## I ought to know I grow tobacco

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.
