**It is EASY to wash PYREX**

Nothing can adhere to its hard, odor-proof, grease-proof surface. It is easy to keep clean for it will not chip, craze, bend, dent or discolor and always remains new.

PYREX is the original—the first transparent oven-ware and is guaranteed not to break in actual oven-use.

PYREX is made in shapes and sizes for every practical baking purpose. It is a saver of time, fuel and dishwashing drudgery.

**TRINE'S HARDWARE**

**Mistaken For a Hold-up**

Dr. Fred Hurst has been brought to a realization of the extreme hazard under which a real highwayman operates. He was returning home Friday night and ran out of gas when about three miles from the city. Mr. J. C. Mitchell the jeweler happened to be driving out that way and Dr. Hurst tried to stop him with the idea of obtaining enough gas to get home. Mr. Mitchell however didn't understand the S. O. S. signal of the stranded doctor and thought it a daring attempt at highway robbery. Instead of stopping as the big figure in the darkness had suggested he stepped on the throttle and pushed on the steering wheel until Charles Huffer's place was reached. From there Marshal Doyle was called over the phone, that the holdup might be apprehended and the highway back to the city made safe for travel.

Officer Doyle secured Fred Slaby as an assistant and departed at a high rate of speed to the scene of disturbance. One tire came off and was lost in the mad drive but little things like that could not be allowed to interfere with the enforcement of the law at a time like this and was not noticed.

Dr. Hurst, not realizing that he was causing any excitement, saw the lights of Doyle's approaching machine and decided to stop them and ask for gas. As he stepped into the road Mr. Doyle who thought he was the bandit, commanded him to surrender and emphasized it by opening fire with a young cannon which he carries to encourage obedience to the laws of the land.

Mr. Slaby, who realized that it was the hold-up's turn to shoot, carefully secreted himself in the bottom of the car to await developments. Dr. Hurst although pleased at finding a car that would stop was quite alarmed at the unique reception he had been given. He realized that his mode of procedure had been wrong all the time. When "Doc" runs out of gas again he will no doubt leave the highway and go very cautiously to some farm house where if he isn't mistaken for a burglar and killed on the spot he may get help.

**Isaac Pierce Passes Away**

Isaac Pierce passed to his reward last Saturday evening at his home after suffering from heart trouble since early last spring. He was nearly 72 years of age and has been a resident of this city since 1908. The deceased was born in Tennessee. In 1870 he married Hannah J. Elgin and to them were born three daughters. The family lived in Iowa and later moved to Jewell county, Kansas. His wife and eldest daughter passed away after the family moved to this city. In 1900 he married Mattie Tubert who survives him. He leaves to mourn his death besides his wife two daughters, Mrs. Mary A. Roach, of Bartley; Mrs. Nora Bullock, of Esbon, Kansas; two brothers, George Pierce, of Union, Iowa and William H. Pierce of Oshtegan, Iowa.

Funeral services were conducted by Rev. Cope, from the Highland church in Jewell county, Kansas and interment made in the Stone church cemetery.

**355th Reunion**

The Society of the 355th Infantry, 89th Division, will hold its annual reunion at Grand Island, Aug. 30 and 31. The committee on reunion is working day and night arranging for entertainment and the two days are filled to overflowing with an elaborate program of sports, stunts and feeds. Approximately 800 of the boys are expected and already return cards are coming in at a rate which practically assures an attendance to exceed this number. All 355th men are requested to advise the committee at Grand Island that they will be present. This is for all men who served with the regiment in the states or abroad.

Mr. and Mrs. Sam Heaton returned home Sunday from Manhattan, Kansas where they spent a few days with Mr. and Mrs. Ray Heaton.

**COUNTY COMMISSIONERS MAKE 1921 LEVIES**

Red Cloud, August 10, 1921  
The Webster County Board of Equalization met as per call of the Clerk at 9 o'clock a. m. with all members present.

A certificate was on file with the County Clerk showing that the State Board of Equalization in equalizing the state as between counties had reduced all farm land and improvements, (outside of incorporated cities and villages) in Webster county by 6%. The above reduction having already been made in the County Clerk's office the 1921 valuation for taxation purposes was found to be \$27,542,231 actual value.

A certificate was also on file with the County Clerk from the State Tax Commissioner certifying that the state levy for 1921 was 3.3 mills.

On motion the following levies were made on the actual value of all real and personal property for School and Bond purposes for the various school districts of Webster county for the year 1921:

**Mr. Farmer:**

We have always dealt with our patrons in a fair, square, open and above board fashion, giving you the best possible price for your produce and selling you goods at the lowest possible margin of profit.

**We believe in "putting all the cards on the table"**

Our competitors have advanced the price of cream five cents above the station price in order to attract attention to this particular item, using this as a bait to get your business coming their way after which the price can easily be adjusted to normal.

**We pay you as much as you can get any where**

By mis-leading advertisements you might be lead to believe that our competitors are paying more for your produce than the Farmers Union, but this is not true—WE POSITIVELY PAY YOU AS MUCH AS ANY BODY and what profit we make is paid back in dividends. It is a splendid idea for the farmer who has had any differences occur in his tests, to weigh his cream before he takes it to a station. It is possible for an advanced test to be given by deducting from your weight, which is very misleading to the patron.
