**DENTIST**  
Red Cloud Nebraska

**Farm Bureau Notes**

Some interesting figures from the Assessor's books:

Town.	No. Reg. Grade Cattle	Cows	Bulls	Bulls Died
Pleasant Hill	316	20	9	38
Line	432	26	13	51
Catherton	587	23	30	51
Red Cloud	817	21	31	132
Glenwood	629	25	38	14
Inavale	499	9	20	26
Harmony	570	14	36	89
Cowles	245	4	9	17
Guide Rock	624	8	24	
Walnut Creek	440	10	28	
Oak Creek	661	11	37	48
Potsdam	683	15	57	81
Batin	515	7	31	58
Beaver Creek	557	5	27	60
Garfield	459	4	24	82
Elm Creek	504	6	38	54
Stillwater	620	3	51	84
<b>Total</b>	<b>9219</b>	<b>211</b>	<b>513</b>	<b>875</b>

The above figures show Pleasant Hill and Line Township in the lead in using purebred bulls. This is due to the fact that there are more purebred cattle breeders in these two townships than in any other two townships in the county. This shows the influence a breeder of purebred livestock has on his community in better livestock for his community.  
According to these figures 30 percent of the bulls used in this county are registered. Of the 513 grade bulls one-half of these are eligible to register or a total of 65 percent bulls and leaving 35 percent scrub bulls, this is too large a percent of scrub bulls.

What is the cause of so many scrub bulls? We are satisfied that "price" is not keeping farmers from buying pure bred bulls, for purebred bulls can be purchased at normal sums.  
We believe it is a lack of understanding of the value of improved blood upon the part of men who keep scrub bulls. In many instances they do not have the desire for improving their conditions.  
No person ever made progress or improved his condition without an effort and well laid plans, this requires that and study which these men do not care to give.  
The man who owns a scrub bull should get rid of him and buy a real bull. There can be no price of ownership in a scrub; no stimulating desire for improvement; and no enjoyment in looking forward to the development of his progeny. The scrub has a little reward for the effort in caring for his get.  
The farmers who desire to do better, who wish to improve his herd never had a better chance to purchase a purebred bull at moderate prices than at the present time.  
HENRY R. FAUSCH  
County Agricultural Agent.

**SCHOOL NOTES**

(By County Superintendent)  
The last examination of the summer is to be given July 22 and 23. There are plenty of good teachers to be had from our own county and if these play out there are plenty of outside teachers to be had. No emergencies will be granted this year. To take a teacher that is not accredited will cause the loss of the state apportionment to the district concerned.  
The program of the examination is as follows:  
Friday A. M.—Algebra, arithmetic, civics, penmanship.  
Friday P. M.—Botany, agriculture, drawing, spelling, reading.  
Saturday A. M.—Geometry, theory and art, physiology and hygiene and English composition.  
Saturday P. M.—Music, geography, mental arithmetic, bookkeeping, history. Examination will also be given in the life subjects.  
I believe the following schools are not provided with teachers: 4, 5, 14 (want a high school teacher), 22, 25 (a grade teacher) 26, 29, 30, 36 (a grade), 37, 38, 39, 41 (high school and grade), 46, 47, 53, 55, 61, 65, 69, 72, 77, 80, 83, 84, 85 (a grade), 87, 51.  
Teachers' Institute will be August 10, 11, 12.  
Those that take the eight over must be sure that they will have enough on an average to pass if they are able to get as much as 90 or 95 in the one or at most two subjects that they take over. This will be given July 15, morning and afternoon. Morning subjects—Reading, physiology, penmanship, orthography, mental arithmetic, history, grammar. Afternoon subjects—Geography, English composition, arithmetic, drawing, civics, bookkeeping and agriculture.  
In the eighth grade examination the child must have an average of 75 with no grade below 60. To find the average add all of the marks together and divide by the number of marks, in this case 14.

Mrs. J. E. George and daughter, Miss Minnie, departed Friday evening for Los Angeles and other western coast cities where they will spend several weeks.

**We Pay More For Your Cream, Eggs and Poultry Than You've Been Getting**

Since the opening of Swift & Company's Red Cloud Station an advanced price has been set on CREAM, EGGS and POULTRY.  
**THERE'S A REASON**  
Swift & Company can pay you more because of the great facilities at their disposal for the marketing of these products. Their connections covering the entire United States enable them to dispose of your produce to the best possible advantage.  
**Swift & Company's Red Cloud Station** located just west of the Royal Hotel has all new equipment for testing your cream and giving you the best of service. **AND WILL PAY MORE MONEY** than you have been getting in the past.  
**W. A. KENT, Mgr.**

**Spend This Vacation in Rocky Mountain Estes Park (Colorado)**

The charm of this place is not to be catalogued—merely to breathe in the rare air, scented with the rich pine odor, is a healing delight, brings glow to the cheek and sparkle to the eye. Take the family!  
There, amid the peaceful beauty of its flower-crowded valleys and sun-lit peaks, its laughing waterfalls and virgin forests, you can settle down for a few blissful weeks to do just as fancy dictates—ride, climb, fish, golf, tennis, rest or just loaf to your hearts content.  
On your return stop off and enjoy Colorado's numerous varied and inexpensive side trips—to Colorro Springs, Manitou, Colorado Glaciers, Denver's Mountain Parks, Grand Lake, et al.  
Don't delay too long the matter of making arrangements for accommodations and be disappointed. If I can help you let me know When you are ready to start, the Burlington will take you there.
