic meeting. One mile east of Odessa a blowout while traveling at a high rate of speed resulted in the driver losing control of his machine. It plunged into a ditch, turning over twice. All but McCune were thrown clear of the car. All but McCune were thrown clear of the wreck. The latter was caught underneath. He suffered a bad scalp wound, wrenched leg and possible internal injuries.—State Journal.

J. McCune is a son of Henry McCune of this city.

### Easter Cantata at M E Church

A large audience was present Sunday evening at the M. E. church to hear the community chorus give their annual Easter cantata. This year it rendered "The Easter Alleluia," under the direction of Mrs. F. R. Hughes, the music teacher of our public schools. The musical selections covered the story of Christ's life from the time of entering the garden of Gethsemane—His trial before Pilate—on the Cross, and including his resurrection and the women visiting his tomb on the early Easter morn letting the glad tidings be known, Alleluia! Alleluia! Christ, the Lord is Risen today.

The rendition of these beautiful scriptural songs was splendid. Many remarked of the great harmony and blending of so many voices.

Great credit is to be given Mrs. Hughes for her untiring efforts in practicing this chorus since New Years. Also the playing of the accompanist, Mrs. Ira Wagoner, was greatly commended.

The principal voices in solos, duets or quartets were: Mrs. Bush, Mrs. Bruce Eshelman, Misses Ruby Koon and Mildred Boren, Messrs. Cotting, Bush, Thomas and L. Wagoner.

Everybody loves good music. The audience attested to this fact as they were very attentive listeners to this inspirational service of song.

Music makes for a common understanding between bob and nabob.

With massed singing comes smiles, enthusiasm, new life interest, healthy exercise, fine mental drill and uplifting soul experiences. It is the preparation of the individual for larger expression of himself in his home, in his work and in his community. Anything that will promote that "larger expression" is a worthy force and should receive all the encouragement which it merits.

### Mrs. E. J. Overing, Jr. Answers Final Call

Mrs. E. J. Overing, jr., who had been in poor health for some time past gave up the battle of life and surrendered her spirit to its Maker Saturday morning, March 26th.

Johanna Van Pilsen was born in Pella, Iowa, November 22, 1875. She came to Nebraska and for several years was one of the most valued instructors in the city schools. During this period she won the friendship of a large circle of friends, among which was E. J. Overing, jr., whom she married in January, 1902. To this union were born three children, Ruth, Robert and Rachael. For nineteen years happiness reigned in the home and the circle of friends increased with each succeeding year, both the husband and wife unsparringly devoting their time and efforts to everything pertaining to the welfare of the community, as well as to the proper rearing of their children.

The passing of this beloved and highly respected lady is deeply felt by the entire community and the father and children have the sympathy of their many friends in this, the hour of their sorrow.

For many years they were members of the Congregational church of this city, both of them taking active interest in the Sunday School work. They were charter members of the Christian Science church, having assisted in the organizing of the same here some eight years ago.

Funeral services were conducted from the home Tuesday afternoon at 2:30 by the Christian Scientists, in charge of Mr. Bjorass of Lincoln.

### Webster County Places Gravel on Federal Aid Road

The County Highway Commissioner Overing has arranged for placing twenty loads of gravel on the State and Federal Aid road on the hills north of Cowles, where there has been some trouble with soft roads while the snow was melting. This difficulty will be overcome by making the solid foundation.

The village of Cowles is also graveling the road on the main street. The county crew are assisting with the big truck on the graveling of the Cowles job, and the men of Cowles are assisting in procuring the gravel for the Federal road, as it is impossible for the truck to go down into the pit. A new steel drag planer has been purchased to complete the equipment of the crew working west of Red Cloud.

It has been also planned to paint numbers on all the bridges and culverts along the Federal aid road in this county. The numbers will indicate the distance from the beginning of the road at Red Cloud. Thus if a bridge is marked 15.1 it will indicate that the bridge is located fifteen and one-tenth miles from Red Cloud.

It might be interesting to note that the Federal road from Red Cloud to the county line north of Blue Hill cost a total of \$101,000. Of this the county paid \$15,000 being the cost of the seven bridges, and the rest of the cost was paid by the state and the federal government. There are 88 culverts and bridges along the road.—Department of Public Works of Nebraska March Report.

## CHEAP ADVICE!

Advice is one of the cheapest things in the world. It's as free as the air. No matter what your troubles may be, just let it be known and advice will come piling in.

The old maid knows how to rear children, the bachelor knows just how a wife should be handled, and even a bald-headed druggist can sell hair tonic and get away with it. But the advice you seek, not the kind that is volunteered, is the kind you want. We are not a volunteer in the advice business. If you are a patron of our bank and ask advice on financial matters we will be glad to help you in any way we can.
