Cunningham was one of the leaders of the chase which captured Wesley Everesey, ringleader of the radicals. The state turned to Cunningham as special prosecuting attorney in the ensuing trials of the murderers.

In the court proceedings, which held he attention of America for eight weeks, Conningham was pitted against the best legal talent that the national organization of the I. W. W. could muster. Cunningham was victor, however. The radicals were convicted and a year later Cunningham won again, when the Supreme court upheld the

#### HOW THE SERVICE MEN STAND

Checking Up at Washington by Legion Reveals That Many Members Are in Limelight.

When President Harding replied to Representative Lamar Jeffers, Alabama, and the legislative committee of the American Legion that there were no ex-service men of outstanding qualifications to be members of the American commission to the international disarmament conference, there was a checking up in Washington to determine how service men stand in the eyes of the American electorate.

A statement later issued by the Legion showed that the President appointed an ex-service man as secretary of the navy and another assistant secretary. His alien property custodian was in service during the war. The assistant postmaster general is an exservice man. An A. E. F. veteran is hend of the national budget. The President confided the task of organizing the new veterans' bureau to a former soldier.

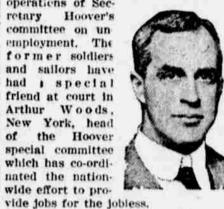

The public has elected 26 men who served either in the army or the navy to the house of representatives and two to the senate. In nearly a dozen states service men are the governors. Eight members of Secretary Hoover's national committee on unemployment were ex-service men.

#### HELPS TO FIND EMPLOYMENT

retary Hoover's committee on un employment. The former soldiers and sailors have had | special friend at court in Arthur Woods. New York, head of the Hoover special committee which has co-ordinated the nation-

vide jobs for the jobiess. As a special assistant secretary of war in 1919, Mr. Woods rendered distinguished service in organizing and directing a national bureau for the establishment in civil life of service men. In that work he built up an organization whose activities encompassed the nation and proved his ability to get on with and understand men. Mr. Woods formerly was police commissioner of New York, and was the first chairman of the American Legion's national Americanism commission.

More than \$,500,000 Allied veterans now have assembled under the leadership of the inter-allied federation, and a meeting of the allied soldiers of all countries will be held in Paris soon. Representing American ex-service men, the Legion will send a strong representation to the conference.

Bertrand served as an infantryman in the French army from the beginning of the war to its close. He was wounded several times and severely gassed, and his company was replaced with fresh drafts on thirty different occasions, so disseminated was it in the flerce engagements into which it was thrown. #### SCHEMES TO COLLECT DUES

Novel Methods Are Being Employed to Induce Legion Members to Pay 1922 Assessment.

Novel means employed by American Legion posts to get in membership dues early in 1922 are causing comment in every community where a post is located, according to reports to Legion national headquarters in Indianapolis.

Around the top of the list is the story from South Dakota. A post is offering each service men who pays his dues before a set date a biscuit baked by the newest bride in the post women's auxiliary. Three of the biscuits being distributed contain cash prizes in coin-\$20, \$10 and \$5 in gold. The biscuits may not be broken open until the night of the post banquet when they will serve as cards of admission. Early recipients of biscuits declared they could not judge from their weight whether they contained gold pieces or bricks.

Out in Kansas a post gave its finance officer carte blanche in collecting 1922 dues early. A few mornings later Legionnaires were being routed out of bed at 4 a. m. by members of the committee who refused to let the slumberer go back to bed until he had paid up. The various state departments of the Legion are in a hot contest for the honor of being the first to send in the complete dues of the membership.

After she had passed most of last summer in government hospitals and recreation camps entertaining sick and wounded men, Miss Gould informed the legion that on her theatrical tour of the winter she would give her services free to legion posts in all the towns she visits. Many posts are availing themselves of the opportunity to have a stage star feature their amateur theatricals for the benefit of needy and disabled service men.
